Holbeck Convenience Store

To Whom It May Concern
I am writing to strongly object the above property being granted a Liquor Licence.
It's believed to be applying for a Liquor Licence in the Name Lyndsey Jones, Although I know the property and shop owners name to be [redacted] I'm also aware that [redacted] has traded in illegal goods previously in which have resulted in Trading Standards being involved. Which is why I believe he is applying in the above females name. I work every day [redacted] to the shop in question and know 100% this lady named above does not and has not worked there.
Understandably trading in illegal under the counter goods at a lower price effects honest hard working families like mine, in which potential customers seek the lower albeit illegal goods elsewhere, leaving traders like myself to loose out.
We've owned our shop for the past twelve years, two of which we've traded as an Off-Licence from a Newsagents and have seen a rapid decline in this area.
Her are some valid points I would like you to consider before deciding on this application.
1.There is two Hostels in Holbeck, which I know house recovering alcoholics and ex sex offenders.
2. There is an obscene amount of prostitutes that work up here and live in Holbeck, many try and buy beer from us daily which we refuse, subsequently many are now permanently barred for even trying!!
3.There are a lot of crimes I've witnessed whilst working up here in Holbeck over the years, fired by alcohol.
4. There's a possible risk in the increase of underage drinking, I'm aware some shops up here tend to not abide

the law in sales of Liquor. It's in high Demand in Holbeck to say the least!

5. The drunks up here are a public nuisance and are forever being asked to move on by the police and be moved from sleeping on the park benches opposite from my shop.

I strongly feel it would be irresponsible to allow yet another alcohol premises to trade here in Holbeck.

I'm 100% sure if you contacted the local police station and our local councillor you would receive the same objections from them.

I've also attached with my letter, a petition against the above shop being granted a Liquor Licence.

Your Sincerely
Mr Kalay

To Whom It May Concern

I would like to object to Holbeck Bargain Store on Top Moor Side in Holbeck LS11, being granted a Liquor Licence.

We feel it would only encourage more alcoholics to the already increasing amount in this area.

Holbeck over the years has a growing amount of prostitutes that reside and work in this area, who are constantly drinking on our streets and propositioning local residents! This in itself should be enough reason to consider rejecting this application.

Below are some more reasons I object to this application.

1. There are more than enough Off-Licences in Holbeck
2. There are two hostels in Holbeck, housing supposed ex alcoholics and ex offenders, a mixture for disaster.
3. Policing this area would need to be drastically increased, so local families feel safe.
4. It will add to the rowdy alcoholics already up here, and causing more disruption to the people who have to live here in Holbeck.
5. To add another alcohol shop would be un responsible and without question only add to the risk of under age sales of alcohol in Holbeck . I'm also aware some of the shops in Holbeck don't comply with the Law with the sale of Liquor.

I would hope you take into account my objections and my reason before making a decision on this application

To whom it may concern

i've Lived in holbeck for nearly 2 Years i feel I would like to object to another Liquor store opening around the holbeck top moor side LS11. I would like to formally complain about this as its Just going to bring more Anti Social behaviour around the area. We have numorus beer shops in the area and another would course more Prostitution and drunks as there isn't enoughf of this already. This would mean more Police Patrol would be needed because under age drinking would be infiunced also we have two hostels for convicted criminals around here. I also object because i live a [redacted] in question and have a young daughter and its

bad enough with all the shouting and arguing around the area in the night it would make it worse.

I hope you take my objections into account before you make a decision

Yours sincerly
