Appendix number:		

Summary of Main Issues

This is an application for the grant of a premises licence made by Mr Mahboob Hussain for a Restaurant/Cafe at 5 Briggate, Leeds, LS1 4AF.

The application is made for a premises wishing to operate as a takeaway with the sole provision of late night refreshment.

Members should note that these premises reside within the 'Red Zone' of the Leeds City Centre Cumulative Impact Area. Further information on the policies in place for this area are included within this report.

Responsible authorities and Ward Members have been notified of this application.

The application has attracted representations from West Yorkshire Police and the Licensing Authority objecting to the application in its entirety.

A representation has also been received from the Environmental Protection Team suggesting measures to uphold the licensing aims and reduce the terminal hour each day for late night refreshment and the opening hours. Both the measures and reduction have been agreed and the representation subsequently withdrawn.

Further representations have been received from several licensed premises and businesses in the vicinity that remain a matter outstanding for Member's consideration.

1 Purpose of this Report

- 1.1 To advise Members of an application made under Section 17 of the Licensing Act 2003 ("the Act") for a new premises licence in respect of the above mentioned premises.
- 1.2 Members are required to consider this application due to the receipt of representations.

2 History of the Premises

- 2.1 This is the first application for a premises licence for these premises.

3 The Application

- 3.1 The applicant's name is Mr Mahboob Hussain.
- 3.2 In summary the application is for:

Late Night Refreshment

<i>Monday to Saturday</i>	<i>23:00 until 04:00 hours</i>
<i>Sunday</i>	<i>23:00 until 02:00 hours</i>

Non standard timings

There are no non-standard timings for bank holidays or special occasions are proposed.

- 3.3 However following an agreement reached with the Environmental Protection Team, the terminal hour has been reduced as follows:

Late Night Refreshment

<i>Monday to Saturday</i>	<i>23:00 until 02:00 hours</i>
<i>Sunday</i>	<i>23:00 until 00:00 hours</i>

Hours the premises are open to the public

<i>Monday to Saturday</i>	<i>12:00 until 02:00 hours</i>
<i>Sunday</i>	<i>12:00 until 00:00 hours</i>

4 The Operating Schedule

- 4.1 The applicant proposes to promote the licensing objectives by taking the steps identified in Section M of the application form. A copy of which can be found at Appendix A.

5 Location

- 5.1 A map which identifies the location of these premises is attached at Appendix B.

6 Representations

- 6.1 Under the Act representations can be received from responsible authorities or other persons. Representations must be relevant and, in the case of another person, must not be frivolous or vexatious.

Representations from Responsible Authorities

- 6.2 Representations have been received from West Yorkshire Police, Leeds Council's Licensing Authority and the Environmental Protection Team in their capacities as responsibility authorities.
- 6.3 Any representation may be negotiated prior to the hearing and in this instance the operating schedule has been amended to include the reduced hours and measures agreed with the Environmental Protection Team. A copy of the agreement can be found at Appendix C.
- 6.4 The representations submitted by West Yorkshire Police and the Licensing Authority object to the application in its entirety. The grounds for each objection centre on the location of the premises within the 'Red Zone' of the Leeds City Centre Cumulative Impact Policy and the issues being experience in this area due the high saturation of licensed premises. Further information is detailed at point 7 of this report.
- 6.5 The representation submitted by West Yorkshire Police remains outstanding and a matter for Member's consideration. A copy can be viewed at Appendix D of this report.
- 6.6 The representation on behalf of the Licensing Authority also remains outstanding and can be viewed at Appendix E of this report.

Other representations

- 6.7 The application has attracted seven representations on behalf of other licensed premises and businesses in the surrounding area, which focus on the potential problems including noise pollution, environmental issues and security.
- 6.8 In order to protect personal data, redacted copies of these representations are attached at Appendix F of this report whilst original copies will be available at the hearing for Members consideration.

7 Cumulative Impact Policy

- 7.1 The premises are located within the 'Red Zone' of the Leeds City Centre Cumulative Impact Area.
- 7.2 Cumulative impact means the potential impact on the promotion of the licensing objectives due to the significant number of licensed premises concentrated in one area.
- 7.3 An applicant wishing to obtain a new licence for premises falling within any of the cumulative impact areas must identify, through the risk assessment process and/or the operating schedule, the steps they intend to take so that the council and responsible authorities can be satisfied that granting a new licence would not add to the impact already being experienced.
- 7.4 Details of the cumulative impact policy specific to this and an outline of the evidence behind the reason for setting this policy is attached at Appendix G.

7.5 Members are directed to paragraphs 7.51 to 7.54 of the Statement of Licensing Policy which provides examples of how an application may be considered exceptional and the matters that the council would not normally take into consideration.

8 Licensing Hours

8.1 Members are directed to paragraphs 6.8 to 6.15 of the Statement of Licensing Policy which states the criteria that will be applied to any decision for new applications or variations which include extending hours.

8.2 In brief the Policy states at 6.14 that restrictions may be made to the proposed hours of use where, after receiving relevant representations, the council considers it appropriate for the promotion of the licensing objectives to do so.

8.3 The council will take into account the existing pattern of licensed premises in an area when considering what is appropriate to promote the objectives. Applications which are significantly out of character for a locality will need to demonstrate that granting the hours sought will not impact on the licensing objectives, given the potential for neighbouring premises to seek the same additional hours to prevent rivals gaining a commercial advantage.

8.4 A list of premises in the local area and their licensed hours and activities is provided at Appendix H.

9 Equality and Diversity Implications

9.1 At the time of writing this report there were no implications for equality and diversity. Any decision taken by the licensing subcommittee will be in accordance with the four licensing objectives as prescribed by the Licensing Act 2003.

10 Options Available to Members

10.1 The licensing subcommittee must take such of the following steps as it considers appropriate for the promotion of the licensing objectives:

- Grant the application as requested.
- Grant the application whilst imposing additional conditions and/or altering in any way the proposed operating schedule.
- Exclude any licensable activities to which the application relates.
- Reject the whole or part of the application.

10.2 Members of the licensing subcommittee are asked to note that they may not reject the whole or part of the application merely because they consider it desirable to do so. It must be appropriate in order to promote the licensing objectives.

11 Background Papers

- Guidance issued under s182 Licensing Act 2003
- Leeds City Council Statement of Licensing Policy

M

Describe the steps you intend to take to promote the four licensing objectives:

a) **General – all four licensing objectives (b, c, d, e)** (please read guidance note 9)

HEALTH & SAFETY – OPERATIVE ON-SITE

b) **The prevention of crime and disorder**

CCTV

c) **Public safety**

NO TRIP HAZARDS OR OBSTACLES HAND RAILING TO ENTRANCE RAMP AND FIRE SAFETY IN ACCORDANCE TO CURRENT CODES OF PRACTISE & LEGISLATION.

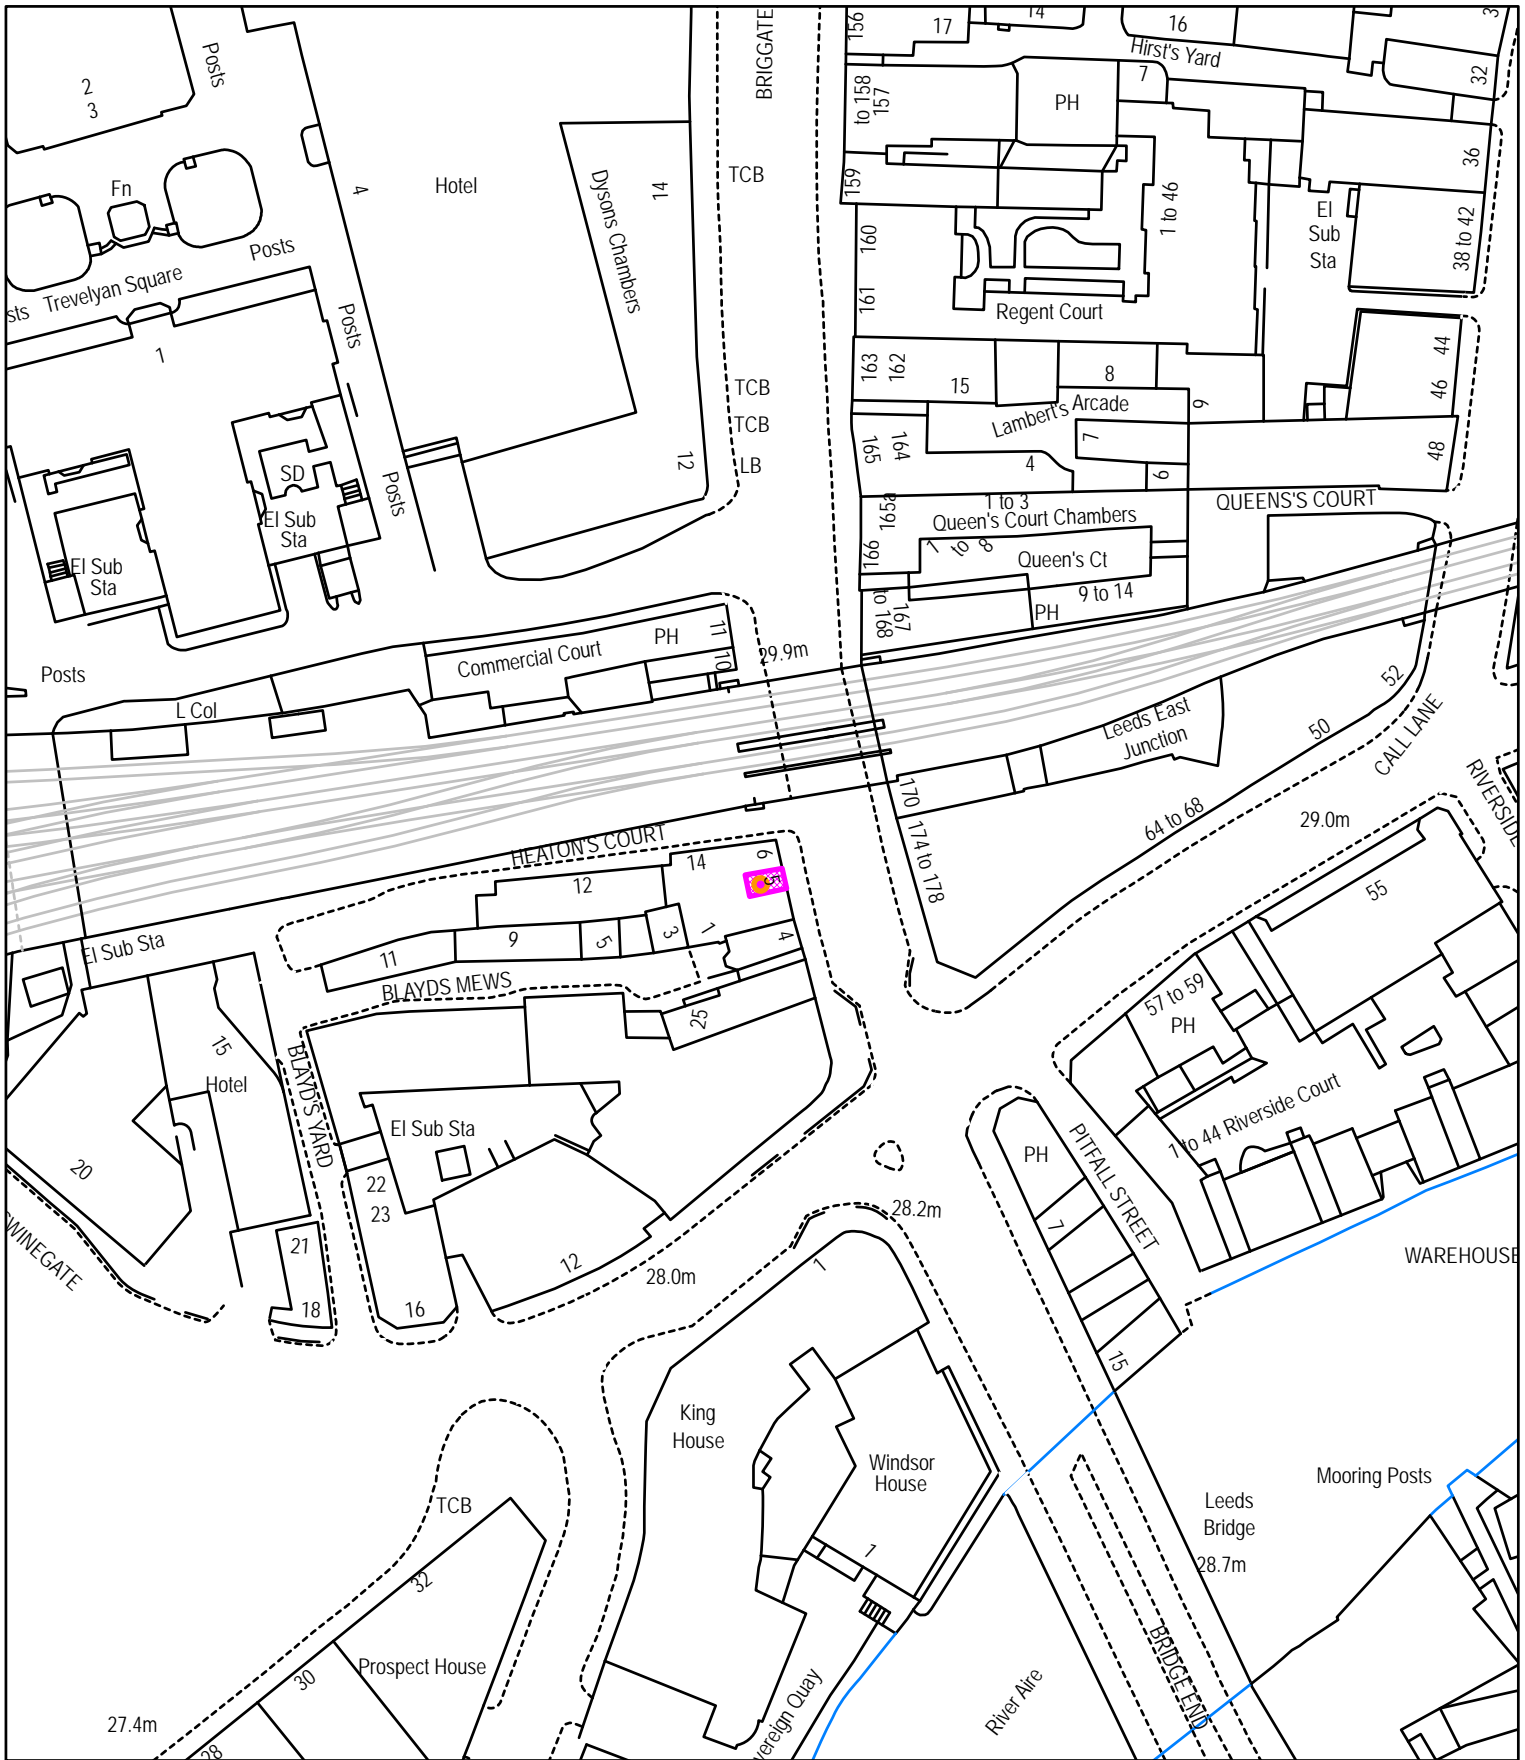

d) **The prevention of public nuisance**

CCTV

e) **The protection of children from harm**

HAVE CORRECT CHILDRENS SEAT ARRANGEMENT, NO TRIP HAZARDS OR OBSTACLES HAND RAILING TO ENTRANCE RAMP AND FIRE SAFETY IN ACCORDANCE TO CURRENT CODES OF PRACTISE & LEGISLATION.

12 April 2017

Dear Mr Singh

Licensing Act 2003

Name and Address of Premises: 5 Briggate, Leeds, LS1 4AF,

We refer to your licensing application for the above premises. We believe you have not given enough information about how you intend to meet a licensing objective, which is to prevent public nuisance. We therefore submit a formal objection to your application that includes information specifically associated with the premises and the area .

You could meet the objective by agreeing to certain measures that we suggest are reasonable and relevant to your application. Please see part 1 of the enclosed document.

If you agree with the measures please complete and sign part 2 of the enclosed form and return it to us as soon as possible. Once we receive the form we will take it that you wish the licensing authority to amend your operating schedule to include those measures as conditions on the licence. If you disagree with the suggested measures then please complete part 3 and return it to us as soon as possible.

If you feel we should consider anything else or you have any questions please do not hesitate to contact us.

If the opening hours you propose under this application differ to those on the current planning approval then you should also apply to Planning Services to vary the hours. If you operate without planning permission you may have not met the relevant planning condition. You can contact Planning Services on 0113 222 4409.

Yours sincerely

Gary Mann
Senior Environmental Health Officer

PART 1

To be completed by the responsible authority

**Leeds City Council's Environmental Action Service
Proposed Controlled Measures under the Licensing Act 2003
Name and Address of Premises: 5 Briggate, Leeds, LS1 4AF,**

This is a new premises so there is no complaint history however other establishments in the immediate area close at 2am (i.e. the Bridge, Cuba de Revolution). That the hours of operation applied for would set a precedent in an area already served by late opening venues. If the precedent was set and other businesses granted such hours then there would be a significant added impact of noise disturbance deeper into the early morning hours to the surrounding residential premises. The existing impact includes noise from loud music and from sources outside such as from customers.

- The application premises are situated within the amber area of the City Centre Cumulative Impact Policy area; which is of concern based upon an analysis of night time economy-related issues that are relevant to the licensing objectives. We expect applicants to offer additional measures tailored to the problems in that area. You have offered no insufficient measures to address concerns related to the prevention of public nuisance.

Having considered the application under the Licensing Act 2003 for the above premises, we consider that the following measures are relevant and reasonable in order to meet the following aim of the licence:

- Prevention of public nuisance

The applicant has applied for the following hours:

Hours of operation

Monday to Saturday 12:00 to 4:00
Sundays 12:00 to 2:00

Late Night refreshment

Monday to Saturday 23:00 to 4:00
Sundays 23:00 to 2:00

The hours shall be restricted to:

Hours of operation

**Monday to Saturday 12:00 to 2:00
Sundays 12:00 to 00:00**

Late Night refreshment

Monday to Saturday 23:00 to 2:00

Sundays

23:00 to 00:00

Noise and Vibration

1. There shall be no external loudspeakers
2. Bottles will not be placed in any external receptacle between 11 pm and 7 am the following day to minimise noise disturbance to neighbouring properties.
3. Noise from plant or machinery shall not be audible at the nearest noise sensitive premises during the operation of the plant or machinery. Plant and machinery shall be regularly serviced and maintained to meet this level.

Litter

4. The PLH/DPS shall ensure that litter arising from people using the premises is cleared away regularly and that promotional materials such as flyers do not create litter.

Transport / Pedestrian Movement

5. Staff will monitor the activity of persons leaving the premises and remind them of their public responsibilities where necessary.

**RE: 5, BRIGGATE, LEEDS, LS14AF
APPLICATION FOR A NEW PREMISES LICENCE – LICENSING ACT 2003:
POLICE – LETTER OF REPRESENTATION – CUMULATIVE IMPACT POLICY:**

Thank you for submitting your application for the above premises, received at the address above on 20th March 2017.

The application relates to premises which fall within one of the areas of Leeds currently subject to a policy of cumulative impact, as detailed in the present Statement of Licensing Policy 2014-2018, issued by Leeds City Council as the licensing authority.

The area concerned in this particular case is **Area 1 Leeds City Centre**.

Therefore, in line with the current statutory guidance issued by the Secretary of State under Section 182 Licensing Act 2003, West Yorkshire Police make representations based on the Cumulative Impact Policy (CIP) of the area concerned and highlighted above, where the licensing objectives and particularly the prevention of crime and disorder and prevention of public nuisance objectives, are being adversely affected.

The proposed premises are located in the current red zone in the cumulative impact area. The Council's policy states:

7.20 "The council will seek to refuse all applications in these red areas on the basis that the impact on the licensing objectives are at such a level that the area cannot support any more premises opening or extending their hours no matter how impressive the concept or application is. The council will only grant applications in the red zone in exceptional cases", and

NOT PROTECTIVELY MARKED

NOT PROTECTIVELY MARKED

7.24 *“It is the council’s policy, on receipt of relevant representations, to*

- *Refuse new and variation applications in the red area*
- *To seek additional measures for new and variation applications in the amber area*
- *To seek good quality applications for application in the green area*

7.25 *“This applies to alcohol led premises such as bars, pubs, and nightclubs, and for premises seeking late night refreshment such as takeaways and late opening restaurants”.*

The location of these premises is in very close proximity to a multitude of other licensed premises in this area. It is an alcohol related violent crime hotspot for robbery, assault and theft. The peak time for crime is between midnight and 05:00 hrs. The majority of hours of operation applied for by the applicant, 23:00 until 04:00 Mon to Sat, and 23:00 until 02:00 on a Sunday, therefore fall right in to these peak times.

The latest analysis of crime data provided to Leeds City Council upon which the Cumulative Impact Policy is based shows that the Briggate/Call Lane area has experienced a 17% rise in reported crime since the last review of crime statistics a year ago. The peak times for crime in the Night Time Economy have also extended to 05:00hrs from 04:00hrs, and assaults and thefts have risen. The highest concentration of offences in the city remains in this area, and has slightly extended compared with the previous 12 months. The area is not improving – it is deteriorating – and this is the area where the applicant wishes to open a new business.

The measures offered to promote the licensing objectives are scant and suggest that the applicant has little or no idea of the issues in this area of the city after midnight. They certainly do not convince me that the granting of a premises licence would not undermine the licensing objectives.

Extra police resources have to be deployed to this area on Friday and Saturday evenings, and over Bank Holiday weekends, in an attempt to help reduce the crime and disorder associated with people frequenting the large amount of licensed premises in the immediate area. These crimes/incidents range from thefts and robberies to public order offences, assaults, serious disorder and also sexual offences. An ambulance is also regularly parked at the junction of Briggate/Boar Lane and Duncan Street to help deal with the amount of injuries sustained due to assaults and accidents caused by over intoxication in the Night Time Economy (NTE). This is in an attempt to help reduce the strain which the NTE puts on the Accident & Emergency Department of the NHS.

The saturation of the area is such that determining which venues may bear some responsibility for the issues is practically impossible, and means that they cannot be dealt with by way of review or enforcement meetings. A strong Cumulative Impact Policy is therefore imperative to prevent already existing venues extending their licensable hours, and to prevent further premises licences being granted in that area which would add to the considerable impact already being

Therefore, in terms of location (RED ZONE), and in terms of applying for a new premises licence to provide late night refreshment from 23:00 until 04:00, West Yorkshire Police consider that this application implicates the current policy of cumulative impact for Leeds City Centre in the red area, and advise that it be refused, unless the presiding Sub-Committee are convinced that the grant of this licence will not negatively impact on the cumulative impact of existing licensed premises in the area.

Your ref:

11th April 2017

Dear Mr Husain

Café/Restaurant, 5 Briggate, Leeds LS1 4AF
Application for a grant of a premises licence under the Licensing Act 2003
Licensing Authority Letter of Representation

Thank you for submitting your application for the above premises.

The area in which the subject premises is located is within a cumulative impact area. It is the council's policy, on receipt of relevant representations, to refuse new and variation applications in this area for alcohol led premises such as bars, pubs and nightclubs and for premises seeking late night refreshment such as takeaways and late opening restaurants, unless the applicant can demonstrate that their application would not impact on the cumulative effect of such licensed premises in the area.

Specifically your application falls within the red area of the City Centre CIP. As stated at 7.20 of the Statement of Licensing Policy 2014 to 2018 the council will seek to refuse all applications in these red areas on the basis that the impact on the licensing objectives are at such a level that the area cannot support any more premises opening or extending their operation no matter how impressive the concept or application is.

I refer you to 7.51 to 7.53 of the Policy which describes how, when considering the presumption against grant in a CIP area, the council will need to be satisfied that the grant of this licence will not impact on the cumulative impact of existing licensed premises in the area. The council will only grant applications in the red zone in exceptional cases. It will be for you to advise the council how your application would be an exceptional case.

I note that the application is for late night refreshment to 4am, 6 days a week and 2am on Sunday.

You provide very few measures in Section M of the application that address the issues operating a late night establishment in this area may experience.

Website: www.leeds.gov.uk
Switchboard: 0113 222 4444

INVESTOR IN PEOPLE

Late night refreshment applications are considered within scope of the CIP as they add to the cumulative impact of licensed premises in the area. Instead of dispersing away from the area, late night takeaways hold people in areas where there is already an accumulation of people. This area already suffers from an accumulation of people, most of whom are in drink, and who already have a significantly negative impact on the licensing objectives. Providing a takeaway in this location would not reduce the cumulative impact of licensed premises in the area but increase it.

Bearing in mind the severity of the problems being experienced in the area with this area suffering from the highest levels of violent crime and disorder incidences in the city centre, with an increase in the last 12 months of over 17% in this area, the Licensing Authority is of the opinion that your application contains insufficient information about how your proposed business would not add to the impact already being experienced in the area.

In addition the quality of this application is very poor. It does not demonstrate that you have an understanding of the issues being experienced in the area or indeed the issues related with the operation of a late night refreshment business in a busy city centre.

You have made no effort to contact the Licensing Authority to discuss the measures you might need prior to submitting your application, as recommended in the Statement of Licensing Policy, and only provided an amended operating schedule after being prompted to by the licensing officer because your initial operating schedule offered measures that made little sense.

The licensing authority requires good quality applications for any part of the city centre, as per the Statement of Licensing Policy (paragraphs 7.20 to 7.22), and to assist prospective applicants the licensing authority provides a cumulative impact assessment and a risk assessment proforma to guide them in proposing measures that mitigate against the issues being experienced in the area. This application does not include any such measures or even demonstrate that you have read the policy, the risk assessment proforma or the cumulative impact assessment for the city centre.

Therefore the licensing authority submits a formal representation against your application on the grounds of the prevention of crime and disorder and will strongly recommend to the licensing sub-committee that this application is refused.

Should you have any questions, please contact us.

Yours faithfully

Susan Holden
Principal Licensing Officer
Entertainment Licensing

Subject: Ref 5 Briggate Leeds

I am writing to object to the requested late night refreshment licence for the above premises which was previously a tailors. The proposed take away will cause noise issues to our guests with 9 bedrooms being located at the end of the road. We already have numerous issues from the local bars, taxi rank and the other take away outlet located some distance away and another will further effect our business.

We have guests staying who are here to have a restful sleep whilst visiting Leeds and is it really appropriate to allow a further potential noise issue and once again portray Leeds as a party town rather than a City of Commerce? It is already rather embarrassing explaining to guests that Leeds is in fact a city of culture rather than a hen and stag party town!

Typically these type of outlets only attract drunken people and allowing them to dine up to 4am really does indicate that this is who the take away wish to attract. The other local take away regularly has issues with intoxicated people, violence and police on occasions in attendance and I am dismayed that it would ever be considered sensible allowing another potential police and noise hot spot. Does one small road really require another take away? McDonalds and Burger King are also located in the area. I think anyone who is requiring food after 2am really isn't the type of person we want Leeds to be showing off to our many UK and International visitors.

This is also likely to cause further litter issues in what is already a rather badly littered area.

Kind Regards

To Whom It May Concern:

It has recently come to our attention that there are proposed plans to turn 5 Briggate into a new takeaway restaurant. The purpose of this letter is to object on the grounds that there are a number of highly concerning factors:

Noise Pollution

- The apartments that are rented out to customers through our business [REDACTED] [REDACTED] [REDACTED] are in too close a proximity to other similar establishments. We already have noise issues and complaints due to large volumes of people in the area, with significant volumes over the weekend.
- Due to the large capacity of venues within the area, which operate dispersal policies, adding another takeaway in the area will have a negative impact on the policies in place. To support this further, there are concerns that the area is already classified as a 'CIZ Red Zone'. The zone is already saturated with existing premises licences.

Environmental

- With the existing takeaway Luigi's open at 10 Briggate, there is already a prominent issue of litter and rubbish accumulating on the streets and outside venues.
- There is no specified or available space designated for bin stores on the proposed takeaway at 5 Briggate.
- Without an appropriate area to properly dispose of rubbish, this is going to lead to further littering issues.
- Having another takeaway on the same street attracts an influx of beggars, homeless persons and undesirable characters.

Security

- It is evident that there are already security concerns surrounding food establishments in the area, with a key focus on the McDonald's outside Trinity shopping centre. To operate with minor issues, this establishment requires at least 6 security guards.

Other

- There are no provisions in place for disabled access into the proposed takeaway
- Premises only recently became free, there has been no opportunity for retail development

Taking the above into account, we do not believe this to be a genuine consideration for a takeaway food licence to be granted. Our collection of businesses that include; [REDACTED] [REDACTED] are investing heavily into the area and Leeds in general.

We would appreciate this application being reviewed, as we believe this would have a negative impact on the immediate area moving forward.

Thank you for you revaluation of this licence application.

Yours faithfully,

To Whom It May Concern:

Cumulative Impact Assessment

City Centre – December 2016

Area 1 relates to the city centre. West Yorkshire Police has shared information and statistics that show that the nature of the city centre is such that the cumulative impact of licensed premises leads to problems that aren't experienced in other parts of the city and this can be attributed to the density of licensed premises in specific areas. The number and close proximity of venues on a street can result in difficulties in identifying individual premises as causing problems and so action planning and reviewing individual licences is not possible.

The closure or opening of businesses can have a dramatic effect on reported crime and incidents in an area. While problems at individual premises are dealt with using action planning and the review process, there are areas in Leeds city centre which become saturated as new businesses open or existing businesses change their style of operation.

In addition the council recognises that a previous problem area can be improved by the introduction of new styles of business types, such as food led premises and seeks to encourage this.

The dynamic nature of the city centre has created difficulties in setting a policy that will be relevant for five years until the next formal review of the Licensing Policy. Therefore the council has adopted an approach of designating areas within the city centre CIP as 'red' or 'amber' based upon an analysis of crime and disorder in the night time economy and will review these areas on an annual basis.

Areas that are considered highly saturated and that are experiencing particularly high levels of crime, disorder and/or nuisance will be designated as red areas. The policy states that the council will seek to refuse all applications in these **red areas** on the basis that the impact on the licensing objectives is at such a level that the area cannot support any more premises opening or extending their operation and that the council will only grant applications in the red zone in exceptional cases. Exceptional does not mean that an application is innovative or novel, but that it allows Members to make an exception to their policy. Those exceptional cases would be where the premises can demonstrate that they will not impact on the issues already being experienced in the area, i.e. by containing their operation within the hours of the daytime and early evening economy.

Any variation that will effectively increase the occupancy of premises will be viewed in a similar light to a new application as it may increase the available capacity in the same way a new premises in that area would, which in the red area would be unacceptable. Similarly new businesses seeking to introduce a new concept, and so attract different people into the area, may be acceptable in the amber area but in the red area the problems are exacerbated by the sheer number of people on the street during the peak hours and introducing a new or extended business, even with a different concept, would add to the impact rather than reduce it.

Management controls such as door staff will not be adequately effective in preventing an increase in the number of people within the red zone.

The **amber area** is an area which is of concern, based upon an analysis of issues within the night time economy that are relevant to the licensing objectives, and the council will expect applicants to offer additional measures tailored to the problems in that area. Applicants are strongly advised to consult with West Yorkshire Police and the licensing authority during their application process. By working together, the responsible authorities and businesses can establish working practices that reduce crime and disorder and so benefit the long term aims of the city to be a vibrant, thriving economy.

All other areas within the city centre CIP will be designated **green areas** where good quality applications will be generally be more acceptable even though the area is a CIP area.

It is the council's policy, on receipt of relevant representations, to

- refuse new and variation applications in the red area
- to seek additional measures for new and variation applications in the amber area
- to seek good quality applications for application in the green area

This applies to alcohol led premises such as bars, pubs and nightclubs, and for premises seeking late night refreshment such as takeaways and late opening restaurants.

Extra scrutiny is given to applications which appear to adopt a number of different styles during their trading. For example businesses that purport to be food led but seek late opening hours may be judged to be predominantly alcohol led due to their late night activities. It is for the applicant to demonstrate how their business will not impact on the licensing objectives.

Changes in the last year

There are two distinct areas in the city where extra police resources are deployed on a regular basis. These areas are the Call Lane area and the Albion Street/ Woodhouse Lane area. Premises in those areas deploy street marshals at their own expense as it has been recognised that incidents on the street require extra attention and that early intervention can prevent an escalation in the severity of incidents on the street.

As police resources are reducing each year, priorities have been realigned. There has been a small reduction in the number of arrests for drunk and disorderly but an increase in assault. The increase in assaults could be due to early intervention methods being cut back, such as the street marshalling scheme and intervention at an early level (i.e. arresting people for being drunk and disorderly), and so the low level offences are escalating to the more serious assault charge.

The issues with disorder in the street on Call Lane has led to a road closure between 11pm and 5am on the Friday, Saturday and Sunday night which took effect in October 2015. The sheer numbers of people, often intoxicated, in the street during these hours highlights the need for the overall capacity of the red area to decrease, not increase.

The Council continues to receive applications within the areas designated as red. There has been a trend for existing operators to apply for minor and full variations to bring into use areas which were unlicensed previously. In all cases the premises licence holder has undertaken to keep their capacity the same. However this trend for increasing the licensed area is concerning as the ability to control capacity is difficult. Any application seeking an increase in floor space, even without an increase in stated capacity, can expect close scrutiny.

Police Crime Reporting

West Yorkshire Police has produced a crime report "*2016-10 Night Time Economy – City v4*" dated October 2016 which has been referred to when reviewing the red and amber zones for 2017. This report is referred to as the Police report in this document. It uses reported crime figures from 01/09/2014 – 31/08/2016.

In 2014 Her Majesty's Inspectorate of Constabulary made recommendations to change crime recording practices. This resulted in an increase in the number of recorded crimes in West Yorkshire in 2015. Analysis of the changes in crime levels, along with a number of other measures, concluded that a proportion of these recent increases were related to administrative change rather than an increase in criminality. Specifically this change in recording practise has impacted on the level of 'violence against the person', in particular 'violence without injury' as many lower level offences were not previously being recorded.

The police report only compares statistics from the last two years, as the statistics are not comparable going further back than that due to the changes in the way in which crime is recorded.

The following data tables and key findings (signified by bullet points) have been extracted from the police report.

City Centre

Occurrence Type	01/09/2014 - 31/08/2015	01/09/2015 - 31/08/2016	Change +/-	% Change

Total	2734	3132	398	15%

Figure 5 shows the offences during the NTE (18:00 – 05:59) between 01/09/2014 – 31/08/2016

The tables clearly show that there has been an increase in crime across the city centre. The police report conclusions state:

- An analysis of the examined offences shows overall offending in the City Centre has increased by 13% compared with the previous examined period.
- During 01/09/2015 – 31/08/2016 Assaults and Public order offences have seen the highest increases in terms of volume compared with the previous year. Public Order and Robbery offences have experienced the greatest percentage change. The majority of the examined offences experienced an increase with the exception of Drunk and Disorderly and Murder / Manslaughter offences.
- Assaults and Thefts have the highest number of offences with a licensed premises flag and experienced the greatest increases during the period 01/09/2015 – 31/08/2016 compared with the previous 12 months.
- Assaults continue to be the highest alcohol related crime, followed by Drunk and Disorderly offences. Only Drunk and Disorderly and Theft Non Specific offences had a reduction.

- Assaults and Thefts are the top offence categories for both the day time economy and night time economy. For both time periods, the highest increases were in Assaults and Public Order offences.
- In both the examined periods there are more reports of 'off street' offences than 'on street'. The number of assaults occurring 'on street' or 'off street' are fairly similar in both years. There are slightly more assaults which occur 'on street'.

Street Level Data

The tables below relate to Leeds City Centre night time economy offending only (18:00 to 05:59) and show the top ten streets and the top ten streets of increasing concern for the night time economy offending. The table shows the percentage of the street compared with the city centre total as shown in Figure 5.

Top 10 Street Names

	2014-2015	% of City 2014-2015	2015-2016	% of City 2015-2016	Change +/-
Briggate	484	17.7%	572	18.3%	88
Call Lane	457	16.7%	531	17.0%	74
Albion Street	209	7.6%	263	8.4%	54
Woodhouse Lane	169	6.2%	213	6.8%	44
Boar Lane	130	4.8%	140	4.5%	10
Cookridge Street	103	3.8%	99	3.2%	-4
Merrion Street	84	3.1%	113	3.6%	29
Duncan Street	113	4.1%	77	2.5%	-36
New York Street	65	2.4%	76	2.4%	11
The Headrow	48	1.8%	88	2.8%	40

Top 10 Street Names Of Increasing Concern

	2014-2015	% of City 2014-2015	2015-2016	% of City 2015-2016	Change +/-
Briggate	484	17.7%	572	18.3%	88
Call Lane	457	16.7%	531	17.0%	74
Albion Street	209	7.6%	263	8.4%	54
Heatons Court	25	0.9%	72	2.3%	47
Woodhouse Lane	169	6.2%	213	6.8%	44
The Headrow	48	1.8%	88	2.8%	40
Merrion Street	84	3.1%	113	3.6%	29
New Briggate	39	1.4%	63	2.0%	24
Hirsts Yard	25	0.9%	44	1.4%	19
Assembly Street	10	0.4%	23	0.7%	13

Figure 6 shows the top streets 01/09/2014 – 31/08/2016 during the night time economy.

These clearly show that the Briggate and Call Lane areas are responsible for 35% of crime reported in the city in the last year. 15% of crime was reported in the other red area of Albion Street/Woodhouse Lane.

The police report conclusions were:

- Call Lane, Briggate, Albion Street and Woodhouse Lane are the top streets for offending in the night time economy for both examined periods. These streets are located within the two city centre CIP red areas, supporting the view that both red areas should be maintained.

Red Area Comparisons

The stated crime figures and time analysis is taken from offences occurring within the red outlining square, between 18:00 – 05:59. Assaults, theft from person, theft non-specific, robbery and sexual offences have been included in this analysis.

Call Lane Red Area

NTE: Year 2014 – 2015 (Sept – Aug)	NTE: Year 2015– 2016 (Sept – Aug)
<p>Crime:</p> <ul style="list-style-type: none"> ▪ Assault: 347 ▪ Robbery: 13 ▪ Sexual Offences: 20 ▪ Theft From Person: 410 ▪ Theft Non Specific: 355 	<p>Crime:</p> <ul style="list-style-type: none"> ▪ Assault: 420 (21% increase) ▪ Robbery: 27 (107% increase) ▪ Sexual Offences: 26 (30% increase) ▪ Theft From Person: 487 (18% increase) ▪ Theft Non Specific: 382 (7% increase)
<p>Total: 1145</p>	<p>Total: 1342 (17% increase)</p>
<p>Time Analysis: Peak Time: 0000 – 0400</p>	<p>Time Analysis: Peak Time: 00:00 – 05:00</p>
<p>Risk days: Friday, Saturday & Sunday</p>	<p>Risk days: Thursday, Friday and Saturday</p>

Figure 8: Call Lane red area for the period 01/09/2015 - 31/08/2015 and 01/09/2015 - 31/08/2016

The police report conclusions were:

- The Call Lane red area remains the predominant hot-spot area. Geo-spatial analysis shows the main risk area within the city centre is the area of Call Lane and Briggate. The highest concentration of offences remains in this area and has slightly extended compared with the previous 12 months, but still falling within the existing designated area. The peak time for offending in the Call Lane area is now 00:00 - 05:00.
- Within the Call Lane area, all the examined offences namely assaults, robberies, sexual offences and thefts have increased during 2015-2016 with assaults and theft from persons experiencing the largest gains.

Not only have all crimes increased in this area by 17%, the peak times have lengthened from midnight to 4am to midnight to 5am. The risk days have changed from Friday, Saturday and Sunday to Thursday, Friday and Saturday. Most worrying are the increases in assault and theft from person.

This shows not only how important it is that the number of people using this area during the night time does not increase but that it would be desirable for the number of people using this area during peak hours to reduce. Therefore any change to the current licences, either new premises or any increase in the operation of the existing premises should not have the effect of increasing visitors to the area.

Furthermore the Council will be investigating ways in which assault and theft can be reduced, in liaison with the operators and agencies.

In the last year the Licensing Authority has received three applications in this red area. One was for the lengthening of operating hours into the peak hours and was refused. The subsequent appeal was withdrawn before it was heard with all costs recovered from the appellant. Another application was received for a substantial increase in the size of the premises. The applicant agreed to a range of amendments to the application which took the operation of the additional area out of the peak hours for crime and disorder. The third was only partially granted but with the imposition of restrictive conditions.

Any operator seeking a variation to their current licence must be mindful of the problems being experienced in the area and must ensure that the additional measures they offer will result in no impact on the licensing objectives. A responsible operator will always be seeking ways in which they can contribute to the efforts made to reduce the crime statistics, and would not be satisfied with merely maintaining the status quo.

Albion Street / Woodhouse Lane Red Area

Figure 9 Map showing the Albion Street red area for the period 01/09/2015 - 31/08/2015 and 01/09/2015 - 31/08/2016

The police report conclusions were:

- Within the Albion Street / Woodhouse Lane Red area, the hot-spot areas have remained the same in both examined periods, specifically the bottom of Woodhouse Lane and top of Albion Street, as shown in Section 7.2. During the period 2015-2016 the peak time is 00:00 – 04:00, compared with 01:00 – 04:00 over the previous 12 months.

The licensing authority hasn't received any new or variation applications in the last year. However the overall 19% increase in crime and the lengthening of the peak hours is worrying.

As with the Call Lane/Lower Briggate area this shows not only how important it is that the number of people using this area during the night time does not increase but that it would be desirable for the number of people to reduce. Therefore any change to the current licences, either new premises or any increase in the operation of the existing premises should not have the effect of increasing visitors to the area.

Furthermore the Council will be investigating ways in which assault and theft can be reduced, in liaison with the operators and agencies.

Cross Belgrave Street / Merrion Street / New Briggate:

The following area is not a designated 'red area' in the existing CIP; although, it has been noted as an emerging area of popularity during the 'Night Time Economy'.

NTE: Year 2014 – 2015 (Sept – Aug)	NTE: Year 2015 – 2016 (Sept – Aug)
<p>Crime:</p> <ul style="list-style-type: none"> ▪ Assault: 80 ▪ Robbery: 6 ▪ Sexual Offences: 6 ▪ Theft From Person: 85 ▪ Theft Non Specific: 118 	<p>Crime:</p> <ul style="list-style-type: none"> ▪ Assault: 108 (+28) ▪ Robbery: 8 (+2) ▪ Sexual Offences: 8 (+2) ▪ Theft From Person: 96 (+11) ▪ Theft Non Specific: 112 (-6)
<p>Total: 295</p>	<p>Total: 332 (13% increase)</p>
<p>Time Analysis:</p> <ul style="list-style-type: none"> ▪ Peak: 0100 – 0200 ▪ Secondary peak: 0200 - 0300 	<p>Time Analysis:</p> <ul style="list-style-type: none"> ▪ Peak: 01:00 – 04:00 ▪ Secondary peak: 23:00 – 00:00 and 04:00 – 05:00
<p>Risk days: Thursday, Friday and Saturday</p>	<p>Risk days: Thursday, Friday and Saturday</p>

Figure 10: Map showing New Briggate area for the period 01/09/2015 - 31/08/2015 and 01/09/2015 - 31/08/2016

The police report conclusions were:

- Within the Merrion Street / New Briggate area the hot-spots have remained the same in both examined periods, as shown in Section 7.3. The peak time has extended from 01:00 – 02:00 to 01:00 – 04:00.

As reported last year, this area in Leeds has been developed in the north of the city and is proving very popular. The lengthening of the hot spot period and the overall 13% increase is in common with the two red areas. When compared to the other areas in the city, in figure 6, Merrion Street lies in 7th on both tables.

This area remains in the amber area this year, as this provides the most flexibility to negotiate with applicants regarding safeguards that can be put in place. However if crime levels increase further this area will be subject to further review next year and may face being placed in a red zone.

City Centre A&E Assault data

A&E data and road traffic incidents data are new additions to the review this year. The licensing authority was keen to see the crime statistics in context to ensure that the peak times for reported incidents was supported by other data specific to the night time environment.

The police report states A&E data was provided for the period 01/09/2014 – 31/08/2016. A notable proportion did not have a location address or did not specify an exact address, for example “on street” or “on bus”. Assaults which could be attributed to occurring in the City Centre accounted for 12% of all assaults. Where the time of the assault could be ascertained, overall the peak time was 01:00 – 04:00, with secondary peaks between 23:00 – 01:00 and 04:00 – 05:00. 85% were recorded as being a male patient. Alcohol was the main contributing factor.

	Year	
	2014-2015	2015-2016
Time Analysis		
Peak Time	00:00 - 04:00	01:00 - 04:00

A58(M)	8	11	3

Figure 14 shows the top streets 01/09/2014 – 31/08/2016 for road traffic incidents during the night time economy.

The police report conclusions were:

- Overall there are more day time economy road related incidents than during the night time. OPL (over the prescribed limit) and Road Related offences were higher during the Night Time Economy.
- During the NTE the main hot-spots for 2014-2015 for Road Related Incidents were around Woodhouse Lane and the Boar Lane / Briggate / Call Lane area. There was also a concentration of incidents in the vicinity of the Headrow / Westgate area.
- Overall during 2015-2016 the peak time for Road Related incidents is 13:00 – 18:00, there was a secondary peak between 02:00 – 03:00. The area reduced around Woodhouse Lane. The hotspot around Boar Lane / Briggate/ Call Lane remained, however the number of incidents in this area reduced compared with the previous 12 months. Boar Lane experienced an increase in Road Traffic Incidents, however incidents halved on Call Lane. This is possibly due to the road closure in effect since October 2015 on Call Lane between 11:00 - 05:00 on a Friday, Saturday and Sunday night.

Conclusion

With the police report conclusions in mind the Licensing Authority has determined that the red areas be maintained. Merrion Street/Cross Belgrave Street area and the Boar Lane areas will be closely monitored with a view to placing them in a red zone should the crime figures not improve in the next 12 months.

The increase in theft and violent crime in the two red areas is concerning. The council will work with the businesses and partners to establish if further work can be done to reduce these crime figures over the next 12 months.

The Licensing Committee will bear in mind that in the next 12 months there may be significant changes to the way late night levies can be introduced and may also consider the option of an early morning restriction order if these figures do not significantly reduce over the next 12 months.
