Main Issues Identified via Perception Surveys
Street Litter & Fly Tipping

Date Work in Zone Commenced: May 2012
 Number of Domestic Properties: 546
 Number of Commercial Properties: 30

Environmental Action Officer's Report

The main causes of the key issues identified by residents are bins left on streets and fly tipping. Officers have issued section 46 notices on domestic properties who have been leaving the bins out in the streets on non-collection days and fixed penalty notices will be issued to repeat offenders.

Over the next 6 months officers will be visiting the area weekly to identify property's that have already been issued legal notices and issued fines or prosecute.

All fly tipping incidents will be investigated and where ever possible evidence taken and offenders dealt with through tough legal action

Officers will also be look at why people are fly tipping in the area and ensuring local residents are fully aware of the councils free bulky collection service and opening times of the household waste sites.

The time line plan for the next resident survey trackers are early November 2013 and then early May 2014.

Agenda Item 10

Enforcement Service Requests	Cases Identified	Notices Served	Notices Complied	FPNs Issued	FPNs Paid	FPN Value	Ongoing Prosecutions	Streets Service Requests	SRS Identified
