Summary of Main Issues

This is an application to vary a premises licence made by Oenotheque Limited for Hedonist Project, 156 Briggate, Leeds, LS1 6LY.

The application is made to seek approval to extend the hours for each licensable activity currently permitted by the premises licence. The application also suggests additional measures that include substantial food being available until the close of business and a minimum of 40 seats to be available at all times.

It should be noted that these premises reside within the 'Red Zone' of the Leeds City Centre Cumulative Impact Area.

Responsible authorities and Ward Members have been notified of this application.

Representations opposing this application in its entirety have been received from West Yorkshire Police and the Local Licensing Authority.

Purpose of this Report

- 1.1 To advise Members of an application made under Section 34 of the Licensing Act 2003 ("the Act") to vary a premises licence in respect of the above mentioned premises.
- 1.2 Members are required to consider this application due to the receipt of representations.

2 History of Premises

- 2.1 These premises currently benefit from a premises licence that was initially granted on 26th July 2007. At this time the premises were trading as Wokon Noodle Bar.
- 2.2 It is understood that shortly after the initial grant of the licence the premises became vacant.
- 2.3 It was on 28th September 2015 that an application to transfer the licence to current holder Oenotheque Limited was made. This application proceeded without representation from West Yorkshire Police and was granted as requested.
- 2.4 In accompaniment to the transfer application, an application for a minor variation was made. This application proposed to add the provision of recorded and live music on Fridays and Saturdays from 23:00 hours until 00:00 hours, seek approval of the proposed alterations to the premises layout, vary the opening hours of the premises in order to allow trading to commence at 08:00 hours and to add additional measures to promote the crime & disorder and public nuisance objectives.
- 2.5 The minor variation attracted sole representation from West Yorkshire Police that offered suggested measures in order to help further address any concerns regarding the prevention of crime & disorder. Such measures were accepted by the applicant and the minor variation was granted as requested subject to the agreement reached.
- 2.6 It should be noted that since the premises began trading as The Hedonist Project, several applications for Temporary Event Notice have been made. These applications have been made to extend the terminal hour for events where on average, the finishing time has been 02:00 hours.
- 2.7 A copy of the current premises licence details can be found at Appendix A of this report.

3 The Application

- 3.1 The applicant is Oenotheque Limited.
- 3.2 Briefly the application is to:
 - To extended the terminal hour for the sale by retail of alcohol, late night refreshment, live music and recorded music until 02:00 hours the following morning;

- To extend the opening hours to read Monday to Sunday 08:00 hours until 02:30 hours; and
- Add the following two conditions to the operating schedule:
 - Substantial food will be available at the premises each day until the close of business.
 - A minimum of 40 seats will be available at the premises at all times.

4 The Operating Schedule

4.1 No further steps have been offered other than the two additional measures detailed above.

5 Location

5.1 A map which identifies the location of these premises is attached at Appendix B.

6 Representations

6.1 Under the Act representations can be received from responsible authorities or other persons. Representations must be relevant and, in the case of another person, must not be frivolous or vexatious.

Representations from Responsible Authorities

6.2 Representations objecting to this application in its entirety have been received from West Yorkshire Police and the Licensing Authority.

6.3 Both representations are made on the grounds of the premises location within the 'Red Zone' of the City Centre Cumulative Impact Area. Both representations also express concerns that the application contains insufficient information about how granting the application would not add to the problems already being experienced in this area.

6.4 The representation made by West Yorkshire Police can be found at Appendix C of this report.

6.5 The representation made by the Licensing Authority can be viewed at Appendix D.

Other representations

6.6 There are no other representations.

7 Cumulative Impact Policy

7.1 The premises are located within the 'Red Zone' of the Leeds City Council Cumulative Impact Area.

- 7.2 Cumulative impact means the potential impact on the promotion of the licensing objectives due to significant number of licensed premises concentrated in one area.
- 7.3 An applicant wishing to vary a licence for premises which fall within any of the cumulative impact areas must identify, through their operating schedule, the steps they intend to take so that the council and responsible authorities can be satisfied that granting this variation would not add to the impact already being experienced.
- 7.4 Details of the cumulative impact policy specific to this area and an outline of the evidence behind the reason for setting this policy is attached at Appendix E.
- 7.5 Members are directed to paragraphs 7.51 to 7.54 of the Statement of Licensing Policy which provides examples of how an application may be considered exceptional and the matters that the council would not normally take into consideration.

8 Licensing Hours

- 8.1 Members are directed to paragraphs 6.8 to 6.15 for the Statement of Licensing Policy which states the criteria that will be applied to any decision for new applications or variations which include extending hours.
- 8.2 In brief the Policy states at 6.14 that restrictions may be made to the proposed hours of use where, after receiving relevant representations, the council considers it appropriate for the promotion of the licensing objectives to do so. The council will take into account the existing pattern of licensed premises in an area when considering what is appropriate to promote the objectives. Applications which are significantly out of character for a locality will need to demonstrate that granting the hours sought will not impact on the licensing objectives, given the potential for neighbouring premises to seek the same additional hours to prevent rivals gaining a commercial advantage.
- 8.3 A list of premises in the local area and their licensed hours and activities is provided at Appendix F.

9 Equality and Diversity Implications

- 10.1 At the time of writing this report there were no implications for equality and diversity. Any decision taken by the licensing subcommittee will be in accordance with the four licensing objectives as prescribed by the Licensing Act 2003.

10 Options Available to Members

- 10.1 The licensing subcommittee must take such of the following steps as it considers appropriate for the promotion of the licensing objectives:
- Grant the variation as requested.
 - Grant the variation whilst imposing additional conditions and/or altering in any way the proposed operating schedule.
 - Exclude any licensable activities to which the application relates.

- Reject the whole or part of the application.

10.2 Members of the licensing subcommittee are asked to note that they may not modify the conditions or reject the whole or part of the application merely because it considers it desirable to do so. It must actually be appropriate in order to promote the licensing objectives.

- (1) Sub-paragraph (2) applies where the permitted price given by Paragraph (b) of paragraph 2 on a day ("the first day") would be different from the permitted price on the next day ("the second day") as a result of a change to the rate of duty or value added tax.

**RE: HEDONIST PROJECT, 156, BRIGGATE, LEEDS, LS1 6LY
 APPLICATION TO VARY A PREMISES LICENCE – LICENSING ACT 2003:
POLICE – LETTER OF REPRESENTATION – CUMULATIVE IMPACT POLICY:**

Thank you for submitting your application for the above premises, received at the address above on 11th February 2016.

The application relates to premises which fall within one of the areas of Leeds currently subject to a policy of cumulative impact, as detailed in the present Statement of Licensing Policy 2014-2018, issued by Leeds City Council as the licensing authority.

The area concerned in this particular case is **Area 1 Leeds City Centre**.

Therefore, in line with the current statutory guidance issued by the Secretary of State under Section 182 Licensing Act 2003, West Yorkshire Police make representations based on the cumulative impact policy of the area concerned and highlighted above, where the licensing objectives and particularly the prevention of crime and disorder and prevention of public nuisance objectives, are being adversely affected.

The proposed premises are located in the current red zone in the cumulative impact area. The Council's policy states:

NOT PROTECTIVELY MARKED

NOT PROTECTIVELY MARKED

7.20 *"The council will seek to refuse all applications in these red areas on the basis that the impact on the licensing objectives are at such a level that the area cannot support any more premises opening or extending their hours no matter how impressive the concept or application is. The council will only grant applications in the red zone in exceptional cases", and*

7.24 *"It is the council's policy, on receipt of relevant representations, to*

- *Refuse new and variation applications in the red area*
- *To seek additional measures for new and variation applications in the amber area*
- *To seek good quality applications for application in the green area*

7.25 *"This applies to alcohol led premises such as bars, pubs, and nightclubs, and for premises seeking late night refreshment such as takeaways and late opening restaurants".*

The location of these premises is in very close proximity to a multitude of other licensed premises in this area such as The Hourglass, Mission Nightclub, Smokestack, Bar Fibre, Queens Court, Viaduct, Stone Roses Bar, Space Nightclub, McDonald's,

Also, some of the licensed premises in the immediate vicinity are The Duncan, Hirsts Yard, Mook, Veenoo, Distrikt, Pieminister, The New Penny, The Bridge, Baracoa, Revolucion de Cuba, Revolution, Brooklyn Bar, and a multitude of smaller late night bars on Call Lane. It is an alcohol related violent crime hotspot for robbery, assault and theft. The peak time for crime is between midnight and 04:00 hrs. The extra hours of operation applied for by the applicant therefore fall right in to these peak times.

The premises began their days as the Wokon Noodle Bar, being granted a premises licence in 2007 with very scant conditions applied due to the restaurant nature of the business. In September 2015 the licence was transferred to Oenothèque Ltd, the current applicants, and a minor variation soon followed for structural alterations, recorded and live music, and extra measures to be introduced to the operating schedule. I met the applicants at the venue and left them in no doubt as to how an application for extra hours in this problematic crime hotspot area would be viewed.

I initially objected to the minor variation but further conditions were agreed, and the objections were withdrawn. They therefore had obtained a very much valued premises licence in the city centre red area by way of transfer – this was not a grant of a new licence or an increase in capacity. The transfer of the licence in to the applicant's name was not objected to because there have to be exceptional circumstances to do so. The fact that I strongly suspected that once they had obtained the premises licence there would be an application to extend the hours of operation was not exceptional circumstances.

The latest analysis of crime data provided to Leeds City Council upon which the Cumulative Impact Policy is based shows that 'the block of premises bounded by Briggate (commonly known as Lower Briggate), Call Lane and Duncan Street remain the predominant hot spot area this year. This area is still highly concerning and the fact that this area is saturated cannot be overestimated. There has been an increase in theft and violent crime in the past twelve months'. The policy also states that in comparison with the other red area, Albion Street/Woodhouse Lane, the theft statistics are seven times as high, and violent crime statistics are four times as high. To quote the policy, 'This alone shows how important it is that the capacity in this area is not increased.' This includes applications to extend hours in the area.

This application is to extend the hours of licensable activities until 02:00hrs Monday to Sunday with a closing time of 02:30hrs every day. This increase in hours will take the operation right in to the peak times for violent crime and theft in the area – midnight until 04:00hrs. The Council's policy is to only grant applications where they are seen to be exceptional. Extra conditions have been offered which West Yorkshire Police do not consider make this application exceptional – substantial food to be available at

the premises each day until close of business, and a minimum of 40 seats will be available at all times. This is not exceptional.

The premises were served with a Section 19 Closure Notice (Criminal Justice and Police Act 2001) by Leeds City Council Licensing Enforcement during a licensing visit on Saturday 20th February 2016 due to a breach of their CCTV condition to do with retention of footage. The notice was served on the DPS, Mr. Bruce Lerman. Mr. Lerman mentioned to the enforcement officer that keeping a chef on duty until close of business was costing him a fortune. The officer explained that late night refreshment as a licensable activity did not require him to have a chef present at all times and there was also no condition requiring this. The offer of substantial food until close, should the extra hours be granted, would therefore appear to imply microwaved meals which any member of staff could produce, as opposed to a substantial meal cooked by a chef which one might order in a restaurant.

Extra police resources are deployed to this area on Friday and Saturday evenings, and over Bank Holiday weekends, in an attempt to help reduce the crime and disorder associated with people frequenting the large amount of licensed premises in the immediate area. These crimes/incidents range from thefts and robberies to public order offences, assaults, serious disorder and also sexual offences. An ambulance is also regularly parked at the junction of Briggate/Boar Lane and Duncan Street to help deal with the amount of injuries sustained due to assaults and accidents caused by over intoxication in the Night Time Economy (NTE). This is in an attempt to help reduce the strain which the NTE puts on the Accident & Emergency Department of the NHS.

The saturation of the area is such that determining which venues may bear some responsibility for the issues is practically impossible, and means that they cannot be dealt with by way of review or enforcement meetings. A strong Cumulative Impact Policy is therefore imperative to prevent already existing venues extending their licensable hours, and to prevent further premises licences being granted in that area which would add to the considerable impact already being felt.

Therefore, in terms of location (RED ZONE) and in terms of applying for a new premises licence to operate after midnight with the sale of alcohol, late night refreshment, live music and recorded music, West Yorkshire Police consider that this application implicates the current policy of cumulative impact for Leeds City Centre in the red area, and would rely on the relevant paragraphs of the current Section 182 guidance in making this representation.

Dear Mr Whur

Hedonist Project, 156 Briggate, Leeds LS1 6LY
Application for a variation of a premises licence
Licensing Act 2003
Licensing Authority Letter of Representation

Thank you for submitting your application for the above premises.

The area in which the subject premises is located is within a cumulative impact area. It is the council's policy, on receipt of relevant representations, to refuse new and variation applications in this area for alcohol led premises such as bars, pubs and nightclubs and for premises seeking late night refreshment such as takeaways and late opening restaurants, unless the applicant can demonstrate that their application would not impact on the cumulative effect of such licensed premises in the area.

Specifically your application falls within the red area of the City Centre CIP. As stated at 7.20 of the Statement of Licensing Policy 2014 to 2018 the council will seek to refuse all applications in these red areas on the basis that the impact on the licensing objectives are at such a level that the area cannot support any more premises opening or extending their hours no matter how impressive the concept or application is.

I refer you to 7.51 to 7.53 of the Policy which describes how, when considering the presumption against grant in a CIP area, the council will need to be satisfied that the grant of this licence will not impact on the cumulative impact of existing licensed premises in the area. The council will only grant applications in the red zone in exceptional cases. It will be for you to advise the council how your application would be an exceptional case.

INVESTOR IN PEOPLE

I note that the application is to extend all licensable activities to a terminal hour of 2am every day, with a closing time of 2.30am. You have offered substantial food will be available until closing and a minimum of 40 seats to be provided.

Bearing in mind the severity of the problems being experienced in the area with this area suffering from the highest levels of violent crime and disorder incidences in the city centre, the Licensing Authority is of the opinion that your application contains insufficient information about how your application would not add to the impact already being experienced in the area. Providing a substantial food menu until closing and 40 seats does not ensure that this is a food led premises or even that customers are eating after midnight. In our view it is very unlikely that customers would want a substantial meal after 10pm. Therefore, these additional conditions mean very little and it seems that this application is purely to extend drinking facilities into the period of the night where this area suffers the most.

Therefore we are submitting a formal representation against your application on the grounds of:

1. Prevention of crime and disorder
2. Public nuisance.

Should you have any questions, please contact us.

Yours faithfully

Susan Holden

Area 1 relates to the city centre. West Yorkshire Police has shared information and statistics that show that the nature of the city centre is such that the cumulative impact of licensed premises leads to problems that aren't experienced in other parts of the city and this can be attributed to the density of licensed premises in specific areas. The number and close proximity of venues on a street can result in difficulties in identifying individual premises as causing problems and so action planning and reviewing individual licences is not possible.

As a consequence the closure or opening of businesses can have a dramatic effect on reported crime and reported incidents in an area. While individual premises are dealt with using the review process, there are areas in Leeds city centre which may become saturated as new businesses open or existing businesses change their style of operation.

In addition the council recognises that a previous problem area can be improved by the introduction of new styles of business types, such as food led premises and seeks to encourage this.

This dynamic nature has created difficulties in setting a policy for the city centre that will be relevant for five years until the next formal review. Therefore the council has adopted an approach of designating areas within the city centre CIP as 'red' or 'amber' based upon an analysis of crime and disorder in the night time economy and will review these areas on an annual basis.

Areas that are considered highly saturated and that are experiencing particularly high levels of crime, disorder and/or nuisance will be designated as red areas. The policy states that the council will seek to refuse all applications in these **red areas** on the basis that the impact on the licensing objectives is at such a level that the area cannot support any more premises opening or extending their hours and that the council will only grant applications in the red zone in exceptional cases, and those exceptional cases would be where the premises can demonstrate that they will not impact on the issues already being experienced in the area.

Any variation that will effectively increase the occupancy of premises will be viewed in a similar light to new applications as they will increase the available capacity in the same way a new premises in that area would, which in the red area would be unacceptable. Management controls such as door staff checking occupancy may not be effective enough on busy nights to stop an increase in the number of people within the red zone and so potentially lead to more crime and disorder.

The amber area is an area which is of concern based upon an analysis of issues within the night time economy that are relevant to the licensing objectives, and the council will expect applicants to offer additional measures tailored to the problems in that area.

All other areas within the city centre CIP will be designated **green areas** where good quality applications will be generally be more acceptable even though the area is a CIP area.

It is the council's policy, on receipt of relevant representations, to

- refuse new and variation applications in the red area
- to seek additional measures for new and variation applications in the amber area
- To seek good quality applications for application in the green area

This applies to alcohol led premises such as bars, pubs and nightclubs, and for premises seeking late night refreshment such as takeaways and late opening restaurants.

Changes in the last year

In the last year the Council has received a number of applications within the area designated as the red zone in 2015. There has been a trend for existing operators to apply for minor and full variations to bring into use areas which were unlicensed previously, such as roof spaces and redundant boiler rooms. In all cases the premises licence holder has undertaken to keep their capacity the same. However this trend for increasing the licensed area is concerning as the ability to control capacity is difficult.

The issues with disorder in the street on Call Lane has led to a number of variations of a road closure during the night time economy hours, with the council settling on a full road closure between 11pm and 5am on the Friday, Saturday and Sunday night which took effect in October 2015. The sheer numbers of people, often intoxicated, in the street during these hours highlights the need for the overall capacity of the red area to decrease, not increase and so encourage people to drink elsewhere in the city.

Police Reporting

West Yorkshire Police has produced a crime report "*Leeds City Centre: Night Time Economy Related Crime*" dated November 2015 which has been referred to when reviewing the red and amber zones for 2016. This report is referred to as the Police report in this document.

In 2014 Her Majesty's Inspectorate of Constabulary carried out an inspection into the way the 43 police forces in England and Wales recorded crime data. This inspection was the most extensive of its kind that HMIC has ever undertaken into crime data integrity. Further information on the Inspection can be found here:

<https://www.justiceinspectors.gov.uk/hmic/our-work/crime-data-integrity/>

The subsequent report made a number of recommendations and police forces responded by introducing changes in crime recording practices. This has resulted in an increase in the number of recorded crimes in West Yorkshire. Analysis of the changes in crime levels, along with a number of other measures, concluded that a proportion of these recent increases were related to administrative change rather than an increase in criminality. Specifically this change in recording practise has impacted on the level of 'violence against the person', in particular 'violence without injury' as many lower level offences were not previously being recorded.

With respect to the police report, which is extracted in this document, the figures relating to crime other than violent crime are comparable to previous years. The comparisons between red zones provided in this report can also be considered accurate when compared against the same year.

However when viewing the statistics in this report, it must be borne in mind that the Licensing Authority will wait until the report is repeated next year to see if there is a true increase in crime before making substantial changes to the red areas based on violent crime reporting.

General

There are two distinct areas in the city where extra police resources are deployed on a regular basis. These areas are the Call Lane area and the Albion Street/Woodhouse Lane area. Premises in those areas also deploy street marshals at their own expense as it has been recognised that incidents on the street require extra attention and that early intervention can prevent an escalation in the severity of incidents on the street.

As police resources are reducing each year, priorities have been realigned. There has been a reduction in the number of arrests for drunk and disorderly but an increase in assault. The increase in assaults could be due to early intervention methods being cut back, such as the street marshalling scheme and intervention at an early level (i.e. arresting people for being drunk and disorderly), and so the low level offences are escalating to the more serious assault charge.

The following tables have been extracted from the police report and show the levels of crime reported over the last three years.

This table covers both day time and night time economy in the city centre.

Theft, which in the night time economy is generally theft of mobile phones, has reduced significantly due in part to changing technology making phones less attractive but also due to significant work by West Yorkshire Police and the licensed premises on campaigns about keeping phones safe.

The top 10 streets for crime in the city centre remain broadly the same. The top three streets have not changed in the last 3 years although reported crime has reduced overall. The levels are still considered very high. The table below shows the top 10 streets where night time economy offending occurs

Call Lane Red Area

The block of premises bounded by Briggate (also known as lower Briggate), Call Lane and Duncan Street remain the predominant hot spot area this year.

This area is still highly concerning and the fact that this area is saturated cannot be overestimated.

There has been an increase in theft and violent crime in the past twelve months. Comparing the assault statistics between the three areas of most concern shows this area to have almost seven times the thefts and four times the violent crime of the other red area, Albion Street/Woodhouse Lane.

This alone shows how important it is that the capacity in this area is not increased and the desire would be to reduce capacity in this area. This increase in capacity would be a consideration for applications to extend hours as well as licensable area.

In the last year there have been no significant problems around Assembly Street or the area behind the Corn Exchange. The problems that have been experienced in this area, in most cases, can be attributed to one premises, which is currently under action planning and is working with West Yorkshire Police to resolve the issues. Therefore the red area has been reduced to remove Assembly Street and the area behind the Corn Exchange.

In the last year the Licensing Authority has received a number of applications in the red area. One premises applied to remove conditions that tied the premises into a food led operation, which was refused. The licensing subcommittee did approve some structural alterations.

Another application for extended hours was granted, but the operating schedule offered to shut parts of the premises earlier, offered a food led operation on the first floor, and applied various other conditions. A third application for the grant of a new premises licence proposed an early closing time, full food menu and an emphasis on music concurrent with their retail business. This was considered an exceptional application and was granted.

These applications show that providing an exceptional case that proves the premises would not impact on the issues already being experienced in the area does allow the Licensing Authority to grant applications in the red area.

There has been a dramatic increase when comparing theft and violent crime in 2013/14 to 2014/15. However, as previously stated this could be due to a change in reporting with the 2014/15 figures being a truer reflection of criminality in this area.

Albion Street/Woodhouse Area

In the last year we have received three applications for licensed premises in this area – a restaurant serving a range of Caribbean food and cocktails and two takeaway premises. The restaurant was granted with conditions which tied it to a food led operation closing at 1am, but the two takeaway applications were refused.

Albion Street and Woodhouse Lane remain in the top 4 streets for reported crime.

Although the crime stats show a reduction in theft, robbery and a slight decrease in sexual offences, there is a worrying increase in violent crime and new secondary peak in the time analysis which shows that crime in this area is now a problem from 23:00hrs. This could be attributed to the change in recording of violent crime and so this will need to be reviewed next year.

The possible increase in violent crime and the early peak time shows it is important to maintain this red area.

Cross Belgrave Street, Merrion Street

As reported last year, a new area in Leeds has been developed in the north of the city. The new bars mentioned in last year's report have opened and as predicted have proven very popular.

There is a worrying increase in violent crime and theft in this area compared to last year but this may be attributed to the change in recording of crime as mentioned earlier in this report.

Although busy this area is not a major concern to the Licensing Authority. There have been one off incidents but these have been attributed to specific premises which have been subject to action planning.

This area remains in the amber area this year, as this provides the most flexibility to negotiate with applicants regarding safeguards that can be put in place. However if crime levels increase further this area will be subject to further review next year and may face being placed in a red zone.

Conclusion

The conclusions from the Police report are:

- Overall offending in Leeds City centre has dropped in the 14/15 year by 785 when compared to 13/14.
- Most incidents in licensed premises are thefts or assault. The number of assaults in licensed premises has increased in 14/15 compared to 13/14, as has the number of associated alcohol involved flags.
- During the DTE, thefts are a problem despite a drop in 14/15 compared to 13/14.
- During the NTE, assaults increase and are greater than the same figure last year.
- Call Lane, Briggate and Albion Street have had the most offences in 14/15.
- Assaults are roughly split between off street and on street offending in 14/15 and are consistently so over the examined period. There are more reports of off street theft offences than on street.
- Seasonality shows assault, drunk & disorderly, theft from person and theft non-specific reduce over the summer months of May – August and increase steadily peaking in December.
- Hotspot locations for NTE offending are around Duncan Street and Lower Briggate.
- The top 3 offence categories – assault, theft from person and theft non-specific, tend to occur in two broad locations. Area 1 is around Merrion Street/Woodhouse Lane/New Briggate. Area 2 is around Boar Lane/ Duncan Street/Lower Briggate/ Call Lane and has a denser amount of offences.
- Males are generally victims and offenders in assaults. Females are more likely to be victims in theft offences.

With these conclusions in mind the Licensing Authority has determined that the red area around Assembly Street and Crown Street be reduced. All other areas remain the same. Merrion Street/Cross Belgrave Street area will be closely monitored with a view to placing it in a red zone should the crime figures not improve in the next 12 months. Similarly the worrying increase in theft and violent crime in the two red areas will be closely monitored.

This is an application for the grant of a premises licence made by Ham And Beer Limited for 7 Merrion Street, Leeds, LS1 6PQ.

The application is made for a premises wishing to operate as a charcuterie style bar with real ales, craft beers and wines. The application also explains that the premises will have a retail area with off licence capability.

It should be noted that these premises reside within the 'Amber Zone' of the Leeds City Centre Cumulative Impact Area.

Responsible authorities and Ward Members have been notified of this application.

The application has attracted representation from West Yorkshire Police.

1 Purpose of this Report

- 1.1 To advise Members of an application made under Section 17 of the Licensing Act 2003 ("the Act") for a new premises licence in respect of the above mentioned premises.
- 1.2 Members are required to consider this application due to the receipt of representations.

2 History of the Premises

- 2.1 This is the first application for a premises licence for these premises.

3 The Application

- 3.1 The applicant's name is Ham And Beer Limited.
- 3.2 The proposed designated premises supervisor is Mr Anthony Kitching.
- 3.3 In summary the application is for:

*Sale by Retail of Alcohol (for consumption both on and off the premises)
Recorded Music*

Monday to Sunday 09:00 until 01:00 hours

Late Night Refreshment

Monday to Sunday 23:00 until 01:00 hours

Non standard timings

From the end of permitted hours on New Year's Eve to the start of permitted hours on New Year's Day.

At the start of British Summertime, the terminal hour for all licensable activities shall be extended by one hour.

4 The Operating Schedule

- 4.1 The applicant proposes to promote the licensing objectives by taking the steps identified in Section M of the application form. A copy of the measures offered can be found at Appendix A of this report.

5 Location

- 5.1 A map which identifies the location of these premises is attached at Appendix B.

6 Representations

- 6.1 Under the Act representations can be received from responsible authorities or other persons. Representations must be relevant and, in the case of another person, must not be frivolous or vexatious.

Representations from Responsible Authorities

- 6.2 The application has attracted representation from West Yorkshire Police that offers suggested measures in order to promote the prevention of crime & disorder licensing objective. At the time of writing this report however no agreement has been reached and representation remains outstanding for Member's consideration. A copy of the representation made by West Yorkshire Police can be found at Appendix C.

Other representations

- 6.3 There are no other representations.

7 Cumulative Impact Policy

- 7.1 The premises are located within the 'Amber Zone' of the Leeds City Centre Cumulative Impact Area.
- 7.2 Cumulative impact means the potential impact on the promotion of the licensing objectives due to the significant number of licensed premises concentrated in one area.
- 7.3 An applicant wishing to obtain a new licence for premises falling within any of the cumulative impact areas must identify, through the risk assessment process and/or the operating schedule, the steps they intend to take so that the council and responsible authorities can be satisfied that granting a new licence would not add to the impact already being experienced.
- 7.4 Details of the cumulative impact policy specific to this and an outline of the evidence behind the reason for setting this policy is attached at Appendix D.
- 7.5 Members are directed to paragraphs 7.51 to 7.54 of the Statement of Licensing Policy which provides examples of how an application may be considered exceptional and the matters that the council would not normally take into consideration.

8 Licensing Hours

- 8.1 Members are directed to paragraphs 6.8 to 6.15 of the Statement of Licensing Policy which states the criteria that will be applied to any decision for new applications or variations which include extending hours.
- 8.2 In brief the Policy states at 6.14 that restrictions may be made to the proposed hours of use where, after receiving relevant representations, the council considers it appropriate for the promotion of the licensing objectives to do so.
- 8.3 The council will take into account the existing pattern of licensed premises in an area when considering what is appropriate to promote the objectives. Applications which are significantly out of character for a locality will need to demonstrate that granting the hours sought will not impact on the licensing objectives, given the potential for neighbouring premises to seek the same additional hours to prevent rivals gaining a commercial advantage.

8.4 A list of premises in the local area and their licensed hours and activities is provided at Appendix E.

9 Equality and Diversity Implications

9.1 At the time of writing this report there were no implications for equality and diversity. Any decision taken by the licensing subcommittee will be in accordance with the four licensing objectives as prescribed by the Licensing Act 2003.

10 Options Available to Members

10.1 The licensing subcommittee must take such of the following steps as it considers appropriate for the promotion of the licensing objectives:

- Grant the application as requested.
- Grant the application whilst imposing additional conditions and/or altering in any way the proposed operating schedule.
- Exclude any licensable activities to which the application relates.
- Refuse to specify the said person as the designated premises supervisor.
- Reject the whole or part of the application.

10.2 Members of the licensing subcommittee are asked to note that they may not reject the whole or part of the application merely because they consider it desirable to do so. It must be appropriate in order to promote the licensing objectives.

RE: HAM & BEER, 7, MERRION STREET, LEEDS, LS1 6PQ
NEW PREMISES LICENCE – LICENSING ACT 2003:
POLICE – LETTER OF REPRESENTATION – ‘QUALIFIED’ OBJECTION:

Thank you for submitting your application for a new premises licence at the above address which we received on 12th February 2016.

The premises are situated in an area of the Leeds City Centre, which is currently subject to a policy of Cumulative Impact, as identified in the current 2014-2018 Statement of Licensing Policy of Leeds City Council.

This particular area of the City, is classed as being an “amber area”.

In accordance with the licensing authority’s document quoted above, as an amber area, on receipt of relevant representations to promote the licensing objectives, it is the council’s policy to seek additional measures, to address the problems associated within that area.

West Yorkshire Police are of the opinion that your application contains insufficient information about how you intend to meet the licensing objectives in this increasingly popular and very busy area of the city. No ‘restaurant’ conditions have been offered and the venue is described in the application as a ‘charcuterie style bar’.

We therefore confirm that we are submitting a formal representation against your application on the grounds of:-

1. the prevention of crime & disorder

NOT PROTECTIVELY MARKED

NOT PROTECTIVELY MARKED

However, West Yorkshire Police are also of the opinion that the said objectives could be met should you be prepared to incorporate certain identified measures within your operating schedule, in **addition** to what you may have offered in your application. In an effort to be fair and proportionate, and considering that the majority of other premises in this particular area operate until 04:30hrs, we do not feel that a door staff condition is necessary. We do however feel that it is necessary for the venue to be connected with the other busy venues in the area, and have access to the details of banned individuals who need to be kept out of premises to prevent crime and disorder. For this reason we propose the BACIL radio measure which connects the operators, the Leeds Watch camera system and the police, and it also gives access to details of those persons who have been banned due to the commission of crime in the city centre. It is a pro-active crime prevention measure.

Please find enclosed a document which at **Part 1** contains the suggested measures which this authority considers are proportionate and appropriate to the nature of your application.

Should you be in agreement with the suggested measures then please signify this by completing and signing **Part 2** of the enclosed form and return the complete document to this office as soon as possible.

City Centre CIP 2016

Licensing Act 2003

Area 1 relates to the city centre. West Yorkshire Police has shared information and statistics that show that the nature of the city centre is such that the cumulative impact of licensed premises leads to problems that aren't experienced in other parts of the city and this can be attributed to the density of licensed premises in specific areas. The number and close proximity of venues on a street can result in difficulties in identifying individual premises as causing problems and so action planning and reviewing individual licences is not possible.

As a consequence the closure or opening of businesses can have a dramatic effect on reported crime and reported incidents in an area. While individual premises are dealt with using the review process, there are areas in Leeds city centre which may become saturated as new businesses open or existing businesses change their style of operation.

In addition the council recognises that a previous problem area can be improved by the introduction of new styles of business types, such as food led premises and seeks to encourage this.

This dynamic nature has created difficulties in setting a policy for the city centre that will be relevant for five years until the next formal review. Therefore the council has adopted an approach of designating areas within the city centre CIP as 'red' or 'amber' based upon an analysis of crime and disorder in the night time economy and will review these areas on an annual basis.

Areas that are considered highly saturated and that are experiencing particularly high levels of crime, disorder and/or nuisance will be designated as red areas. The policy states that the council will seek to refuse all applications in these **red areas** on the basis that the impact on the licensing objectives is at such a level that the area cannot support any more premises opening or extending their hours and that the council will only grant applications in the red zone in exceptional cases, and those exceptional cases would be where the premises can demonstrate that they will not impact on the issues already being experienced in the area.

Any variation that will effectively increase the occupancy of premises will be viewed in a similar light to new applications as they will increase the available capacity in the same way a new premises in that area would, which in the red area would be unacceptable. Management controls such as door staff checking occupancy may not be effective enough on busy nights to stop an increase in the number of people within the red zone and so potentially lead to more crime and disorder.

The amber area is an area which is of concern based upon an analysis of issues within the night time economy that are relevant to the licensing objectives, and the council will expect applicants to offer additional measures tailored to the problems in that area.

All other areas within the city centre CIP will be designated **green areas** where good quality applications will be generally be more acceptable even though the area is a CIP area.

It is the council's policy, on receipt of relevant representations, to

- refuse new and variation applications in the red area
- to seek additional measures for new and variation applications in the amber area
- To seek good quality applications for application in the green area

This applies to alcohol led premises such as bars, pubs and nightclubs, and for premises seeking late night refreshment such as takeaways and late opening restaurants.

Changes in the last year

In the last year the Council has received a number of applications within the area designated as the red zone in 2015. There has been a trend for existing operators to apply for minor and full variations to bring into use areas which were unlicensed previously, such as roof spaces and redundant boiler rooms. In all cases the premises licence holder has undertaken to keep their capacity the same. However this trend for increasing the licensed area is concerning as the ability to control capacity is difficult.

The issues with disorder in the street on Call Lane has led to a number of variations of a road closure during the night time economy hours, with the council settling on a full road closure between 11pm and 5am on the Friday, Saturday and Sunday night which took effect in October 2015. The sheer numbers of people, often intoxicated, in the street during these hours highlights the need for the overall capacity of the red area to decrease, not increase and so encourage people to drink elsewhere in the city.

Police Reporting

West Yorkshire Police has produced a crime report "*Leeds City Centre: Night Time Economy Related Crime*" dated November 2015 which has been referred to when reviewing the red and amber zones for 2016. This report is referred to as the Police report in this document.

In 2014 Her Majesty's Inspectorate of Constabulary carried out an inspection into the way the 43 police forces in England and Wales recorded crime data. This inspection was the most extensive of its kind that HMIC has ever undertaken into crime data integrity. Further information on the Inspection can be found here:

<https://www.justiceinspectors.gov.uk/hmic/our-work/crime-data-integrity/>

The subsequent report made a number of recommendations and police forces responded by introducing changes in crime recording practices. This has resulted in an increase in the number of recorded crimes in West Yorkshire. Analysis of the changes in crime levels, along with a number of other measures, concluded that a proportion of these recent increases were related to administrative change rather than an increase in criminality. Specifically this change in recording practise has impacted on the level of 'violence against the person', in particular 'violence without injury' as many lower level offences were not previously being recorded.

With respect to the police report, which is extracted in this document, the figures relating to crime other than violent crime are comparable to previous years. The comparisons between red zones provided in this report can also be considered accurate when compared against the same year.

However when viewing the statistics in this report, it must be borne in mind that the Licensing Authority will wait until the report is repeated next year to see if there is a true increase in crime before making substantial changes to the red areas based on violent crime reporting.

General

There are two distinct areas in the city where extra police resources are deployed on a regular basis. These areas are the Call Lane area and the Albion Street/Woodhouse Lane area. Premises in those areas also deploy street marshals at their own expense as it has been recognised that incidents on the street require extra attention and that early intervention can prevent an escalation in the severity of incidents on the street.

As police resources are reducing each year, priorities have been realigned. There has been a reduction in the number of arrests for drunk and disorderly but an increase in assault. The increase in assaults could be due to early intervention methods being cut back, such as the street marshalling scheme and intervention at an early level (i.e. arresting people for being drunk and disorderly), and so the low level offences are escalating to the more serious assault charge.

The following tables have been extracted from the police report and show the levels of crime reported over the last three years.

This table covers both day time and night time economy in the city centre.

Theft, which in the night time economy is generally theft of mobile phones, has reduced significantly due in part to changing technology making phones less attractive but also due to significant work by West Yorkshire Police and the licensed premises on campaigns about keeping phones safe.

The top 10 streets for crime in the city centre remain broadly the same. The top three streets have not changed in the last 3 years although reported crime has reduced overall. The levels are still considered very high. The table below shows the top 10 streets where night time economy offending occurs

The table below shows the top 10 streets where NTE offending occurs:

Call Lane Red Area

The block of premises bounded by Briggate (also known as lower Briggate), Call Lane and Duncan Street remain the predominant hot spot area this year.

This area is still highly concerning and the fact that this area is saturated cannot be overestimated.

There has been an increase in theft and violent crime in the past twelve months. Comparing the assault statistics between the three areas of most concern shows this area to have almost seven times the thefts and four times the violent crime of the other red area, Albion Street/Woodhouse Lane.

This alone shows how important it is that the capacity in this area is not increased and the desire would be to reduce capacity in this area. This increase in capacity would be a consideration for applications to extend hours as well as licensable area.

In the last year there have been no significant problems around Assembly Street or the area behind the Corn Exchange. The problems that have been experienced in this area, in most cases, can be attributed to one premises, which is currently under action planning and is working with West Yorkshire Police to resolve the issues. Therefore the red area has been reduced to remove Assembly Street and the area behind the Corn Exchange.

In the last year the Licensing Authority has received a number of applications in the red area. One premises applied to remove conditions that tied the premises into a food led operation, which was refused. The licensing subcommittee did approve some structural alterations.

Another application for extended hours was granted, but the operating schedule offered to shut parts of the premises earlier, offered a food led operation on the first floor, and applied various other conditions. A third application for the grant of a new premises licence proposed an early closing time, full food menu and an emphasis on music concurrent with their retail business. This was considered an exceptional application and was granted.

These applications show that providing an exceptional case that proves the premises would not impact on the issues already being experienced in the area does allow the Licensing Authority to grant applications in the red area.

There has been a dramatic increase when comparing theft and violent crime in 2013/14 to 2014/15. However, as previously stated this could be due to a change in reporting with the 2014/15 figures being a truer reflection of criminality in this area.

Albion Street/Woodhouse Area

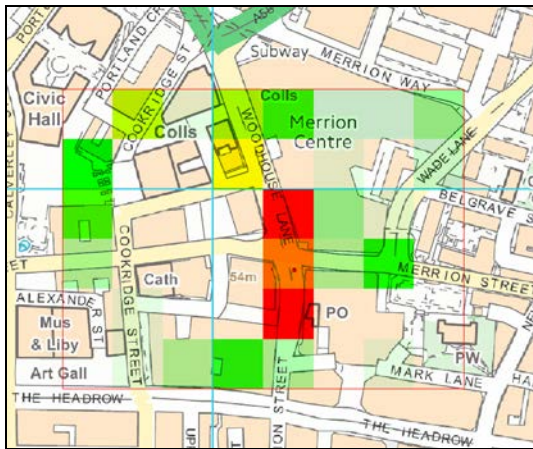

In the last year we have received three applications for licensed premises in this area – a restaurant serving a range of Caribbean food and cocktails and two takeaway premises. The restaurant was granted with conditions which tied it to a food led operation closing at 1am, but the two takeaway applications were refused.

Albion Street and Woodhouse Lane remain in the top 4 streets for reported crime.

Although the crime stats show a reduction in theft, robbery and a slight decrease in sexual offences, there is a worrying increase in violent crime and new secondary peak in the time analysis which shows that crime in this area is now a problem from 23:00hrs. This could be attributed to the change in recording of violent crime and so this will need to be reviewed next year.

The possible increase in violent crime and the early peak time shows it is important to maintain this red area.

Cross Belgrave Street, Merrion Street

As reported last year, a new area in Leeds has been developed in the north of the city. The new bars mentioned in last year's report have opened and as predicted have proven very popular.

There is a worrying increase in violent crime and theft in this area compared to last year but this may be attributed to the change in recording of crime as mentioned earlier in this report.

Although busy this area is not a major concern to the Licensing Authority. There have been one off incidents but these have been attributed to specific premises which have been subject to action planning.

This area remains in the amber area this year, as this provides the most flexibility to negotiate with applicants regarding safeguards that can be put in place. However if crime levels increase further this area will be subject to further review next year and may face being placed in a red zone.

Conclusion

The conclusions from the Police report are:

- Overall offending in Leeds City centre has dropped in the 14/15 year by 785 when compared to 13/14.
- Most incidents in licensed premises are thefts or assault. The number of assaults in licensed premises has increased in 14/15 compared to 13/14, as has the number of associated alcohol involved flags.
- During the DTE, thefts are a problem despite a drop in 14/15 compared to 13/14.
- During the NTE, assaults increase and are greater than the same figure last year.
- Call Lane, Briggate and Albion Street have had the most offences in 14/15.
- Assaults are roughly split between off street and on street offending in 14/15 and are consistently so over the examined period. There are more reports of off street theft offences than on street.
- Seasonality shows assault, drunk & disorderly, theft from person and theft non-specific reduce over the summer months of May – August and increase steadily peaking in December.
- Hotspot locations for NTE offending are around Duncan Street and Lower Briggate.
- The top 3 offence categories – assault, theft from person and theft non-specific, tend to occur in two broad locations. Area 1 is around Merrion Street/Woodhouse Lane/New Briggate. Area 2 is around Boar Lane/ Duncan Street/Lower Briggate/ Call Lane and has a denser amount of offences.
- Males are generally victims and offenders in assaults. Females are more likely to be victims in theft offences.

With these conclusions in mind the Licensing Authority has determined that the red area around Assembly Street and Crown Street be reduced. All other areas remain the same. Merrion Street/Cross Belgrave Street area will be closely monitored with a view to placing it in a red zone should the crime figures not improve in the next 12 months. Similarly the worrying increase in theft and violent crime in the two red areas will be closely monitored.

- 7.3 The council will take into account the existing pattern of licensed premises in an area when considering what is appropriate to promote the objectives. Applications which are significantly out of character for a locality will need to demonstrate that granting the hours sought will not impact on the licensing objectives, given the potential for neighbouring premises to seek the same additional hours to prevent rivals gaining a commercial advantage.
- 7.4 A list of premises in the local area and their licensed hours and activities is provided at Appendix F.

 - Grant the application whilst imposing additional conditions and/or altering in any way the proposed operating schedule.
 - Exclude any licensable activities to which the application relates.
 - Refuse to specify the said person as the designated premises supervisor.
 - Reject the whole or part of the application.

9.2 Members of the licensing subcommittee are asked to note that they may not reject the whole or part of the application merely because they consider it desirable to do so. It must be appropriate in order to promote the licensing objectives.

Guidance about this document

1. The Licensing Authority recommends that you complete this specially designed pro forma risk assessment to help you decide what should be entered in your operating schedule to show how you will promote the four licensing objectives.
2. Whilst the Licensing Authority cannot insist that you use this document it takes the view that it assists responsible authorities in assessing the operating schedule, promotes discussions and partnership working and will reduce the number of representations and hearings.
3. If you do not use this risk assessment pro forma then you will need to demonstrate how you will meet the licensing objectives by providing other supporting evidence via your operating schedule.
4. The Licensing Authority strongly recommends that you consult with the responsible authorities early in the application process to ensure that the measures you are suggesting are appropriate and sufficient for your application. Contact details for the responsible authorities are in the guidance note in the application pack. Please contact Entertainment Licensing if you cannot find this information.

How to use this document

1. This document has four sections which correspond with the four licensing objectives. In each section you will find information on potential control measures (each with an individual code) which we suggest may help you meet the four licensing objectives.
2. Run through the questions at the beginning of each section and consider the potential control measures listed in the columns beneath.
3. If you are happy to volunteer the control measures as part of your application place a tick in the relevant box in the right hand column. You can then enter the corresponding codes in page 14 of your application form in the boxes which match up with the licensing objectives or simply write "see pro forma risk assessment". These measures will then appear on your licence.

PART 1

To be completed by the responsible authority

Leeds City Council's Environmental Action Service

Proposed Controlled Measures under the Licensing Act 2003

Name and Address of Premises: 48 & 50 Westgate, Otley, LS21 3AS,

Having considered the application under the Licensing Act 2003 for the above premises, we consider that the following measures are relevant and reasonable in order to meet the following aim of the licence:

The proposed hours of use:

Sunday to Thursday: 1600 to 1:00

Friday and Saturday: 1600 to 2:00

The site has been operated as a number of different hot-food takeaway businesses since the mid 1980s. This department has received complaints from residents of domestic properties in the vicinity relating to odour in, 2013 2015 and noise in 2007 and 2010; however they have been resolved informally on each occasion. Planning permission for the site restricts hours of use to 0800 to 2400 Sunday to Thursday and 0800 to 0030 Friday and Saturday. This reflects licensing hours for the site under previous operations. Therefore the hours the premises should be restricted to:

Sunday to Thursday: 0800 – 0000

Friday and Saturday: 0800 – 0030

- Prevention of public nuisance

Noise and Vibration

1. Licensable activities shall be conducted and the facilities for licensed activities shall be designed and operated so as to prevent the transmission of audible noise or perceptible vibration through the fabric of the building or structure to adjoining properties.
2. There shall be no external loudspeakers.
3. Bottles will not be placed in any external receptacle between 11 pm and 7 am the following day to minimise noise disturbance to neighbouring properties.
4. Noise from plant or machinery shall not be audible at the nearest noise sensitive premises during the operation of the plant or machinery. Plant and machinery shall be regularly serviced and maintained to meet this level.
5. The activities of persons using the external areas shall be monitored after 11 pm and they shall be reminded to have regard to the needs of local residents and to refrain from shouting and anti-social behaviour etc. when necessary.

Litter

6. The PLH/DPS shall ensure that litter arising from people using the premises is cleared away regularly and that promotional materials such as flyers do not create litter.

Transport / Pedestrian Movement

7. Clear and legible notices will be displayed at exits, car parks and other circulatory areas requesting patrons to leave the premises quietly having regard to the needs of local residents, in particular emphasising the need to refrain from shouting, slamming car doors, sounding horns and loud use of vehicle stereos and anti-social behaviour.

Stance: Customer objects to the Licensing Application

Comment Reasons:

Comment: 12:58 PM on 10 Feb 2016 This is a residential area outside of the town centre and it would not be appropriate for a late night licence.

Increased noise, litter & anti-social behaviour would blight this residential area. Enforcement in Otley by Police, LASBT and Environmental Action Teams is virtually non-existent and I see no reason why this would change.

For all of these reasons I wish to register my objection.

I am writing regarding the licence application for Best Kebab 48/50 Westgate, Otley, LS21 3AS I Live at [redacted] and I object to Best Kebab having a drinks licence, I don't think there is any need for a kebab takeaway to be supplying alcohol till 1am midweek and 2am on the weekend, it is not in the centre of a town, or city, surrounded by businesses, although it is on the road going out of town, it is surrounded by residential houses, many who have children. We have enough noise and carrying on till the early hours with people waiting for their "food". My house is a road back from the main road but we over look the garages and into the little car park on Westgate and the noise wakes us up on a weekend, so I can't imagine how noisy it is nearer and overlooking the takeaways, I think them selling alcohol will only make people hang around even more. And it seems to me that teenagers seem to hang round there a lot till all hours. So I think it will be an even better incentive for the teenagers to be hanging round. So I would like to object.

Yours Sincerely,

Joanne Arbuckle
