105 Chair's Remarks

The Chair informed the Committee that this would be his last meeting as a Member of the Committee as he was not standing for re-election at the forthcoming elections in May.

The Chair gave a detailed update of the latest position with regards to the future appointment of External Auditors. At a recent core city meeting there has been an expression of interest in creating a mutual independent audit appointment panel which would consider the appointment of External Auditors across the core cities.

The Chair invited the Chief Officer (Audit and Risk) to comment on a recently received letter from the Audit Commission which will be circulated to Members of the Committee. In summary the letter seeks consultation on the appointment of External Auditors and whether KPMG should be re-appointed for a further five years.

Concerns were raised about whether the Audit Commission would have capacity to monitor the contract over the longer term, particularly, in light of the recent government announcements. Members were informed at this point that the Audit Commission are likely to continue to exist in order to oversee any contracts let. Members also discussed the implication of external auditors remaining in position for a number of years and the impact this could have on the relationship with the Council. The Chief Officer (Audit & Risk) explained the arrangements for the rotation of lead partners within audit firms to mitigate any risk of this nature. Members also questioned whether indeed the Council had any choice in practice and what, if any, was the alternative to the reappointment of KPMG. Discussion turned to the arrangements to ensure a value added service from KPMG given the overall length of the contract. It was decided that the consultation response should reflect concerns over the Audit Commission's arrangements to quality assure the contract.

Members also discussed the likely reduction in the audit fee and the Chief Officer (Audit & Risk) explained that the Audit Commission will continue to set the fee scale for the Council and the expectation that the actual fee payable would be within this fee scale, depending on the risks associated with the audit. Members also discussed the scope of the audit and the arrangements whereby the National Audit Office would take over producing the Code of Audit Practice and therefore the definition of the scope.

It was agreed that the Chief Officer (Audit & Risk) would respond to the Audit Commission's consultation and take into account the views expressed by the Corporate Governance and Audit Committee.

(Councillor W Hyde entered the meeting at 2:30pm during the discussion of this item)
