- 6.3 The above authorities have concerns over the potential impact that granting this application may have to an area already saturated with licensed premises.

- 6.5 The representation submitted by the Licensing Authority can be found at Appendix D.

### Other representations

- 6.6 The application has attracted an e-mail expressing support for the application from Hilary Benn MP. Member's attention is drawn towards a copy of this e-mail at Appendix E.

## **7 Cumulative Impact Policy**

- 7.1 These premises are located within the 'Red Zone' of Leeds City Centre Cumulative Impact Area.
- 7.2 Cumulative impact means the potential impact on the promotion of the licensing objectives due to the significant number of licensed premises concentrated in one area.
- 7.3 An applicant wishing to obtain a new licence for premises falling within any of the cumulative impact areas must identify, through the risk assessment process and/or the operating schedule, the steps they intend to take so that the council and responsible authorities can be satisfied that granting a new licence would not add to the impact already being experienced.
- 7.4 Details of the cumulative impact policy specific to the city centre 'Red Zone' and an outline of the evidence behind the reasons for setting this policy is attached at Appendix F.
- 7.5 Members are directed to paragraphs 7.51 to 7.54 of the Statement of Licensing Policy which provides examples of how an application may be considered exceptional and the matters that the council would not normally take into consideration.

## **8 Licensing hours**

- 8.1 Members are directed to paragraphs 6.8 to 6.15 of the Statement of Licensing Policy which states the criteria that will be applied to any decision for new applications or variations which include extending hours.
- 8.2 In brief the Policy states at 6.14 that restrictions may be made to the proposed hours of use where, after receiving relevant representations, the council considers it appropriate for the promotion of the licensing objectives to do so.
- 8.3 The council will take into account the existing pattern of licensed premises in an area when considering what is appropriate to promote the objectives. Applications which are significantly out of character for a locality will need to demonstrate that granting the hours sought will not impact on the licensing objectives, given the potential for neighbouring premises to seek the same additional hours to prevent rivals gaining a commercial advantage.
- 8.4 A list of premises in the local area and their licensed hours and activities is provided at Appendix G.

## **9 Equality and diversity implications**

- 9.1 At the time of writing this report there were no implications for equality and diversity. Any decision taken by the licensing subcommittee will be in accordance with the four licensing objectives as prescribed by the Licensing Act 2003.

## **10 Options available to Members**

- 10.1 The licensing subcommittee must take such of the following steps as it considers appropriate for the promotion of the licensing objectives:
- Grant the application as requested.
  - Grant the application whilst imposing additional conditions and/or altering in any way the proposed operating schedule.
  - Exclude any licensable activities to which the application relates.
  - Refuse to specify the said person as the designated premises supervisor.
  - Reject the whole or part of the application.
- 10.2 Members of the licensing subcommittee are asked to note that they may not reject the whole or part of the application merely because they consider it desirable to do so. It must be appropriate in order to promote the licensing objectives.

**RE: GUITAR CAFÉ, 41, CALL LANE, LEEDS, LS1 7BT**  
**APPLICATION FOR A NEW PREMISES LICENCE – LICENSING ACT 2003:**  
**POLICE – LETTER OF REPRESENTATION – CUMULATIVE IMPACT POLICY:**

Thank you for submitting your application for the above premises, received at the address above on 14<sup>th</sup> October 2015.

The application relates to premises which fall within one of the areas of Leeds currently subject to a policy of cumulative impact, as detailed in the present Statement of Licensing Policy 2014-2018, issued by Leeds City Council as the licensing authority.

The area concerned in this particular case is **Area 1 Leeds City Centre**.

Therefore, in line with the current statutory guidance issued by the Secretary of State under Section 182 Licensing Act 2003, West Yorkshire Police make representations based on the cumulative impact policy of the area concerned and highlighted above, where the licensing objectives and particularly the prevention of crime and disorder and prevention of public nuisance objectives, are being adversely affected.

The proposed premises are located in the current red zone in the cumulative impact area. The Council's policy states:

**NOT PROTECTIVELY MARKED**

## NOT PROTECTIVELY MARKED

7.20 *"The council will seek to refuse all applications in these red areas on the basis that the impact on the licensing objectives are at such a level that the area cannot support any more premises opening or extending their hours no matter how impressive the concept or application is. The council will only grant applications in the red zone in exceptional cases", and*

7.24 *"It is the council's policy, on receipt of relevant representations, to*

- *Refuse new and variation applications in the red area*
- *To seek additional measures for new and variation applications in the amber area*
- *To seek good quality applications for application in the green area*

7.25 *"This applies to alcohol led premises such as bars, pubs, and nightclubs, and for premises seeking late night refreshment such as takeaways and late opening restaurants".*

This is a new application in the red area of the Cumulative Impact Policy and seeks authorisation for the supply of alcohol, both off and on the premises, recorded and live music and late night refreshment. The terminal hour for operating and supply of alcohol is proposed as midnight.

The location of these premises is in very close proximity to a multitude of other licensed premises on this section of Call Lane such as Jakes Bar, Oporto, Neon Cactus, Rolands, Call Lane Social, Norman Bar, Arts Café, The Black Swan, Revolution, Brooklyn Bar, Back Room Bar and Reds True BBQ Restaurant.

Some of the licensed premises in the immediate vicinity are Space nightclub, The Duncan, Hirsts Yard, Mook, McDonalds, Veenoo, Distrikt, Pieminister, The New Penny, Rock Bar, Revolucion de Cuba, Bar Fibre, Mission, Viaduct, Queens Court, The Hourglass, Smokestack, Chilli White, Safari, Brewdog, Syn and Paipa VIP. It is an alcohol related violent crime hotspot for robbery, assault and theft. The peak time for assaults occurring is from midnight until 05:00. The peak time for robberies is 02:00hrs until 04:30. The peak time for thefts in this area is 23:00 until 03:00. The hours of operation applied for by the applicant therefore fall within the peak times for theft, and, at the end of business hours, customers would be exiting the premises on to Call Lane exactly at a time when other types of crime begin to peak.

Extra police resources are deployed to this area on Friday and Saturday evenings, and over Bank Holiday weekends, in an attempt to help reduce the crime and disorder associated with people frequenting the large amount of licensed premises in the immediate area. These crimes/incidents range from thefts and robberies to public order offences, assaults, serious disorder and also sexual offences. An ambulance is also regularly parked at the junction of Briggate/Boar Lane and Duncan Street to help deal with the amount of injuries sustained due to assaults and accidents caused by over intoxication in the Night Time Economy (NTE). This is in an attempt to help reduce the strain which the NTE puts on the Accident & Emergency Department of the NHS. The closure of Call Lane on a Friday and Saturday night from 23:00hrs to 05:00hrs has now been formalised by Leeds City Council Highways, as other experimental measures have failed to reduce the risk to public safety posed by the mix of vehicular traffic and the volume of inebriated members of the public in the middle of the road.

The saturation of the area is such that determining which venues may bear some responsibility for the issues on the street is practically impossible, and means that they cannot be dealt with by way of review or enforcement meetings. A strong Cumulative Impact Policy is therefore imperative to prevent already existing venues extending their licensable hours, and to prevent further premises licences being granted in that area which would add to the considerable impact already being felt.

NOT PROTECTIVELY MARKED

## **NOT PROTECTIVELY MARKED**

Therefore, in terms of location (RED ZONE) and in terms of applying for a new premises licence to operate up to midnight with the supply of alcohol, late night refreshment, live music and recorded music, West Yorkshire Police consider that this application implicates the current policy of cumulative impact for Leeds City Centre in the red area, and would rely on the relevant paragraphs of the current Section 182 guidance in making this representation.

Dear Sir

**Guitar Café, 41 Call Lane, Leeds LS1 7BT**  
**Application for the grant of a premises licence**  
**Licensing Act 2003**  
**Licensing Authority Letter of Representation**

Thank you for submitting your application for the above premises.

The area in which the subject premises is located is within a cumulative impact area. It is the council's policy, on receipt of relevant representations, to refuse new and variation applications in this area for alcohol led premises such as bars, pubs and nightclubs and for premises seeking late night refreshment such as takeaways and late opening restaurants, unless the applicant can demonstrate that their application would not impact on the cumulative effect of such licensed premises in the area.

Specifically your application falls within the red area of the City Centre CIP. As stated at 7.20 of the Statement of Licensing Policy 2014 to 2018 the council will seek to refuse all applications in these red areas on the basis that the impact on the licensing objectives are at such a level that the area cannot support any more premises opening or extending their hours no matter how impressive the concept or application is.

I refer you to 7.51 to 7.53 of the Policy which describes how, when considering the presumption against grant in a CIP area, the council will need to be satisfied that the grant of this licence will not impact on the cumulative impact of existing licensed premises in the area. The council will only grant applications in the red zone in exceptional cases. It will be for you to advise the council how your application would be an exceptional case.

INVESTOR IN PEOPLE

In our view this grant would increase the available drinking facilities within the red area. This is an area already suffering from crime, disorder and nuisance to such a level that the Council felt it necessary to not only impose a cumulative impact policy but to also zone that policy to highlight this specific area. As such the Licensing Authority objects to this application on the grounds of crime and disorder and public nuisance.

I enclose the guidance note relating to the cumulative impact policy.

Should you have any questions, please contact us.

Yours faithfully

**Importance:** High

Dear Sir

I am writing further to previous correspondence with the planning department regarding the above application, which I understand is to be considered by the Licensing Department, to offer my support.

Northern Guitars is now the only independent guitar shop in Leeds and has a proud 25 year history. However, business is difficult and the owners have decided to put in an application to add an eating and bar facility to try and improve viability. It would not be practical for the owners to seek alternative premises as the existing location is established and nationally renowned.

I understand that the shop's location means that it is part of the red line area where the Council's policy is to refuse all applications because of existing problems/saturation, although you are prepared to consider applications in exceptional circumstances.

I do hope that you might be able to look at this application in that light, given that it seems to me that they are trying to offer something that is different from other establishments in the immediate area.

I would be grateful if you could take these points into account in making a decision.

## Licensing Act 2003

**Leeds**  
CITY COUNCIL

Area 1 relates to the city centre. West Yorkshire Police have provided information that the nature of the city centre is such that the problem areas and cumulative impact is directly related to the style of businesses opening in that area and their clientele.

In addition the close proximity of a number of venues on a street can result in difficulties in identifying individual premises as causing problems which can be dealt with via an action plan or a review process.

As a consequence the closure or opening of businesses can have a dramatic effect on reported crime and reported incidents in an area. While individual premises are dealt with using the review process, there are areas in Leeds city centre which may temporarily become saturated as new businesses open or existing businesses change their style of operation.

In addition the council recognises that a previous problem area can be improved by the introduction of new styles of business types, such as food led premises, and seeks to encourage this.

This dynamic nature has created difficulties in setting a policy for the city centre that will be relevant for five years until the next formal review. Therefore the council will adopt an approach of designating areas within the city centre CIP as 'red' or 'amber' based upon an analysis of night time economy related issues that are relevant to the licensing objectives. Areas that are considered highly saturated will be designated as red areas.

The council will seek to refuse all applications in these **red areas** on the basis that the impact on the licensing objectives are at such a level that the area cannot support any more premises opening or extending their hours no matter how impressive the concept or application is. The council will only grant applications in the red zone in exceptional cases.

An **amber area** is an area which is of concern based upon an analysis of night time economy related issues that are relevant to the licensing objectives, and the council will expect applicants to offer additional measures tailored to the problems in that area.

All other areas within the city centre CIP will be designated **green areas** where good quality applications will be generally be more acceptable even though the area is a CIP area.

It is the council's policy, on receipt of relevant representations, to

- refuse new and variation applications in the red area
- to seek additional measures for new and variation applications in the amber area
- To seek good quality applications for application in the green area

This applies to alcohol led premises such as bars, pubs and nightclubs, and for premises seeking late night refreshment such as takeaways and late opening restaurants.

The Licensing Act 2003 Statement of Licensing Policy 2014-2018 recognised that the night time economy in Leeds City Centre is dynamic and constantly changing. The council want a cumulative impact policy that can respond to the changing nature of the city centre and so provides this additional document which is reviewed every twelve months to ensure that the CIP zones remain relevant and current with regards to West Yorkshire Police data.

## **Changes in the last year**

West Yorkshire Police has produced a crime and calls for service report "Analysis of Leeds City Centre high volume night-time economy related crime" dated 19/09/2014 which has been referred to when reviewing the red and amber zones for 2015. This report is referred to as the Police report in this document.

There are two distinct areas in the city where extra police resources are deployed on a regular basis. These areas are the Call Lane area and the Albion Street/Woodhouse Lane area. Premises in those areas also deploy street marshals at their own expense as it has been recognised that incidents on the street require extra attention and that early intervention can prevent an escalation in the severity of incidents on the street.

## Call Lane Red Area

The Police report shows that the hotspot area of Call Lane is moving slightly west. The block of premises bounded by Briggate (also known as lower Briggate), Call Lane and Duncan Street is predominantly the hot spot area this year, with the emphasis being taken away from the area behind the Corn Exchange. This could be a temporary shift as a number of premises have closed on Assembly Street, but still retain a licence. West Yorkshire Police Licensing Department still report ongoing work with premises in this area, with action planning and reviews of licence premises occurring in the last 12 months. Therefore although the crime statistics show a drop in incidents when compared to previous years, this area remains in the red area this year due to the increase in enforcement action taken by West Yorkshire Police.

Since the last review in December 2013, the council has moved forward with the Lower Kirkgate Townscape Heritage Initiative (THI) which is a regeneration programme that seeks to bring back into use a number of vacant or underused historic properties in the area. This area was included in the red area of the cumulative impact policy in 2012, as there were concerns about dispersal of problems from the Call Lane area into this area of Kirkgate. The Police report shows that although Kirkgate is on the top streets list, there has been a reduction year on year (figure 6 in the Police report). Therefore this area has been removed from the red area and is now included in the amber area.

The council still considers that the proximity of this area to the late night economy in Call Lane and Lower Briggate is of a concern, and so has placed this area in the amber area to ensure that new businesses in this area provide a different style of premises to the late night bars and nightclubs which are saturating the red area.

## Albion Street/Woodhouse Area

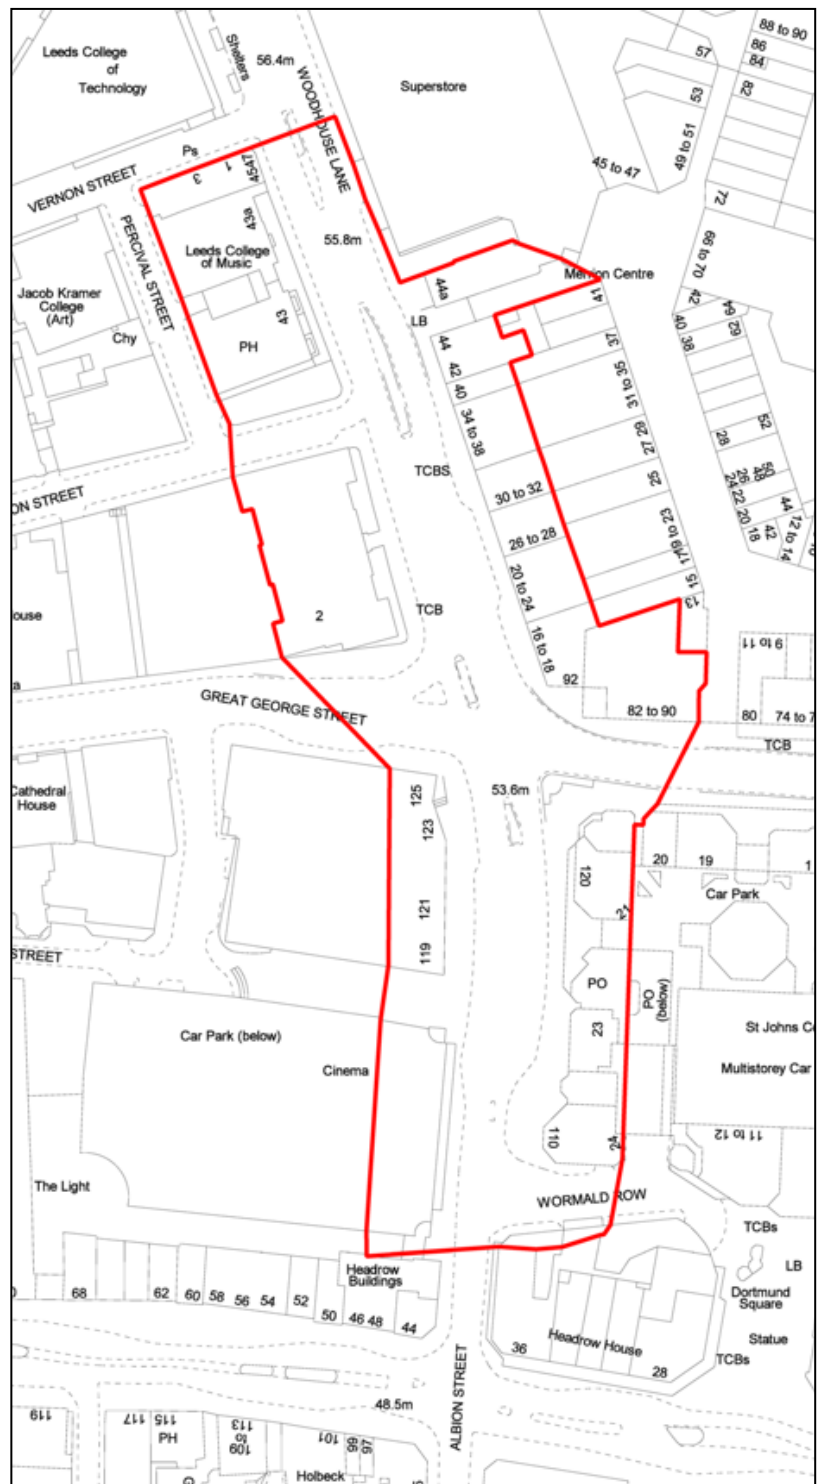

The police report clearly shows an increase in calls for service in Albion Street and Woodhouse Lane which evidences nuisance in this area. This remains a busy area during the post-midnight weekend hours with an increase in calls for service of 5.4% for Albion Street and 16.8% for Woodhouse Lane.

The top ten streets in the Calls for Service table are:

1. Briggate
2. Great George Street
3. Call Lane
4. The Headrow
5. Boar Lane
6. Albion Street
7. Woodhouse Lane
8. New York Street
9. New Briggate
10. Millgarth Street.

Great George Street, New Briggate and Millgarth Street have seen a reduction in calls for service from the preceding 12 months. This shows two clear areas where the calls for service are high – the Call Lane/Briggate/Boar Lane area which is already covered by the red area. The other main area is Albion Street, Woodhouse Lane and the Headrow.

In addition the Police report shows that this area remains a hotspot for robbery, assault and theft. For these reasons this area is now included in the red zone as the cumulative impact of the number of premises in this area has a direct impact on crime and disorder in this area.

## Merrion Street

In the past year a new night time economy area has been developed at the north end of New Briggate, around a side street which is an extension of Merrion Street. There are a number of new late night bars, with a food offer opening in this area in the last year. With the imminent opening of three more premises in this area, it is expected that this part of the city will become very busy and vibrant after midnight.

The Police report shows a slight increase in calls for service (Appendix 1 to the Police report “Analysis of Leeds City Centre High Volume Night-time Economy Related Crime”), which shows a small increase in nuisance in this area.

This area remains in the amber area this year, as this provides the most flexibility to negotiate with applicants regarding safeguards that can be put in place to prevent this area becoming a crime or nuisance hotspot.

## **Conclusion**

The review of the cumulative impact of licensed premises on the city centre shows:

- A continuation of the problems being experienced in the Lower Briggate, Call Lane, Duncan Street triangle
- A reduction of problems in the Assembly Street area which may be temporary
- The removal of the Kirkgate area from the red area to encourage development in this area
- An increase in calls for service indicating nuisance being experienced in the Albion Street area
- Although crime stats are down in the Albion Street Area they still remain high for the city centre, and so are highlighted as a crime hotspot
- An increase in the number of premises in the Merrion Street area which at the moment have not shown an increase in problems in the area

**Summary of main issues**

This is an application to vary a premises licence, made by Wm Morrison Supermarkets Plc, for Wm Morrison Supermarkets Plc 69 Town Street, Horsforth, Leeds, LS18 5BP

The purpose of the variation is to seek approval to extend the sale of alcohol and the opening hours of the premises, and to remove all embedded conditions from the current licence.

Responsible authorities and Ward Members have been notified of this application.

The application has attracted representations from other persons.

The premises are located within an area covered by a cumulative impact policy. The policy is in place in order to avoid saturation of licensed premises in the area. However as this application is for sale by retail of alcohol for consumption off the premises then the policy doesn't apply in this case.

## **1 Purpose of this report**

- 1.1 To advise Members of an application made under section 34 of the Licensing Act 2003 ("the Act") to vary a premises licence in respect of the above mentioned premises.
- 1.2 Members are required to consider this application due to the receipt of representations.

## **2 History of premises**

- 2.1 An application to convert an existing Justices 'Off' licence was received on the 2<sup>nd</sup> August 2005. This was granted as applied for.
- 2.2 An application to vary the premises licence was received on the 27<sup>th</sup> August 2008. This application was to carry out structural alterations to the premises. This attracted a representation from West Yorkshire Police, however conditions were agreed therefore was withdrawn from the hearing.
- 2.3 An application for a minor variation was submitted on the 21<sup>st</sup> January 2010. This was to permit structural alterations to the premises and was granted as applied for.
- 2.4 An application for a minor variation was submitted on the 3<sup>rd</sup> September 2010. This was to permit structural alterations to the premises and was granted as applied for.
- 2.5 An application for a full variation was submitted on the 1<sup>st</sup> May 2012. This was to add and remove certain conditions and to also extend opening hours and sale of alcohol hours. Representations were received from responsible authorities and a member of the public. The applicant then withdrew the application so the hearing never took place and the current licence remained the same.
- 2.6 On the 10<sup>th</sup> January 2014, a minor variation application was submitted to permit structural alterations, this was granted as applied for.
- 2.7 Another minor variation was submitted on the 4<sup>th</sup> September 2015 to permit structural alterations, this was granted as applied for.
- 2.8 A copy of the existing licence is attached at Appendix A.

## **3 The application**

- 3.1 The applicant is Wm Morrison Supermarkets Plc.
- 3.2 Briefly the application is to:
  - Add additional hours onto the sale of alcohol activity, increasing hours from

Mon-Sat	08:00 – 23:00
Sun	10:00 – 22:30 to

Everyday 06:00 – 00:00

- The applicant also wishes to remove certain embedded restrictions. A copy of the conditions to be removed can be found at Appendix B.

#### **4 The operating schedule**

- 4.1 The applicant considers that the existing measures are sufficient to promote the licensing objectives and no further measures are necessary.

#### **5 Location**

- 5.1 A map which identifies the location of this premises is attached at Appendix C.

#### **6 Representations**

- 6.1 Under the Act representations can be received from responsible authorities or other persons. Representations must be relevant and, in the case of another person, must not be frivolous or vexatious.

##### Representations from Responsible Authorities

- 6.2 There have been no representations from responsible authorities.

##### Other representations

- 6.3 The application has attracted representations from members of the public (described as 'other persons' in the legislation).
- 6.4 Entertainment Licensing is in receipt of one representation from a member of the public. This was opposed to on the grounds of public nuisance.
- 6.5 In order to protect personal data, redacted copies of the representations are attached at Appendix D. Original copies will be available at the hearing for Members consideration.

#### **7 Cumulative Impact Policy**

- 7.1 The premises are located within the cumulative impact area for Horsforth.
- 7.2 Cumulative impact means the potential impact on the promotion of the licensing objectives due to significant number of licensed premises concentrated in one area.
- 7.3 An applicant wishing to vary a licence for premises which fall within any of the cumulative impact areas must identify, through their operating schedule, the steps they intend to take so that the council and responsible authorities can be satisfied that granting this variation would not add to the impact already being experienced.
- 7.4 Details of the cumulative impact policy specific to area 5 and an outline of the evidence behind the reason for setting this policy is attached at Appendix E.

7.5 Members are directed to paragraphs 7.51 to 7.54 of the Statement of Licensing Policy which provides examples of how an application may be considered exceptional and the matters that the council would not normally take into consideration.

## **8 Licensing hours**

8.1 Members are directed to paragraphs 6.8 to 6.15 for the Statement of Licensing Policy which states the criteria that will be applied to any decision for new applications or variations which include extending hours.

8.2 In brief the Policy states at 6.14 that restrictions may be made to the proposed hours of use where, after receiving relevant representations, the council considers it appropriate for the promotion of the licensing objectives to do so. The council will take into account the existing pattern of licensed premises in an area when considering what is appropriate to promote the objectives. Applications which are significantly out of character for a locality will need to demonstrate that granting the hours sought will not impact on the licensing objectives, given the potential for neighbouring premises to seek the same additional hours to prevent rivals gaining a commercial advantage.

8.3 A list of premises in the local area and their licensed hours and activities is provided at appendix F.

## **9 Equality and diversity implications**

9.1 At the time of writing this report there were no implications for equality and diversity. Any decision taken by the licensing subcommittee will be in accordance with the four licensing objectives as prescribed by the Licensing Act 2003.

## **10 Options available to Members**

10.1 The licensing subcommittee must take such of the following steps as it considers appropriate for the promotion of the licensing objectives:

- Grant the variation as requested.
- Grant the variation whilst imposing additional conditions and/or altering in any way the proposed operating schedule.
- Reject the whole or part of the application.

10.2 Members of the licensing subcommittee are asked to note that they may not modify the conditions or reject the whole or part of the application merely because it considers it desirable to do so. It must actually be appropriate in order to promote the licensing objectives.

PREM/00759/008 | Premises Licence - Full Variation | Open for Consultation | 69 Town Street Horsforth Leeds LS18 5BP

Dear [REDACTED]

This application from Morrisons in Horsforth is, for Horsforth Civic Society, not dissimilar to the extension of the licence at Maverick's 80s Bar, to which the society has objected.

We do so again for this one, as a result of wider than usual Horsforth public interest in this matter, and I have been asked to write to you giving the views of Horsforth Civic Society (HCS) against the granting of this license. I am empowered to do this by the HCS committee, of which I am [REDACTED].

We understand that our comments must consider the 4 licensing objectives set out in item 1.4 of Section 1 of the LCC Statement of Licensing Policy 2014 to 2018 - Licensing Act 2003.

HCS comments on three of these as follows: -

Prevention of public nuisance – HCS is concerned that additional retail hours for the sale of alcohol may promote more anti-social behaviour. This is already, and has been an issue, and has resulted in Horsforth's specific community impact area policy set out in Area 5 – Horsforth, 7.38 onwards in the licensing policy document referred to above. HCS feel that it is not right for the local residents of Town Street to run the risk of disturbance that might result from these extended hours of retailing alcohol.

Public safety and Prevention of crime and disorder – HCS is concerned that the result of the extension of the ability of people to buy alcohol could lead to issues of personal safety of those involved and in some cases might stimulate petty, but none the less significant crime and disorder.

The Society is also concerned by the precedence of allowing one licensee extended hours. Granting this extended license does not follow the policy set out in 7.42 of the policy document.

HCS urges the refusal of this license application.

### Cumulative Impact Policy

Area 5 relates to the Horsforth district of Leeds centred on Town Street. It includes all areas inside the green boundary, but also the premises on the south side of New Road Side.

Fig 1

It is the council's policy, on receipt of relevant representations, to refuse new and variation applications in Area 5 for licences for pubs, clubs, bars, café bars, restaurants and takeaways, unless the applicant can demonstrate that their application would not impact on the cumulative effect of such licensed premises in the area.

### Rationale

Since the adoption of the Horsforth CIP the council has recognised that the accumulation of licensed premises along New Road Side has contributed to public nuisance in that area, especially as it encourages the use of a route through residential areas used by people moving from Town Street to New Road Side. As a consequence this area has been included in the cumulative impact area for Horsforth.

Horsforth has also experienced creep in licensed hours in the area. The council has noted that although it received no new applications for premises licences it did receive 8 variations in the same time period.

Concern has been expressed by residents about the litter nuisance and public nuisance caused by takeaway premises. The council has received a number of complaints relating to litter and odour nuisance that can be related to takeaway premises.

Fig 2

**Nuisance Reports in Area 5 (2005 – 2010)**

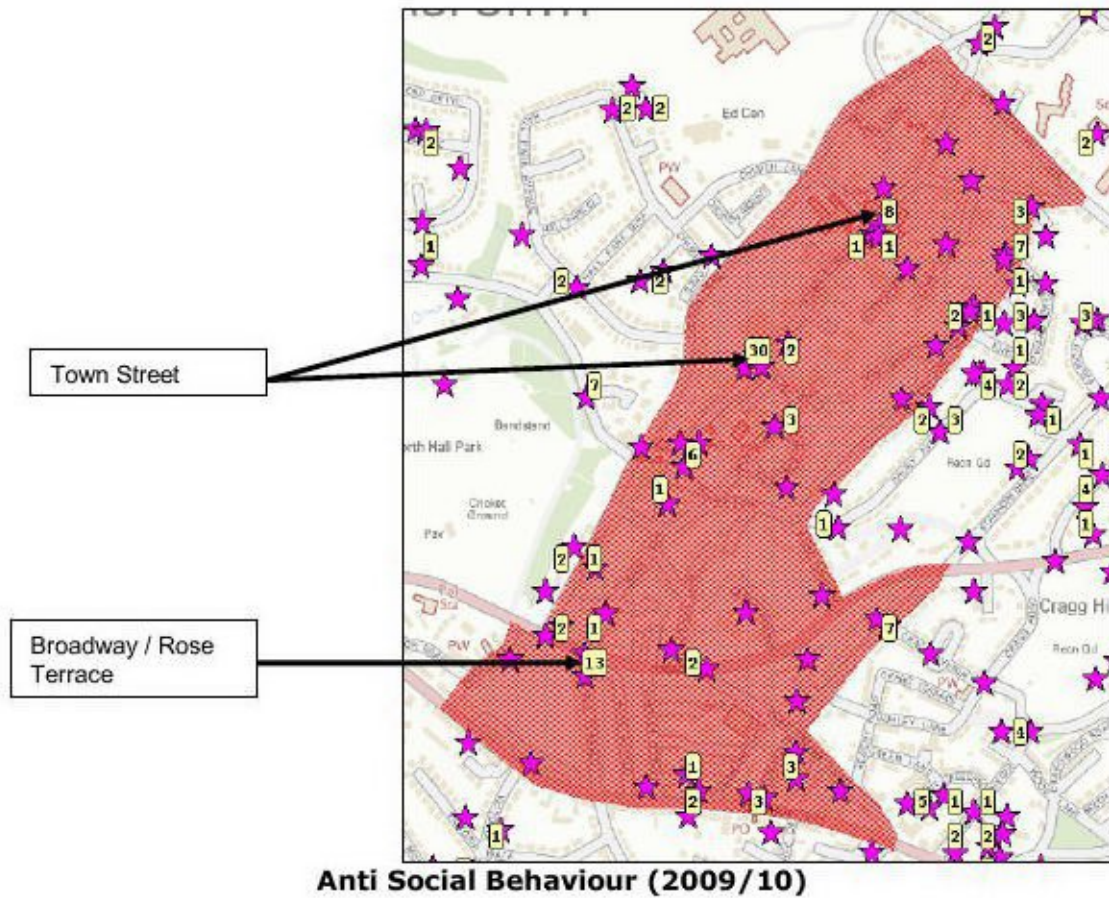

The above map shows the number and location of nuisance complaints received by Leeds City Council relevant to licensed premises in Area 4 since 2005.

Fig 3

The above map shows the number and location of violent crime offences (as defined by the Licensing Enforcement Group – data supplied by West Yorkshire Police) between 1<sup>st</sup> May 2009 and 30<sup>th</sup> April 2010.

**Fig 4**

The above map shows the number and location of anti social behaviour offences (data supplied by West Yorkshire Police) between 1<sup>st</sup> May 2009 and 30<sup>th</sup> April 2010.

As can be seen from the above maps, there is a concentration of nuisance reports, anti-social behaviour and violent crime in the areas dominated by licensed premises. The concentration is less pronounced with violent crime however, is still apparent in the area around Town Street.

**Fig 5**

As Fig 5 shows, there has been a very slight and gradual increase over the past 5 years with respect to the number of premises and latest terminal hour for premises in Area 5.

In real terms the numbers are very small and can be summarised as – 2 extra premises which close prior to midnight, and 1 extra premises each for the three following 1 hour time slots. Unlike Area 2, these are not premises which have, in effect, moved their hours later, but rather extra premises on top of what already existed.

While the actual numbers are small, this is to be expected as Area 5 is geographically a small area, where one premises can make a large difference.

Even with reduced numbers, the pattern of increased numbers of premises opening later is evident. Overall, Area 5 now has three more premises open beyond midnight than it did in 2005 (15% increase) – echoing the concerns of local residents that premises are very slowly increasing their hours by small increments.

NB: The above analysis includes the proposed area around New Road Side, as this is an area of concern for residents, and also is the focus of a good proportion of the nuisance complaints.
