Delete all after “inclusive economic growth.” and replace with:

“Council believes that this agenda is in a sharp contrast to the recent actions of central government, including the Coalition Government. Indeed, Council notes one Liberal Democrat former member of government has stated a colleague thought “*it didn’t really matter what the human consequences were*” of government policy.

Council notes the successes of the More Jobs Better Jobs Breakthrough Project and welcomes that this approach seeks to tackle low pay and regenerate places. Council praises the work of Trade Unions to improve conditions in many sectors, including the GMB’s work to improve conditions at Amazon.

Council will seek to address concerns about workplace management with any employer in the City.”

The motion would therefore read:

“This council welcomes the strong economy compassionate city agenda and believes that good quality jobs are essential to ensuring inclusive economic growth.

“Council believes that this agenda is in a sharp contrast to the recent actions of central government, including the Coalition Government.
