Brief summary

This Children's Rights and Advocacy contract commenced on 01/04/2020 for 3 years and although this contract had the option to extend for 2 x periods of 12 months, it expired on 31/03/2023.

The Provider continued and continues to provide the Children's Rights and Advocacy service as per expired specification.

The service provides advocacy and support in cases where children make complaints to the Children and Families directorate. It provides advice, advocacy and representation for children and young people making a formal complaint under Section 28 of the Children Act 1989 when requested by the young people.

This Children's Rights and Advocacy contract ensures that children and young people are aware of their rights and have access to independent advocacy, information, advice and support in relation to children and young people (up to age 25 where an EHC Plan is in place) with SEN and Disabilities.

The Service represents their views, wishes and feelings, resolving their concerns or complaints by providing independent and confidential information; advice; advocacy; representation; and support which is suitable for and adapts to their needs and is accessible for age, development, experience, linguistic understanding and any special needs relating to disability or ill-health.

The Service will work independently of all services provided to the children and young people of Leeds on behalf of the Local Authority, specifically residential services, the fostering and adoption services and the Complaints Service, to ensure that the practice is child focussed and not restrained by external pressures, such as funding.
