## REPORT TO LEEDS ADMISSION FORUM

DATE: 12 May 2009

Venue: Civic Hall

Time: 4.00pm

**SUBJECT: REVISED MEMBERSHIP OF THE ADMISSION FORUM IN THE NEW SCHOOL ADMISSIONS CODE**

### 1. PURPOSE OF THE REPORT

- 1.1 To inform the Admission Forum of the revised membership of the Leeds Admission Forum required by the School Admissions (Local Authority Reports and Admission Forums) (England) Regulations 2008 ("the Regulations") following consideration by the Leeds City Council Executive Board at its meeting on 1 April 2009.

### 2. Background Information

- 2.1 The Education Act 2002 required each local authority to establish an Admissions Forum and the membership was agreed at an Executive Board meeting in January 2003. The Regulations and the new School Admissions Code have made significant alterations to the membership of the Admission Forum, and it was necessary to seek the approval of the Executive Board to establish the new revised membership.
- 2.2 The Admission Forum received a report upon the necessary changes to the Forum's membership at its last meeting on 20 January 2009. The Forum made recommendations upon the membership which were conveyed to the Executive Board

### 3. KEY ISSUES

- 3.1 The key role of the Admission Forum is in ensuring a fair admissions system that promotes social equity and it must act in accordance with the School Admissions Code issued by the DCSF.
- 3.2 The membership of the Admission Forum required changes to comply with the Regulations and DCSF Guidance. The Forum must now contain no more than 20 members and taking into account the Regulations and Guidance the revised membership is as follows.

### 3.3 Agreed membership:

|  |  |
|--|--|
| Two community schools representatives (one high and one primary)<br>One voluntary controlled school member<br>One voluntary Aided school member<br>One Foundation school member<br>One member from Brodetsky primary<br>One Academy member<br>One College member<br>One CE Diocesan member<br>One Catholic Diocesan member<br>Two parent members<br>Fair Access project director<br>Choice Adviser<br>Two local authority representatives<br>Four community members representing local interest to include Leeds Black Governors Information Network<br>Leeds Primary Care Trust |  |
|--|--|

## 4. CONCLUSION

4.1 Changes to the Admission Forum membership will also impact upon membership of the 2 Sub Committees of the Forum which now require revision.

## 5. RECOMMENDATIONS

5.1 That Admissions Forum

- Note the report.
- Note the membership of the Forum as outlined in 4.2
- Decide the revised membership of the two Sub Committees

### **39 CHANGES TO THE FORUMS TERMS OF REFERENCE AND PROCEDURES**

The Secretary to the Forum submitted a report setting out proposed changes to the Forum's Terms of Reference and Procedure arising from the New Statutory Regulations.

**RESOLVED** – That the contents of the report be noted

### **40 COMMISSIONING ARRANGEMENTS**

Members received a presentation from Mr Shaid Mahmood, Locality Enabler, Children's Services, Chief Executive's Department on the Commissioning Arrangements for the Area Management Boards.

Mr Mahmood outlined the arrangements that the Director of Children's Services is in the process of implementing to underpin the Commissioning of Services for children in Leeds.

The Chair thanked Mr Mahmood for his attendance and informative presentation.

### **41 CHALLENGING AND VULNERABLE CHILDREN'S SUB COMMITTEE**

Commenting on the minutes of 4<sup>th</sup> November 2008 Bob Stott said since that time events had moved on and the later meeting of 8<sup>th</sup> January 2009 reflected the current position.

In providing an update Mr Stott reported on the following issues:

- (i) Leeds Inclusive Learning Strategy – It was reported that Officers would shortly go to the Programme Board with a Draft Proposal for consultations for strands two and three. The Proposal would then be submitted to the Council's Executive Board in March 2009 prior to actual consultation on the reconfiguration of the behaviour continuum and the roles of PRUs, BEST and SILCs
- (ii) Fair Access Protocols – An issue was highlighted that some schools had agreed to take pupils for financial reasons even when they needed to improve. In offering comment Mr Stott suggested pupil transfer and the funding which follows the pupil was very important, it would be difficult for the school to support the pupils needs if the appropriate funding was not in place.

Mrs Hill said that the work undertaken by the LILs was very important to the Health Authority and requested that she be kept informed.

The Chair suggested said that some valuable work had been made but the Sub Committee need to be mindful of how external bodies monitor Education Leeds.

On a separate issue Mrs Knights expressed concern that a major change had taken place in the management of the LILs but it had not been reported at the last meeting of the Sub Committee.

In providing a response Mr Fryett said that matter to which Mrs Knight referred was not public knowledge at that time and it would have been inappropriate to make any such announcements in a public meeting.

In drawing the debate to a conclusion the Chair said a lot of progress had been made and achieved.

The Chair reported that Mrs Fiona Beevers had resigned as a Member of the Challenging and Vulnerable Children's Sub Committee and that nominations were now sought to fill the resulting vacancy

Mrs Sue Knight nominated Mr Ian Faulkingham, this was seconded by Councillor Gruen

## **RESOLVED –**

- (i) That the minutes of the Challenging and Vulnerable Children's Sub Committee held on 4<sup>th</sup> November 2008 and 8<sup>th</sup> January 2009 be accepted as a true and correct record
- (iii) That Mr Ian Faulkingham be nominated to serve on the Challenging and Vulnerable Children's Sub Committee

## **42 OVERVIEW OF NEW ADMISSION CODE**

The Chief Executive Education Leeds submitted a report which provided an overview of the New Admission Code.

In providing background to the report Mrs Buckland, Head of Service – Admissions and Transport, Education Leeds said that following DCSF consultation exercise a new School Admissions Code will come into force on 10<sup>th</sup> February 2009. The DCSF received 635 responses to the consultation: 200 responses from parents or parent governors, 153 from Local Authorities and 130 from schools or Headteachers.

### **Responses**

Improving the application and allocation process – The consultation was looking at local authorities becoming the sole contact point for parents seeking a school place both in the normal admission round and throughout the year. Many authorities

expressed concern about the resource implications of implementing this, however, there was widespread support for the proposal, including Leeds. This will now form part of the new Code.

Local consultation process – The consultation was seeking to allow consultation to take place only every three years, but that consultation must take place for a minimum of eight weeks and must include parents and local community groups. Many respondents felt that local groups should be determined locally and the new Code will allow the local authority to do so with the agreement of the Admission Forum.

Admission Forums – The consultation was seeking views on making Admission Forums voluntary. Leeds strongly disagreed with the Forum being a voluntary body and described the merits of an effective Forum. The majority of respondents felt the same way and the new Code will continue to require the Admission Forum to be mandatory. The membership is being reduced in number and is seeking to be more widely representative. The focus of the Forum will be on the fairness of admission arrangements rather than the legality.

School admission appeals – The consultation sought views on an independent reviewer for infant class size appeals, encouraging schools to use a centrally provided appeals system and appeals panellists considering lawfulness of admission arrangements. The idea of school appeals being collectively administered was supported by a large majority although the new Code will stop short of introducing the other changes. We are advised that we can expect further legislation at a later date relating to appeals.

Information for parents – This referred to a deadline by which the composite prospectus must be published and the need to make this available on the website. As we already publish the information on our website a month prior to the deadline this will require no changes in Leeds.

Ensuring fair and lawful admission arrangements – This was to require local authorities to report annually to the Schools Adjudicator on the fairness and legality of admission arrangements. This will now appear in the new Code and extends the duty imposed last year to report on legality of admission policies, to include a similar detailed report that was previously the responsibility of the Admission Forum.

Fair Access Protocols – Views were sought on including the children of Service families in the protocol, to include deadlines and more description of how decisions are made under the protocol. These amendments were widely accepted as appropriate and the new Code would require greater detail for parents in the Fair Access Protocol. The young people to be included as a minimum in the protocol have been defined and there is a requirement to define deadlines and some decision making rationale. The Admission Forum continue to have a duty to monitor the operation of the Fair Access Protocol and the local authority have a duty to report on the operation of the protocol in their report to the Schools Adjudicator.

Ethos – The consultation proposed that schools be allowed to include an ethos statement and that may form part of their oversubscription criteria. In Leeds we

objected that this would introduce the potential for manipulation and that more articulate parents would confirm their belief in the ethos realising this would increase their chance of gaining a place. This would place less well informed parents at a disadvantage without good reason. The consultation response by the DCSF quotes, almost verbatim, the arguments presented in our submission, and consequently schools can include an ethos statement but cannot use it as part of their oversubscription criteria.

## **Conclusion**

Whilst much of the consultation has been followed through into the new Code, there have been some amendments. Notably this includes the requirement for an Admission Forum, rather than the proposal that Admission Forums become voluntary. The new consultation process is already underway as the DCSF have required local authorities to consult with parents on admission arrangements for 2010, ahead of the new Code. Full coordination of school places will have a significant impact on the workload of local authorities from 2010. The local authority now has responsibility for an annual report to the Schools Adjudicator replacing the previous duty on the Admission Forum to report to the Schools Commissioner.

**RESOLVED** – That the outcome of the consultation be noted

## **43 WORK PROGRAMME 2009/10**

Members received and considered the Forum's Work Programme for the period 2009/2010

**RESOLVED** –

- (i) To note the scheduled Work Programme for 2009/2010
- (ii) To update the Work Programme to reflect decisions made at today's meeting

## **44 ANY OTHER BUSINESS**

There were no items raised under any other business

## **45 DATE AND TIME OF NEXT MEETING**

**RESOLVED** – To note that the next meeting will take place on Tuesday 12<sup>th</sup> May 2009 at 4.00pm in the Civic Hall, Leeds.

## **46 EXCLUSION OF THE PUBLIC**

**RESOLVED** – That the press and public be excluded from the meeting during consideration of the following parts of the agenda designated as containing exempt information on the grounds that it is likely, in view of the nature of business to be transacted or the nature of the proceedings, that if members of the press and public were present there would be disclosures to them of exempt information, as follows:

The report referred to in minute 36 is exempt under the terms of Access to Information Procedure Rule 10.4 (1,2) on the grounds that the public interest in maintaining the information as exempt, outweighs the public interest in disclosing the information

## **47 HOTSPOTS 2009**

The Chief Executive Education Leeds submitted a report which highlighted the key issues arising out of the allocation of places for September 2009.

Mrs Buckland said that the information contained within the report should remain confidential until March 1<sup>st</sup> 2009 had passed. Parents would receive their offer letter on this date and it would be inappropriate to release the information earlier.

Addressing the main issues Mrs Buckland said there was demographic decline in young people entering secondary school. Demand at a number of schools has fallen as a result. It is expected the decline to continue in the secondary sector for a number of years, however there has been an increase in the birth rate over recent years. That increase has already begun to affect entry into primary schools and will ultimately filter through to secondary.

Mrs Buckland said the birth rate has been rising for the last couple of years and there was a very small, but increasing number of primary schools who are unable to accommodate their nearest children. The number of primary schools oversubscribed on first preferences is increasing with 69 schools to date, but we still have plenty of surplus places in the primary sector.

### **Primary**

There are slightly more schools this year where nearest children are unlikely to be offered places. At present there are 15 schools where it may be difficult to offer nearest children a place. The situation is being monitored to ensure that children who would be unable to access a school within a reasonable distance are identified.

### **Secondary**

There are a small number of schools who will be oversubscribed, although there a number of the neighbouring schools who are experiencing a decline in preferences and therefore there should be sufficient places in the area. One significant change in the east of Leeds is that one school is currently oversubscribed on first preferences with more than double the number of first preferences than those two years ago. In south Leeds the position is easing significantly although there still remains a pressure at one school.

There has again been a significant demand for one school in the West of the City this year with 324 first preferences for 195 places. Clearly the school cannot meet this demand, however the additional children do not have the school as their nearest.

The majority of schools have either retained a similar level of first preferences to last year or have seen a fall in the number of applications. The demographic decline has been projected for some time and it is expected this pattern will continue for a few more years in the secondary sector.

## **CONCLUSION**

The early indications with Reception preferences is that there an increasing number of hotspots however there continue to be more than sufficient primary places available within the City. With secondary applications the hotspots are significantly reducing and whilst demand remains high for some schools the issue of accessing a nearest school is continuing to fall. There are fewer pressure points in terms of nearest children although it is expected that some popular schools would remain oversubscribed leading to unmet demand. This is a natural consequence of an equal preference system whereby parents are encouraged to be aspirational in expressing their preferences.

### **REPORT TO LEEDS ADMISSION FORUM**

Date 12 May 2009  
Venue: Civic Hall  
Time: 4.00pm

Subject: Voluntary Aided, Foundation and Academy Schools Admission Policies

#### **1. PURPOSE OF THIS REPORT**

1.1 This report informs the Admission Forum of the outcome of the voluntary aided schools admission policies sub committee meeting held on 17 March 2009.

#### **2. BACKGROUND**

2.1 A report providing an update on the draft admission policies and supplementary information forms was presented to the sub committee meeting. Appendix 1

#### **3. CONCLUSIONS**

3.1 All the policies and supplementary information forms have been analysed by Education Leeds and Legal Services to ensure that they are fair and comply with the new DCSF School Admission Code which came into force on 10 February 2009.

3.2 All the admissions policies give looked after children the highest priority in their oversubscription criteria and ensure that children with a statement of SEN naming the school are admitted. The supplementary information forms ask only for the information required to operate the admission policy.

3.3 All the determined policies and supplementary information forms were published on the Education Leeds website on 15 April in accordance with the School Admissions Regulations 2008.

3.4 All the necessary information that parents need to apply for school places is available through the website.

#### **4. RECOMMENDATIONS**

4.1 That Admissions Forum note the excellent response from VA governors and headteachers in meeting the requirements of the new Admissions Code.

### 4 PURPOSE OF THE SUB COMMITTEE

The Chief Executive Education Leeds submitted a report explaining the role of the Sub Committee

Addressing the report Mrs Comiskey, Admissions and Transport Section, Education Leeds said that the purpose of the Sub Committee was to consider Voluntary Aided, Foundation, Trust and Academy schools admission policies to:

- Collect and analyse the admission policies to ensure that they comply with the DCSF Code of Practice, as amended from time to time by , 1<sup>st</sup> April in the determination year
- Make recommendations upon the policies to the relevant school governors
- If necessary, to recommend to the Leeds Admissions Forum referral to the Schools Adjudicator of the governors of any school which does not comply with the Code of Practice

The Sub Committee Terms of Reference and Procedure were also submitted for Members information

**RESOLVED** – That the contents of the report be noted

## **5 RELEVANT ASPECTS OF THE NEW ADMISSIONS CODE OF PRACTICE**

The Chief Executive Education Leeds submitted a report which summarised the relevant aspects of the New Admissions Code of Practice which came into effect on 10<sup>th</sup> February 2009

**RESOLVED** – That the contents of the report be noted

## **6 UPDATE ON DRAFT ADMISSION POLICIES RECEIVED**

The Chief Executive Education Leeds submitted a report which provided an update on the receipt of the draft admission policies for all Voluntary Aided schools in Leeds and considered if any action was required in respect of outstanding issues.

Mrs Comiskey reported that all VA schools had met the 1<sup>st</sup> March deadline. School Governors had been willing to accept the changes brought about by the New Admissions Code, the recommendations made by the Diocesan Boards and Education Leeds. It was reported there were no issues to report to the Sub Committee.

Legal Services Section had received all admission policies and supplementary information forms and raised the following comments:

- Requests for birth certificates
- Spaces for further comments or additional documentation
- Use of plural parents/signature of parents
- Request for detail of other children rather than siblings

The response from the Schools Adjudicator highlighted the following:

- Absence of definition e.g. “siblings”, “distance “ and “home address” or failure to specify details of a process e.g. how the home to school distance is measured
- Faults with supplementary information forms (SIP), particularly asking questions that are legitimate for a child already attending a school, but are not permitted at the application stage.
- SIPs must not ask for ; any personal details about the parents, both parents to sign the form, work phone numbers or ask for courtesy titles
- All policies must include a tiebreaker in case of oversubscription, this is an important mechanism

**RESOLVED –**

- (i) To note and welcome the excellent response from VA Governors and Headteachers in meeting the requirements of the Admissions Code
- (ii) That the Chair, on behalf of the Sub Committee, be authorised to write and thank Governors for their support in redrafting their admission policies
- (iii) To note that VA schools rely on the Diocesan Boards when there are changes that effect other admission authorities
- (iv) That a report be prepared and submitted to the Leeds Admission Forum which sets out the progress that has been made this year
- (v) That arrangement be made for the Sub Committee to meet again in 12 months time

**REPORT OF THE CHIEF EXECUTIVE OF EDUCATION LEEDS****ADMISSIONS FORUM: 12 May 2009****SUBJECT: Determination of the Admission Policy 2010/2011**

---

**1.0 PURPOSE OF THIS REPORT**

1.1 This report is to inform the Admission Forum of the determination of the admission arrangements for 2010/2011.

**2.0 BACKGROUND INFORMATION**

2.1 The outcome of the consultation on the local Authority admission policy was submitted to the Executive Board on 1 April 2009 for determination. All of the Aided, Academy and Foundation schools have now submitted their admission policies to the local Authority.

2.2 The local authority is required to publish a public notice by May 1<sup>st</sup> to confirm that all admission policies have been determined and where they can be viewed. This is to provide parents with the opportunity to submit any objection they may have to the Schools' Adjudicator.

2.3 The local Authority are also required to submit a report, along with copies of all the admission policies and supplementary information forms, to the Schools Adjudicator on or before the 30 June 2009 objecting to any arrangements which do not fully comply with the School Admissions Code.

**3.0 MAIN ISSUES**

3.1 All of our schools have worked very positively with the Admissions Team and taken account of the suggestions and comments that have been made. Likewise both Diocese have been very supportive in providing model admission policies and guidance to their schools. Governors have been willing to accept the changes brought about by the new School Admissions Code and recommendations made by the Diocesan Boards and Education Leeds.

3.2 We have no reason to have any objections to the Schools Adjudicator on the admission policies. All policies and supplementary forms have been received and considered by the Council's Legal Department. There were a number of changes necessary to some of the forms and policies and these have been actioned.

3.3

All forms will be submitted to the Schools Adjudicator with our comments. A copy of the submission will be provided to the Admission Forum for information.

3.4

All schools have been advised that we will be submitting both their policies and their supplementary information forms to the Schools Adjudicator. The local Authority will comply with its duty to object to any arrangements which do not adhere to the School Admissions Code. The deadline for submission is the 30 June 2009.

3.5

The admission policy for community and voluntary controlled schools in Leeds is based on sibling priority and nearest school. It is an equal preference system so that parents can be as ambitious as they wish with their higher preferences, but are encouraged to include their nearest school as a safety net. This system has worked well for a number of years. The Aided and Foundation schools and academies in Leeds have admission policies which comply with the School Admission Code. The Fair Access Protocol is operating well, with all schools admitting pupils where required, and working in partnership with each other.

3.6

The local authority and schools provide clear information about the determined admission arrangements each year and involve parents in the admissions process through the annual policy consultation.

4.0

## **CONCLUSIONS**

4.1

All admission authorities in Leeds are working positively with the local Authority with respect to all aspects of the School Admissions Code. A small number of minor infringements of the Code have been noted in a few proposed policies; however these have been amended when brought to the attention of the schools. Within Leeds we are not aware of any admissions authority proposing to determine non compliant admission arrangements for 2010.

4.2

All the required information will be submitted to the Schools Adjudicator, with a copy provided to the Admission Forum.

5.0

## **RECOMMENDATIONS**

5.1

That Admission Forum note the positive way in which the local Authority, Diocese , Foundation, Academy and schools have worked together to ensure full compliance with the School Admissions Code.

5.2

Following submission of the information to the Schools Adjudicator, copied to the Admission Forum, it may be necessary to have a further Admission Forum meeting during the summer term if the Forum wish to submit any further objections to the Adjudicator.

## **The admissions policy for Leeds community and voluntary-controlled schools for entry in September 2010**

Our Chief Executive makes all offers of a school place on behalf of Leeds City Council, which is the admissions authority. Headteachers or school-based staff are not authorised to offer a child a place.

Children with a statement of special educational needs will be admitted to the school named on their statement.

We will offer places to children in the following order of priority.

### **Priority 1**

- a Children in public care or fostered under an arrangement made by the local authority. (see note 1)
- b Pupils with Special Educational Needs, or with exceptional medical or mobility needs, that can only be met at a specific school. (See note 2)

### **Priority 2**

Children with brothers or sisters who will be at school at the start of the academic year and are living at the same address (see note 3). This priority will not apply where the older sibling joined the sixth form from a different school.

### **Priority 3**

Where children attend the following infant schools they will have priority for the linked junior school:

Farsley Westroyd Infant linked to Farsley Springbank Junior

Guiseley Infant linked to St Oswalds Junior

Horsforth Featherbank Infant linked to Horsforth Newlathes Junior

Rothwell Haigh Road Infant linked to Rothwell Victoria Junior

Yeadon Westfield Infant linked to Yeadon Westfield Junior

Should there be more children than places available priority 4 will be used as a tie break.

### **Priority 4**

We will consider applications as follows.

- a If there are enough places for everyone who has applied, we will offer every child a place.
- b If we have more applications than there are places, we will offer places first to children living nearest to the school (measured in a straight line)

(see note 4). We will do this in line with parents' preferences, in the following order of priority.

- 1 We will give priority to parents who put the nearest school for which their child is eligible either by distance or catchment area, where one applies (see note 5). This does not include any voluntary-aided schools which act as their own admission authorities. Neither does it include single-sex schools because parents choose these schools deliberately because they want their child to go to an all-boys or all-girls school as appropriate.
- 2 Next in priority will be parents who choose a Leeds school, which is not the one nearest to their home address (see note 5).

If we cannot offer parents or carers a place for their child at any school they put on their preference form, we will offer their child a place at their nearest school that has places available when we make the offer (in the first instance this will be community or voluntary-controlled but may be voluntary aided, foundation or academy schools).

**Note 1**

Children who have been adopted from local authority care within the twelve months prior to applying for a school place will also be included within the higher priority for looked after children.

**Note 2**

Applications in this category must be supported by a statement in writing from a doctor or other relevant professional. This is necessary because you will be asking the Authority to assess your child as having a stronger case than other children. Each case will be considered on its merits in consultation with the school concerned. To receive this assistance you must contact the SEN Assessment and Provision Service on 3951035.

**Note 3**

For these purposes, brothers and sisters must be living at the same address as your child. Siblings refers to brother or sister, half brother or sister, adopted brother or sister, step brother or sister, foster brother or sister. The definition does not include cousins or other family members sharing a house.

**Note 4**

In Leeds we use a straight-line distance system. Neighbouring local authorities have a priority (catchment) area system (this data is obtained from the postal address file).

We use a national computer system to run our school-admission system. As part of this system there is a program that measures the 'straight-line' distance from the centre of the main school building to your home address.

In the unlikely event there are insufficient places within the admission for two (or more) pupils living in the same building (e.g. flats) or otherwise equidistant from the school, then any final place will be allocated by the simple drawing of lots.

### **If you live in Leeds**

If you live in Leeds and your nearest school is a school in another local authority, you will not be eligible for the school in the other local authority because you are not in its catchment area. Your nearest Leeds school by straight-line distance will be your nearest eligible school.

### **If you don't live in Leeds**

If you live in another local authority and the nearest school you are eligible for is a Leeds community or voluntary-controlled school, we will give you priority under our admissions policy.

If you live in another local authority and your nearest school by straight line is a school in your catchment area, we will not give you priority for a Leeds school. Instead, you will be eligible for the school in your catchment area.

### **Note 5**

When we say the 'nearest' school, we do not include voluntary-aided (faith based) schools. This is because they apply their own admissions policies and, if they are oversubscribed, they mainly offer places based on the religion practised by the child and family. We do not include single sex schools as nearest schools.

### **Address**

For admission purposes, the home address is where the child usually lives with their parent or carer. You must not give the address of a childminder or relative. We will investigate any queries about addresses and, depending on what we find, we may change the school we offer your child. When we make an offer, we assume your address will be the same in the following September as we have on record. If you plan to move house, you must still give your current address. If you move house after the deadline of 16 October 2009, you must tell us your new address as we may have to offer your child a place at another school.

### **Late Applications**

If you return the preference form after the deadline we cannot guarantee to consider your preferences at the same time as those received on time. Any applications returned after 10 December 2009 will only be dealt with once all other applicants have been offered a school place, unless there are significant and exceptional reasons.

**Accepting Offers**

Parents will be asked to accept the offer of a school place. This will not affect their position on any waiting list for a higher preference, or their right to appeal. Parents who do not wish to accept the offer, or do not accept the offer within a reasonable time, may have the place withdrawn.

**Waiting List**

After offers have been made on 1<sup>st</sup> March parents can ask to go on the waiting list for any school they originally asked for on their preference form. The waiting list will be held in criteria order of the admission policy and will close on 31 December 2010

**Nursery**

A place in a nursery does not guarantee a place in the school.

**Temporary School Site**

If a school has to move to a temporary site for any reason, such as the building being damaged by a fire, we will base our distance measurements on the school's permanent site.

**Transfer Age**

We normally only allow children to start primary school at the appropriate age. This is the beginning of the academic year in which they will have their fifth birthday.

**Applications outside the normal admission round**

All applications outside the normal admission round should be made on Leeds' transfer form. Where a house move has taken place, and your child can no longer reasonably get to their previous school, a place will be offered at your highest preference school with an available place. If the schools are full you will be offered a right of appeal and told the next nearest school with an available place. (Written proof of your new address will be required).

Where no house move has taken place you will only be offered a place at one of your preferences, where a place is available, and to start at the beginning of the next term. Where no places are available you will be offered your right of appeal but no other school will be offered.

Following any unsuccessful appeal, no further application for a place at the same school can be accepted for the same academic year, unless there has been a material or significant change in circumstance. No waiting lists are held for transfers outside of the normal admission round.

## REPORT OF THE CHIEF EXECUTIVE OF EDUCATION LEEDS

**ADMISSIONS FORUM: 12 May 2009**

**SUBJECT: Appeals 2007/2008**

### 1.0 PURPOSE OF THIS REPORT

1.1 This report is to inform the Admission Forum of the pattern of parental appeals for the academic year 2007/2008, both for admission in September 07 and also those relating to in year transfers.

### 2.0 BACKGROUND INFORMATION

2.1 Although Forum has already received some information on appeals this has not been broken down by ethnicity or school. Appendices 1 to 7 with this report provide a breakdown of annual cycle and in year appeals by school and ethnicity.

### 3.0 MAIN ISSUES

#### Overview

3.1 There is a demographic decline in young people entering secondary school and as a result the demand at a number of schools has fallen.

3.2 There has been an increase, both locally and nationally, in the birth rate over recent years and this has already begun to affect entry into Leeds primary schools and will ultimately filter through to secondary. There were an increasing number of primary schools who were unable to accommodate their nearest children. The number of primary schools oversubscribed on first preference was 51. Education Leeds continues to actively work with partners to resolve the situation.

3.3 There were 1669 appealed lodged during the academic year. Of these 669 were in year transfer appeals, 639 annual cycle appeals for secondary schools and 361 annual cycle appeals for primary schools. There are relatively few successful appeals for Reception because most of the appeals for primary schools are covered by the infant class size legislation and unless a mistake has been made it is very unlikely that an appeal can succeed.

#### Primary – annual cycle

3.4 Of the 361 primary appeals, 80 were withdrawn or settled prior to the appeal hearing. This typically occurs when a parent has been offered one of their higher preferences through the waiting lists and is happy to accept that offer. Of the

remaining 281 appeals that were heard only 19 were granted, in the main at schools where the class size legislation does not apply. Whilst most primary schools in Leeds have admission numbers to match the legislation there are still a small number with irregular numbers where parents may be successful.

- 3.5 Talbot Primary school had the largest number of appeals heard at 21 and 19% of these were Kashmir Pakistani, 14.9% Indian and 14.9% Pakistani. No appeals were granted for the school.
- 3.6 There were appeals for 68 different primary schools and 53% of these appellants were white/British, however only 5.7% were successful. The other successful appellants were 1 Bangladeshi and 2 Pakistanis. Indian and Pakistani were the two groups with the highest number of appeals after the white/British.

### **Secondary – annual cycle**

- 3.7 There has been a significant reduction in the number of secondary appeals heard since 2006/07. There has also been a reduction in the number of successful appeals. This is a reflection of the amount of work that has been involved working with schools to develop more comprehensive statements of case outlining the issues faced by schools when they have to admit additional pupils. It also indicates that the admissions policy is being applied correctly when places are allocated. The declining birth rate is currently affecting intakes into secondary school.
- 3.8 The majority of secondary schools are reflective of their local community in respect of ethnicity. Allerton Grange and Parklands Girls High both attract a higher proportion of Pakistani and Kashmiri Pakistani pupils than live in their immediate area.
- 3.9 Of the 639 appeals lodged for secondary schools 170 were settled or withdrawn before being heard. 469 appeals were heard with 32% of parents successful. 61% of the appeals heard were from white/British parents and they were successful in 41% of cases. The majority of these appeals were for Roundhay.
- 3.10 It should be borne in mind that the groups are small in statistical terms and the conclusions that we can draw from one year of data are limited. Appeals are based around the personal circumstances of the families concerned and therefore vary greatly.
- 3.11 There were twice as many appeals heard for Roundhay as for any other secondary school. 25% of appellants were white/British with a very wide spread of ethnicities appealing for the school. The white/British families represented 61% of all appeals heard. This was a much higher percentage at schools such as Garforth, Temple Moor, Woodkirk, Pudsey Grangefield and Cockburn, and much lower at school such as Allerton High, Roundhay and Primrose.

### **In year appeals**

- 3.12 Of the 669 appeals lodged 229 were withdrawn or settled prior to being heard. Of the 440 appeals heard 56% were successful. White/British families accounted for 57% of in year appeals and were successful 37% of the time. Families from black/African, mixed black/African and Pakistani backgrounds were relatively much more successful, as were Gypsy Roma families.

### **Primary**

- 3.13 Once again Bankside had the most appeals heard for in year transfers. There

were 11 appeals, 82% from Bangladeshi families, seven were successful. It is not unusual for families to lose their place in the school when taking extended holidays abroad. Of the 108 primary appeals heard they were spread across 38 different schools, once again suggesting that there are relatively few difficulties for parents in obtaining a place in a school they are happy with.

### **Secondary**

- 3.14 There were 332 secondary appeals heard 64% of which were by white/British families. The most appealed for school with in year requests is Primrose, (30) with a wide spread of ethnicities appealing for the school. Similarly Roundhay has the second highest number, again with a broad mix of appellants, only 37% of which were white/British.
- 3.15 In year appeals have the highest success rate for parents and is often due to moving into an area outside of the normal admission round and finding that the local school is already full. In these circumstances, if the Authority is unable to offer an alternative school within a reasonable distance then it presents no surprise that appeal panels will offer places where appropriate. The relatively high success rate of parents at this type of appeal is a reflection of the appropriate use of the appeal process now picked up in the Fair Access Protocol which should reduce the number of appeals.

## **4.0 CONCLUSIONS**

- 4.1 The data indicates that all ethnic groups are accessing the appeals process and there is no significant evidence of any bias for or against any particular ethnic group. Primary appeals are relatively unsuccessful due to infant class size legislation. Secondary appeals for annual cycle places are successful in around 32% of cases. This appropriately reflects the need for an appeal process to hear the exceptional cases that are unable to be considered adequately within any admissions policy.
- 4.2 The higher success rate of parents submitting in year appeals, around 59%, is reflective of the lack of places that can be available in many of our secondary schools when families move into an area outside of the normal admission round.
- 4.3 There is no evidence to suggest that a family's ethnicity or social background affects their ability to gain admission to any particular school.

## **5.0 RECOMMENDATIONS**

- 5.1 That Admissions Forum notes the breakdown of appeals by ethnicity and school.
