Summary of Main Issues

This is an application made to vary the premises licence held by Mr David Baguley and Mr Richard Wade for Guitar Café, 41 Call Lane, Leeds, LS1 7BT.

The purpose of the application is to increase the terminal hour for each currently authorised activity by one additional hour and to include the provision of late night refreshment.

Members should note that these premises reside within the 'Red Zone' of the Leeds City Centre Cumulative Impact Area.

Responsible authorities and Ward Members have been notified of this application.

The application has attracted representations from West Yorkshire Police and the Licensing Authority, objecting to the application in its entirety due to it's location within the Cumulative Impact Area and the effects already being experienced in that area.

Purpose of this Report

- 1.1 To advise Members of an application made under Section 34 of the Licensing Act 2003 ("the Act") to vary a premises licence in respect of the above mentioned premises.
- 1.2 Members are required to consider this application due to the receipt of representations.

2 History of Premises

- 2.1 The original application for these premises was received by the Licensing Authority on 15th October 2015.
- 2.2 The application attracted representations objecting fully from both West Yorkshire Police and the Licensing Authority, who expressed concerns over the location of the premises in the 'Red Zone' of the Leeds City Centre Cumulative Impact Area.
- 2.3 The application also attracted a representation in support from Hilary Benn MP along with letters from other parties supporting the application. These letters were submitted by the applicant's representative as supplementary information.
- 2.4 Members carefully considered the evidence put before them which included a letter from the applicant's solicitor offering a reduction to the terminal hour for each licensable activities and the opening times.
- 2.5 The Licensing Sub Committee decided that this application could be considered as an exceptional case and would not impact on the peak times for crime in the area. Members therefore resolved to grant the application in accordance with the reduced hours.
- 2.6 A copy of the premises licence details is attached at Appendix A.

3 The Application

- 3.1 The applicant is held jointly by Mr David Baguley and Mr Richard Wade.
- 3.2 Briefly the application is to:

- Extend the terminal hour of all currently authorised licensable activities as per the following:

Sale by Retail of Alcohol	
Monday to Sunday	10:00 until 23:30 hours
Exhibition of a Film	
Live Music	
Recorded Music	
Monday to Sunday	10:00 until 00:00 hours
- To add the provision of Late Night Refreshment; Monday to Sunday 23:00 until 23:30 hours.

4 The Operating Schedule

- 4.1 The applicant considers that the existing measures are sufficient to promote the licensing objectives and no further conditions are necessary.

5 Location

- 5.1 A map which identifies the location of these premises is attached at Appendix B.

6 Representations

- 6.1 Under the Act representations can be received from responsible authorities or other persons. Representations must be relevant and, in the case of another person, must not be frivolous or vexatious.

Representations from Responsible Authorities

- 6.2 The application has attracted representation from both West Yorkshire Police and the Licensing Authority in their capacity as responsible authorities. Both representations express serious concerns over the increase in reported crime being experienced in the Briggate/Call Lane area, and are of the opinion that the application does not contain sufficient information on how the extended hours will not impact on the effects already being experienced in that area.
- 6.3 Member's attention is drawn to a copy of West Yorkshire Police's representation at Appendix C.
- 6.4 A copy of the representation submitted by the Licensing Authority can be viewed at Appendix D of this report.

Other representations

- 6.5 There are no other representations.

7 Cumulative Impact Policy

- 7.1 The premises are located within the 'Red Zone' of the Leeds City Centre Cumulative Impact Area.
- 7.2 Cumulative impact means the potential impact on the promotion of the licensing objectives due to significant number of licensed premises concentrated in one area.
- 7.3 An applicant wishing to vary a licence for premises which fall within any of the cumulative impact areas must identify, through their operating schedule, the steps they intend to take so that the council and responsible authorities can be satisfied that granting this variation would not add to the impact already being experienced.
- 7.4 Details of the cumulative impact policy specific to this area and an outline of the evidence behind the reason for setting this policy is attached at Appendix E.

7.5 Members are directed to paragraphs 7.67 to 7.70 of the Statement of Licensing Policy which provides examples of how an application may be considered exceptional and the matters that the council would not normally take into consideration.

7.6 Members should note that we are now in receipt of the most recent Night Time Economy Related Crime Stats (September 2017) produced by West Yorkshire Police. We are awaiting the incorporation of these stats in an updated CIP evidence report produced in January. In the meantime they have been included at Appendix F of this report for Members to view.

8 Licensing Hours

8.1 Members are directed to paragraphs 6.8 to 6.15 for the Statement of Licensing Policy which states the criteria that will be applied to any decision for new applications or variations which include extending hours.

8.2 In brief the Policy states at 6.14 that restrictions may be made to the proposed hours of use where, after receiving relevant representations, the council considers it appropriate for the promotion of the licensing objectives to do so. The council will take into account the existing pattern of licensed premises in an area when considering what is appropriate to promote the objectives. Applications which are significantly out of character for a locality will need to demonstrate that granting the hours sought will not impact on the licensing objectives.

8.3 A list of premises in the local area and their licensed hours and activities is provided at appendix G.

9 Equality and Diversity Implications

10.1 At the time of writing this report there were no implications for equality and diversity. Any decision taken by the licensing subcommittee will be in accordance with the four licensing objectives as prescribed by the Licensing Act 2003.

10 Options Available to Members

10.1 The licensing subcommittee must take such of the following steps as it considers appropriate for the promotion of the licensing objectives:

- Grant the variation as requested.
- Grant the variation whilst imposing additional conditions and/or altering in any way the proposed operating schedule.
- Exclude any licensable activities to which the application relates.
- Reject the whole or part of the application.

10.2 Members of the licensing subcommittee are asked to note that they may not modify the conditions or reject the whole or part of the application merely because it considers it desirable to do so. It must actually be appropriate in order to promote the licensing objectives.

Access to the premises by children

Access to the premises by children is restricted

Annex 1 – Mandatory Conditions

1. Only individuals licensed by the Security Industry Authority may be used at the premises to guard against:-
 - a. unauthorised access or occupation (e.g. through door supervision), or
 - b. outbreaks of disorder, or
 - c. damage
2. No supply of alcohol may be made under this licence
 - a. At a time when there is no designated premises supervisor in respect of the premises licence, or
 - b. At a time when the designated premises supervisor does not hold a personal licence or his personal licence is suspended.
3. Every supply of alcohol under the premises licence must be made or authorised by a person who holds a personal licence.
4. The admission of children under the age of 18 to film exhibitions permitted under the terms of this licence shall be restricted in accordance with any recommendations made
 - a. By the British Board of Film Classification (BBFC,) where the film has been classified by the Board, or
 - b. By the Licensing Authority where no classification certificate has been granted by the BBFC, or,
 - c. where the licensing authority has notified the licence holder that section 20 (3) (b) (74 (3) (b) for clubs) of the Licensing Act 2003 applies to the film.
5. The responsible person must ensure that staff on relevant premises do not carry out, arrange or participate in any irresponsible promotions in relation to the premises.

In this paragraph, an irresponsible promotion means any one or more of the following activities, or substantially similar activities, carried on for the purpose of encouraging the sale or supply of alcohol for consumption on the premises -

- a. games or other activities which require or encourage, or are designed to require or encourage individuals to -
 - i. drink a quantity of alcohol within a time limit (other than to drink alcohol sold or supplied on the premises before the cessation of the period in which the responsible person is authorised to sell or supply alcohol), or
 - ii. drink as much alcohol as possible (whether within a time limit or otherwise);
- b. provision of unlimited or unspecified quantities of alcohol free or for a fixed or discounted fee to the public or to a group defined by a particular characteristic in a manner which carries a significant risk of undermining a licensing objective;
- c. provision of free or discounted alcohol or any other thing as a prize to encourage or reward the purchase and consumption of alcohol over a period of 24 hours or less in a manner which carries a significant risk of undermining a licensing objective;
- d. selling or supplying alcohol in association with promotional posters or flyers on, or in the vicinity of, the premises which can reasonably be considered to condone, encourage or

glamorize anti-social behaviour or to refer to the effects of drunkenness in any favourable manner.

- e. dispensing alcohol directly by one person into the mouth of another (other than where that other person is unable to drink without assistance by reason of disability).

6. The responsible person must ensure that free potable water is provided on request to customers where it is reasonably available.

7. The premises licence holder or club premises certificate holder must ensure that an age verification policy is adopted in respect of the premises in relation to the sale or supply of alcohol.

The designated premises supervisor in relation to the premises licence must ensure that the supply of alcohol at the premises is carried on in accordance with the age verification policy.

The policy must require individuals who appear to the responsible person to be under 18 years of age (or such older age as may be specified in the policy) to produce on request, before being served alcohol, identification bearing their photograph, date of birth and either -

- a. a holographic mark, or
- b. an ultraviolet feature.

8. The responsible person must ensure that -

- a. where any of the following alcoholic drinks is sold or supplied for consumption on the premises (other than alcoholic drinks sold or supplied having been made up in advance ready for sale or supply in a securely closed container) it is available to customers in the following measures:

- i. beer or cider: ½ pint;
- ii. gin, rum, vodka or whisky: 25 ml or 35 ml; and
- iii. still wine in a glass: 125 ml;

- b. these measures are displayed in a menu; price list or other printed material which is available to customers on the premises; and

- c. where a customer does not in relation to a sale of alcohol specify the quantity of alcohol to be sold, the customer is made aware that these measures are available.

9. A relevant person shall ensure that no alcohol is sold or supplied for consumption on or off the premises for a price which is less than the permitted price.

For the purposes of the condition set out in paragraph 1 of this condition -

- a. "duty" is to be construed in accordance with the Alcoholic Liquor Duties Act 1979;

- b. "permitted price" is the price found by applying the formula $P = D + (D \times V)$ where -

- i. P is the permitted price,
- ii. D is the amount of duty chargeable in relation to the alcohol as if the duty were charged on the date of the sale or supply of the alcohol, and
- iii. V is the rate of value added tax chargeable in relation to the alcohol as if the value added tax were charged on the date of the sale or supply of the alcohol;

- c. "relevant person" means, in relation to premises in respect of which there is in force a premises licence -

- i. the holder of the premises licence,
- ii. the designated premises supervisor (if any) in respect of such a licence, or
- iii. the personal licence holder who makes or authorises a supply of alcohol under such a licence;

The prevention of crime and disorder

14. A suitable Closed-Circuit Television (CCTV) system will be operational at the premises at all times when licensable activities are being carried out and at any other times where members of the public are present on the premises.
15. The CCTV system will cover the main entrance/s and exit/s and designated emergency egress routes from the premises.
16. The CCTV system will be of a satisfactory resolution quality which will enable the identification of persons and activities, and other fine details such as vehicle registration number plates.
17. The CCTV system will contain the correct time and date stamp information.
18. The CCTV system shall have sufficient storage retention capacity for a minimum of 31 days' continuous footage which will be of good quality.
19. The CCTV footage will be controlled and kept in a secure environment to prevent tampering or unauthorised viewing. A record will be kept of who has accessed the system, the reason why and when.
20. A designated member/members of staff at the premises will be authorised to access the CCTV footage and be conversant with operating the CCTV system. At the request of an authorised officer of the Licensing Authority or a Responsible Authority (under the Licensing Act 2003) any CCTV footage, as requested, will be downloaded immediately or secured to prevent any overwriting. The CCTV footage material will be supplied, on request, to an authorised officer of the Licensing Authority or a Responsible Authority.
21. A supervisor's register will be maintained at the licensed premises, showing the names, addresses and up to date contact details for the DPS and all personal licence holders.
22. The supervisors register will state the name of the person who is in overall charge of the premises at each time that licensed activities are carried out, and this information will be retained for a period of twelve months and produced for inspection on request to an authorised officer.
23. The need for doorstaff will be risk assessed by the PLH/DPS and employed when deemed necessary.
24. The premises licence holder (PLH), designated premises supervisor (DPS), will ensure that a Daily Record Register is maintained on the premises by door staff when employed.
25. The Daily Record Register will contain consecutively numbered pages, the full name and registration number of each person on duty, the employer of that person and the date and time he/she commenced duty and finished duty (verified by the individual's signature).
26. The Daily Record Register will be retained on the premises for a period of twelve months from the date of the last entry.
27. The PLH/DPS will ensure that an Incident Report Register is maintained on the premises to record incidents such as antisocial behaviour, admissions, refusals and ejections from the premises.
28. The Incident Report Register will contain consecutively numbered pages, the date, time and location of the incident, details of the nature of the incident, the names and registration numbers of any door staff involved or to whom the incident was reported, the names and personal licence numbers (if any) of any other staff involved or to whom the incident was reported, the names and numbers of any police officers attending, the police incident and/or crime number, names and addresses of any witnesses and confirmation of whether there is CCTV footage of the incident.

29. The incident report register will be produced for inspection immediately on the request of an authorised officer.

Public safety

30. Before opening to the public, checks will be undertaken to ensure all access to the premises are clear for emergency vehicles. Regular checks will be undertaken when the premises is open.
31. Written records of all accidents and safety incidents involving members of the public will be kept. These will be made available at the request of an authorised officer.
32. A written spillage policy will be kept to ensure spillages are dealt with in a timely and safe manner.
33. A suitable trained and competent person must ensure regular safety checks of the premises including decorative and functional fixtures, floor surfaces and equipment (including electrical appliances) to which the public may come into contact are undertaken. Records of these safety checks must be made available for inspection by an authorised officer.
34. Electrical installations will be inspected on a periodic basis (at least every 3 years or at a frequency specified in writing) by a suitably qualified and competent person. If used, any temporary electrical wiring and distributions will also be inspected. Inspection records/certificates will be kept. These will be made available at the request of an authorised officer.
35. Adequate and appropriate First Aid equipment and materials will be available on the premises at all times.
36. No strobes, lasers or smoke machines will be used at the premises unless there is a clearly displayed warning at the entrance to the premises that such equipment is in use.

The prevention of public nuisance

37. Noise from a licensable activity at the premises will be inaudible at the nearest noise sensitive premises.
38. Licensable activities will be conducted and the facilities for licensed activities will be designated and operated so as to prevent the transmission of audible noise or perceptible vibration through the fabric of the building or structure to adjoining properties.
39. No rubbish including bottles will be moved, removed or placed in outside areas between 23:00 hours and 07:00 hours to minimise noise disturbance to adjoining properties.
40. The PLH/DPS will ensure that the outside area is used in a manner which does not cause disturbance to nearby residents and business in the vicinity. Patrons will not use this area after 23:00 hours daily, except for smoking.
41. There will be no external loud speakers.

Protection of children from harm

42. The PLH/DPS staff will ask for proof of age from any person appearing to be under the age of 21 who attempts to purchase alcohol at the premises.
43. The PLH/DPS staff will ask for acceptable evidence (as agreed by WYP/WYTSS) from any person appearing to be under the age of 21 who attempts to purchase alcohol at the premises.

**RE: NORTHERN GUITARS CAFÉ BAR, 41, CALL LANE, LEEDS, LS1 7BT
 APPLICATION TO VARY A PREMISES LICENCE – LICENSING ACT 2003:
POLICE – LETTER OF REPRESENTATION – CUMULATIVE IMPACT POLICY:**

Thank you for submitting your application for the above premises, received at the address above on 17th November 2017.

The application relates to premises which fall within one of the areas of Leeds currently subject to a policy of cumulative impact, as detailed in the present Statement of Licensing Policy 2014-2018, issued by Leeds City Council as the licensing authority.

The area concerned in this particular case is **Area 1 Leeds City Centre**.

Therefore, in line with the current statutory guidance issued by the Secretary of State under Section 182 Licensing Act 2003, West Yorkshire Police make representations based on the cumulative impact policy of the area concerned and highlighted above, where the licensing objectives and particularly the prevention of crime and disorder and prevention of public nuisance objectives, are being adversely affected.

NOT PROTECTIVELY MARKED

NOT PROTECTIVELY MARKED

The proposed premises are located in the current red zone in the cumulative impact area. The Council's policy states:

7.20 "The council will seek to refuse all applications in these red areas on the basis that the impact on the licensing objectives are at such a level that the area cannot support any more premises opening or extending their hours no matter how impressive the concept or application is. The council will only grant applications in the red zone in exceptional cases", and

7.24 "It is the council's policy, on receipt of relevant representations, to

- Refuse new and variation applications in the red area*
- To seek additional measures for new and variation applications in the amber area*
- To seek good quality applications for application in the green area*

7.25 "This applies to alcohol led premises such as bars, pubs, and nightclubs, and for premises seeking late night refreshment such as takeaways and late opening restaurants".

The location of these premises is in very close proximity to a multitude of other licensed premises in this area such as Red Door, Mook, Space, Revolution, Cuckoo, Brooklyn Bar, Call Lane Social, Norman Bar, Rolands, Neon Cactus, Oporto and Jakes Bar. It is an alcohol related violent crime hotspot for robbery, assault and theft. The peak time for crime had been between midnight and 04:00hrs, but has now extended to between 23:00 and 04:00hrs. The extra hours of operation applied for therefore fall in to these peak times.

The analysis of crime data provided to Leeds City Council upon which the current Cumulative Impact Policy is based shows that the Briggate/Call Lane area has experienced a 17% rise in reported crime since the last review of crime statistics just over a year ago. The highest concentration of offences in the city remains in this area, and has slightly extended compared with the previous 12 months. A more up to date report regarding crime statistics in the city – Sept 2016 to Aug 2017 - which I submit with this objection (these statistics will be what the city centre zones will be based on from January 2018), unfortunately shows another rise, 15%, and the peak times in the area starting from 23:00 as opposed to midnight.

This application seeks to extend the hours of licensable activities by one hour and closing time to extend by one hour. I have spoken to the applicants on a number of occasions and I am aware that the conservative operating hours on their licence have had the effect of fettering the business somewhat. The café/bar has grown in popularity and regularly hosts small live music sessions, and I accept that the operating style is different from the majority of other venues on this part of Call Lane – most of which are late night bars. They have used TENs to help extend hours, and from a search of police systems I can say that there is no crime directly associated with the venue since it obtained its premises licence, apart from a burglary in July this year. However, cumulative impact is not about crime or incidents directly associated with venues, it is about the crime and incidents which occur in the area where we can't attribute it to one particular venue – and these issues occur because of the popularity of the area and the concentration of the number of licensed premises in that area.

The saturation of licensed premises in the area is such that determining which venues may bear some responsibility for the issues is practically impossible, and means that they cannot be dealt with by way of review or enforcement meetings. A strong Cumulative Impact Policy is therefore imperative to prevent already existing venues extending their licensable hours, and to prevent further premises licences being granted in that area which would add to the considerable impact already being felt.

NOT PROTECTIVELY MARKED

NOT PROTECTIVELY MARKED

The Council's policy is to only grant applications where they are seen to be exceptional, and it is for the applicant to demonstrate to the Licensing Sub-Committee that the application would not impact on the cumulative effect of such licensed premises in the area. You have offered no further measures in your application to promote the licensing objectives.

Therefore, in terms of location (RED ZONE) and in terms of applying for an extension of hours to operate up until midnight, with the sale of alcohol and late night refreshment terminating at 23:30hrs, West Yorkshire Police consider that this application implicates the current policy of cumulative impact for Leeds City Centre in the red area, and would rely on the relevant paragraphs of the current Section 182 guidance in making this representation.

Dear Mr Baguley and Mr Wade

Guitar Café, 41 Call Lane, Leeds, LS1 7BT
Application for a variation of a premises licence under the Licensing Act 2003
Licensing Authority Letter of Representation

Thank you for submitting your application to vary the licence for the above premises.

The area in which the subject premises is located is within a cumulative impact area. It is the council's policy, on receipt of relevant representations, to refuse new and variation applications in this area for alcohol led premises such as bars, pubs and nightclubs and for premises seeking late night refreshment such as takeaways and late opening restaurants, unless the applicant can demonstrate that their application would not impact on the cumulative effect of such licensed premises in the area.

Specifically your application falls within the red area of the City Centre CIP. As stated at 7.20 of the Statement of Licensing Policy 2014 to 2018 the council will seek to refuse all applications in these red areas on the basis that the impact on the licensing objectives are at such a level that the area cannot support any more premises opening or extending their operation no matter how impressive the concept or application is.

I refer you to 7.67 to 7.70 of the Policy which describes how, when considering the presumption against grant in a CIP area, the council will need to be satisfied that the grant of this variation will not impact on the cumulative impact of existing licensed premises in the area. It will be for you to advise the council how your application would allow Members to make an exception to the policy.

Website: www.leeds.gov.uk
Switchboard: 0113 222 4444

INVESTOR IN PEOPLE

I also refer you to 7.69 of the Policy which describes examples of factors the licensing authority will not consider as meeting the standard of rebuttal include:

- That the premises will be well managed and run as all licensed premises should meet this standard.
- That the premises will be constructed to a high standard.
- That the applicant operates similar premises elsewhere, such as in another licensing authority area, without complaint.

I note that your application is to vary the existing licence to increase your opening hours, live music, recorded music and films to midnight and the hours for the retail sale of alcohol and late night refreshment to 23:30. You have not offered any additional measures to promote the four licensing objectives relying on the existing conditions

Bearing in mind the severity of the problems being experienced in the area with this area suffering from the highest levels of violent crime and disorder incidences in the city centre, with an increase in the last 12 months of over 15% in this area and a new peak hours of 23:00 to 04:00, the Licensing Authority is of the opinion that your application does not contain sufficient information about how your proposed business would not add to the impact already being experienced in the area.

Therefore the licensing authority submits a formal representation against your application on the grounds of the prevention of crime and disorder and public safety and will recommend to the licensing sub-committee that this application is refused.

Should you have any questions, please contact us.

Yours faithfully

Cumulative Impact Assessment

City Centre – December 2016

Area 1 relates to the city centre. West Yorkshire Police has shared information and statistics that show that the nature of the city centre is such that the cumulative impact of licensed premises leads to problems that aren't experienced in other parts of the city and this can be attributed to the density of licensed premises in specific areas. The number and close proximity of venues on a street can result in difficulties in identifying individual premises as causing problems and so action planning and reviewing individual licences is not possible.

The closure or opening of businesses can have a dramatic effect on reported crime and incidents in an area. While problems at individual premises are dealt with using action planning and the review process, there are areas in Leeds city centre which become saturated as new businesses open or existing businesses change their style of operation.

In addition the council recognises that a previous problem area can be improved by the introduction of new styles of business types, such as food led premises and seeks to encourage this.

The dynamic nature of the city centre has created difficulties in setting a policy that will be relevant for five years until the next formal review of the Licensing Policy. Therefore the council has adopted an approach of designating areas within the city centre CIP as 'red' or 'amber' based upon an analysis of crime and disorder in the night time economy and will review these areas on an annual basis.

Areas that are considered highly saturated and that are experiencing particularly high levels of crime, disorder and/or nuisance will be designated as red areas. The policy states that the council will seek to refuse all applications in these **red areas** on the basis that the impact on the licensing objectives is at such a level that the area cannot support any more premises opening or extending their operation and that the council will only grant applications in the red zone in exceptional cases. Exceptional does not mean that an application is innovative or novel, but that it allows Members to make an exception to their policy. Those exceptional cases would be where the premises can demonstrate that they will not impact on the issues already being experienced in the area, i.e. by containing their operation within the hours of the daytime and early evening economy.

Any variation that will effectively increase the occupancy of premises will be viewed in a similar light to a new application as it may increase the available capacity in the same way a new premises in that area would, which in the red area would be unacceptable. Similarly new businesses seeking to introduce a new concept, and so attract different people into the area, may be acceptable in the amber area but in the red area the problems are exacerbated by the sheer number of people on the street during the peak hours and introducing a new or extended business, even with a different concept, would add to the impact rather than reduce it.

Management controls such as door staff will not be adequately effective in preventing an increase in the number of people within the red zone.

The **amber area** is an area which is of concern, based upon an analysis of issues within the night time economy that are relevant to the licensing objectives, and the council will expect applicants to offer additional measures tailored to the problems in that area. Applicants are strongly advised to consult with West Yorkshire Police and the licensing authority during their application process. By working together, the responsible authorities and businesses can establish working practices that reduce crime and disorder and so benefit the long term aims of the city to be a vibrant, thriving economy.

All other areas within the city centre CIP will be designated **green areas** where good quality applications will be generally be more acceptable even though the area is a CIP area.

It is the council's policy, on receipt of relevant representations, to

- refuse new and variation applications in the red area
- to seek additional measures for new and variation applications in the amber area
- to seek good quality applications for application in the green area

This applies to alcohol led premises such as bars, pubs and nightclubs, and for premises seeking late night refreshment such as takeaways and late opening restaurants.

Extra scrutiny is given to applications which appear to adopt a number of different styles during their trading. For example businesses that purport to be food led but seek late opening hours may be judged to be predominantly alcohol led due to their late night activities. It is for the applicant to demonstrate how their business will not impact on the licensing objectives.

Changes in the last year

There are two distinct areas in the city where extra police resources are deployed on a regular basis. These areas are the Call Lane area and the Albion Street/ Woodhouse Lane area. Premises in those areas deploy street marshals at their own expense as it has been recognised that incidents on the street require extra attention and that early intervention can prevent an escalation in the severity of incidents on the street.

As police resources are reducing each year, priorities have been realigned. There has been a small reduction in the number of arrests for drunk and disorderly but an increase in assault. The increase in assaults could be due to early intervention methods being cut back, such as the street marshalling scheme and intervention at an early level (i.e. arresting people for being drunk and disorderly), and so the low level offences are escalating to the more serious assault charge.

The issues with disorder in the street on Call Lane has led to a road closure between 11pm and 5am on the Friday, Saturday and Sunday night which took effect in October 2015. The sheer numbers of people, often intoxicated, in the street during these hours highlights the need for the overall capacity of the red area to decrease, not increase.

The Council continues to receive applications within the areas designated as red. There has been a trend for existing operators to apply for minor and full variations to bring into use areas which were unlicensed previously. In all cases the premises licence holder has undertaken to keep their capacity the same. However this trend for increasing the licensed area is concerning as the ability to control capacity is difficult. Any application seeking an increase in floor space, even without an increase in stated capacity, can expect close scrutiny.

Police Crime Reporting

West Yorkshire Police has produced a crime report "*2016-10 Night Time Economy – City v4*" dated October 2016 which has been referred to when reviewing the red and amber zones for 2017. This report is referred to as the Police report in this document. It uses reported crime figures from 01/09/2014 – 31/08/2016.

In 2014 Her Majesty's Inspectorate of Constabulary made recommendations to change crime recording practices. This resulted in an increase in the number of recorded crimes in West Yorkshire in 2015. Analysis of the changes in crime levels, along with a number of other measures, concluded that a proportion of these recent increases were related to administrative change rather than an increase in criminality. Specifically this change in recording practise has impacted on the level of 'violence against the person', in particular 'violence without injury' as many lower level offences were not previously being recorded.

The police report only compares statistics from the last two years, as the statistics are not comparable going further back than that due to the changes in the way in which crime is recorded.

The following data tables and key findings (signified by bullet points) have been extracted from the police report.

Figure 5 shows the offences during the NTE (18:00 – 05:59) between 01/09/2014 – 31/08/2016

The tables clearly show that there has been an increase in crime across the city centre. The police report conclusions state:

- An analysis of the examined offences shows overall offending in the City Centre has increased by 13% compared with the previous examined period.
- During 01/09/2015 – 31/08/2016 Assaults and Public order offences have seen the highest increases in terms of volume compared with the previous year. Public Order and Robbery offences have experienced the greatest percentage change. The majority of the examined offences experienced an increase with the exception of Drunk and Disorderly and Murder / Manslaughter offences.
- Assaults and Thefts have the highest number of offences with a licensed premises flag and experienced the greatest increases during the period 01/09/2015 – 31/08/2016 compared with the previous 12 months.
- Assaults continue to be the highest alcohol related crime, followed by Drunk and Disorderly offences. Only Drunk and Disorderly and Theft Non Specific offences had a reduction.

- Assaults and Thefts are the top offence categories for both the day time economy and night time economy. For both time periods, the highest increases were in Assaults and Public Order offences.
- In both the examined periods there are more reports of 'off street' offences than 'on street'. The number of assaults occurring 'on street' or 'off street' are fairly similar in both years. There are slightly more assaults which occur 'on street'.

Street Level Data

The tables below relate to Leeds City Centre night time economy offending only (18:00 to 05:59) and show the top ten streets and the top ten streets of increasing concern for the night time economy offending. The table shows the percentage of the street compared with the city centre total as shown in Figure 5.

Figure 6 shows the top streets 01/09/2014 – 31/08/2016 during the night time economy.

These clearly show that the Briggate and Call Lane areas are responsible for 35% of crime reported in the city in the last year. 15% of crime was reported in the other red area of Albion Street/Woodhouse Lane.

The police report conclusions were:

- Call Lane, Briggate, Albion Street and Woodhouse Lane are the top streets for offending in the night time economy for both examined periods. These streets are located within the two city centre CIP red areas, supporting the view that both red areas should be maintained.

Red Area Comparisons

The stated crime figures and time analysis is taken from offences occurring within the red outlining square, between 18:00 – 05:59. Assaults, theft from person, theft non-specific, robbery and sexual offences have been included in this analysis.

Figure 8: Call Lane red area for the period 01/09/2015 - 31/08/2015 and 01/09/2015 - 31/08/2016

The police report conclusions were:

- The Call Lane red area remains the predominant hot-spot area. Geo-spatial analysis shows the main risk area within the city centre is the area of Call Lane and Briggate. The highest concentration of offences remains in this area and has slightly extended compared with the previous 12 months, but still falling within the existing designated area. The peak time for offending in the Call Lane area is now 00:00 - 05:00.
- Within the Call Lane area, all the examined offences namely assaults, robberies, sexual offences and thefts have increased during 2015-2016 with assaults and theft from persons experiencing the largest gains.

Not only have all crimes increased in this area by 17%, the peak times have lengthened from midnight to 4am to midnight to 5am. The risk days have changed from Friday, Saturday and Sunday to Thursday, Friday and Saturday. Most worrying are the increases in assault and theft from person.

This shows not only how important it is that the number of people using this area during the night time does not increase but that it would be desirable for the number of people using this area during peak hours to reduce. Therefore any change to the current licences, either new premises or any increase in the operation of the existing premises should not have the effect of increasing visitors to the area.

Furthermore the Council will be investigating ways in which assault and theft can be reduced, in liaison with the operators and agencies.

In the last year the Licensing Authority has received three applications in this red area. One was for the lengthening of operating hours into the peak hours and was refused. The subsequent appeal was withdrawn before it was heard with all costs recovered from the appellant. Another application was received for a substantial increase in the size of the premises. The applicant agreed to a range of amendments to the application which took the operation of the additional area out of the peak hours for crime and disorder. The third was only partially granted but with the imposition of restrictive conditions.

Any operator seeking a variation to their current licence must be mindful of the problems being experienced in the area and must ensure that the additional measures they offer will result in no impact on the licensing objectives. A responsible operator will always be seeking ways in which they can contribute to the efforts made to reduce the crime statistics, and would not be satisfied with merely maintaining the status quo.

Figure 9 Map showing the Albion Street red area for the period 01/09/2015 - 31/08/2015 and 01/09/2015 - 31/08/2016

The police report conclusions were:

- Within the Albion Street / Woodhouse Lane Red area, the hot-spot areas have remained the same in both examined periods, specifically the bottom of Woodhouse Lane and top of Albion Street, as shown in Section 7.2. During the period 2015-2016 the peak time is 00:00 – 04:00, compared with 01:00 – 04:00 over the previous 12 months.

The licensing authority hasn't received any new or variation applications in the last year. However the overall 19% increase in crime and the lengthening of the peak hours is worrying.

As with the Call Lane/Lower Briggate area this shows not only how important it is that the number of people using this area during the night time does not increase but that it would be desirable for the number of people to reduce. Therefore any change to the current licences, either new premises or any increase in the operation of the existing premises should not have the effect of increasing visitors to the area.

Furthermore the Council will be investigating ways in which assault and theft can be reduced, in liaison with the operators and agencies.

Cross Belgrave Street / Merrion Street / New Briggate:

The following area is not a designated 'red area' in the existing CIP; although, it has been noted as an emerging area of popularity during the 'Night Time Economy'.

Figure 10: Map showing New Briggate area for the period 01/09/2015 - 31/08/2015 and 01/09/2015 - 31/08/2016

The police report conclusions were:

- Within the Merrion Street / New Briggate area the hot-spots have remained the same in both examined periods, as shown in Section 7.3. The peak time has extended from 01:00 – 02:00 to 01:00 – 04:00.

As reported last year, this area in Leeds has been developed in the north of the city and is proving very popular. The lengthening of the hot spot period and the overall 13% increase is in common with the two red areas. When compared to the other areas in the city, in figure 6, Merrion Street lies in 7th on both tables.

This area remains in the amber area this year, as this provides the most flexibility to negotiate with applicants regarding safeguards that can be put in place. However if crime levels increase further this area will be subject to further review next year and may face being placed in a red zone.

City Centre A&E Assault data

A&E data and road traffic incidents data are new additions to the review this year. The licensing authority was keen to see the crime statistics in context to ensure that the peak times for reported incidents was supported by other data specific to the night time environment.

The police report states A&E data was provided for the period 01/09/2014 – 31/08/2016. A notable proportion did not have a location address or did not specify an exact address, for example “on street” or “on bus”. Assaults which could be attributed to occurring in the City Centre accounted for 12% of all assaults. Where the time of the assault could be ascertained, overall the peak time was 01:00 – 04:00, with secondary peaks between 23:00 – 01:00 and 04:00 – 05:00. 85% were recorded as being a male patient. Alcohol was the main contributing factor.

Figure 14 shows the top streets 01/09/2014 – 31/08/2016 for road traffic incidents during the night time economy.

The police report conclusions were:

- Overall there are more day time economy road related incidents than during the night time. OPL (over the prescribed limit) and Road Related offences were higher during the Night Time Economy.
- During the NTE the main hot-spots for 2014-2015 for Road Related Incidents were around Woodhouse Lane and the Boar Lane / Briggate / Call Lane area. There was also a concentration of incidents in the vicinity of the Headrow / Westgate area.
- Overall during 2015-2016 the peak time for Road Related incidents is 13:00 – 18:00, there was a secondary peak between 02:00 – 03:00. The area reduced around Woodhouse Lane. The hotspot around Boar Lane / Briggate/ Call Lane remained, however the number of incidents in this area reduced compared with the previous 12 months. Boar Lane experienced an increase in Road Traffic Incidents, however incidents halved on Call Lane. This is possibly due to the road closure in effect since October 2015 on Call Lane between 11:00 - 05:00 on a Friday, Saturday and Sunday night.

Conclusion

With the police report conclusions in mind the Licensing Authority has determined that the red areas be maintained. Merrion Street/Cross Belgrave Street area and the Boar Lane areas will be closely monitored with a view to placing them in a red zone should the crime figures not improve in the next 12 months.

The increase in theft and violent crime in the two red areas is concerning. The council will work with the businesses and partners to establish if further work can be done to reduce these crime figures over the next 12 months.

The Licensing Committee will bear in mind that in the next 12 months there may be significant changes to the way late night levies can be introduced and may also consider the option of an early morning restriction order if these figures do not significantly reduce over the next 12 months.

Leeds City Centre: Night Time Economy Related Crime

September 2017

1. Introduction and Aims

The aim of this document is to highlight crime risk areas and crime levels during the night time economy in Leeds city centre. This document should inform police and partners to aid in the reduction of crime and assist the Licensing Department in relation to the City Centre Cumulative Impact Policy.

This document is protectively marked PROTECT under the Government Protective Marking Scheme. The approval of the authorising officer is required for dissemination.

2. Methodology

A variety of Corvus searches were used to extract the relevant offence, property and victim details used in the subsequent analysis. The following general criteria were used in relation to extracting the information.

Date Range: Date 1st Crimed: 01 September 2015 - 31 August 2017

Offences: Theft from Person, Theft non Specific, Robbery, Assault, Affray, Drunk & Disorderly, Public Order

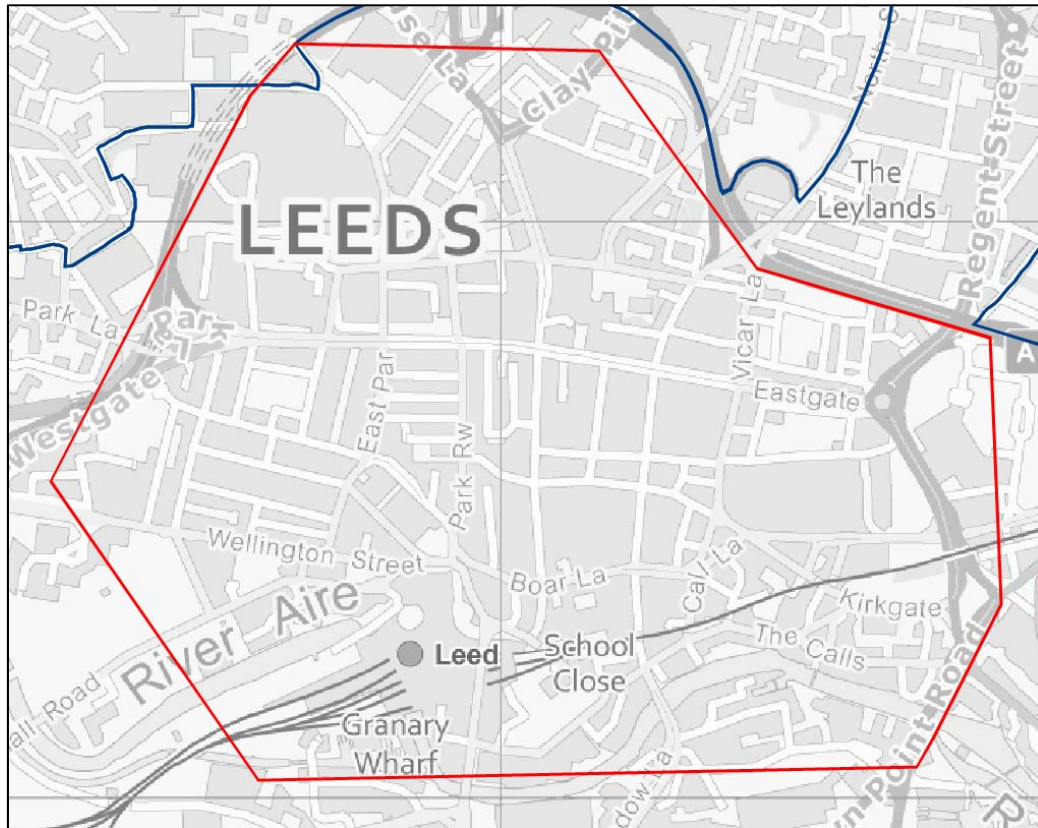

Incidents: Road Traffic Incidents: 01 September 2015 - 31 August 2017

The Night time Economy is taken as 18:00-05:59.

Further examination was performed using MS excel. Map Modeller, the Force GIS was used for mapping purposes and analysis. Additional reference has been made to source systems, including Niche. Some data may have been gathered from outside agencies, such as partners, other ACPO forces or the Home Office. Where this is the case it has been referenced accordingly.

3. Defined Leeds City Centre area

Throughout this document, data that falls into the area shown within the red line below will be classified as “Leeds City Centre” and will be referred to as such throughout the document.

4. Key Findings

- An analysis of the examined offences shows overall offending in the City Centre has increased by 15% compared with the previous examined period.
- During 01/09/2016 and 31/08/2017, Assaults and Theft from Person offences have seen the highest increases in terms of volume compared with the previous year. Robbery offences have experienced the greatest percentage change. All examined offences experienced an increase in volume.
- As seen in previous reporting, Assaults and Theft (Non Specific) have the highest number of offences with a licensed premises flag and experienced the greatest increases during the period.
- Assaults continue to be the highest alcohol related crime, followed by Drunk and Disorderly offences. While Drunk and Disorderly offences saw a decrease, Public Order offences increased.
- Theft and Assault offences are the top offence categories for both the day time economy and night time economy.
- In both the examined periods there are more reports of 'off street' offences than 'on street'. The number of assaults occurring 'off street' are fairly similar in both years. There are more assaults reported to occur 'on street'.
- Briggate, Call Lane, Albion Street and Woodhouse Lane are the top streets for offending in the night time economy for both examined periods. These streets are located within the two city centre CIP red areas, supporting the view that both red areas should be maintained.
- The Call Lane red area remains the predominant hot-spot area. Geo-spatial analysis shows the main risk area within the city centre is the area of Call Lane and Briggate, as shown as Section 7.1. The highest concentration of offences remains in this area and has slightly extended compared with the previous 12 months, but still falling within the existing designated area. The peak time for offending in the Call Lane area is now 23:00 - 04:00.
- Within the Call Lane area, all the examined offences namely Assaults, Robberies, Sexual Offences and Thefts have increased during 2016 and 2017 with Assaults, Robberies and Theft offences seeing the largest increase.
- Within the Albion Street / Woodhouse Lane Red area, the hot-spot areas have remained the same in both examined periods, specifically the bottom of Woodhouse Lane and top of Albion Street, as shown in Section 7.2. During the period 2016 to 2017, the peak time is shown as between 01:00 – 03:00.
- The Cross Belgrave Street/Merrion Street/New Briggate areas were noted as an emerging area of concern for the period 2015 – 2016 however several associated offence types have seen reductions over the last 12 month period.
- The map shown in Section 7.4 shows the overall spread of night-time offences across the area. The 100m Hex grid shows that the main "hotspot" areas detailed previously (shown as red rectangles on the map) cover the main areas of concern, and that the "emerging" area of Cross Belgrave Street/Merrion Street/New Briggate identified previously (grey rectangle) is no longer covering a major offence hotspot. There are also no "new" areas of concern (that would be orange or red) outside the current localities.
- A&E data was provided for the period 01/09/2016 – 31/08/2017. A notable proportion did not have a location address or did not specify an exact address, for example "on street".
- Detailed location data is no longer provided therefore the proportion of attendees directly associated with incidents in the City Centre cannot be assessed.
- Overall the peak time has not changed from the previous year and was between 01:00 – 04:00, with a secondary peak between 21:00 – 23:00. Alcohol was the main identified contributing factor although over 50% did not have a factor recorded.
- During the NTE the main hot-spots for Road Related Incidents were around The Headrow, Woodhouse Lane and Albion Street with a smaller concentration around Boar Lane and Wellington Street.

5. Performance: Leeds City Centre

7. CIP Red Area – Comparisons

The following areas have been selected in line with the existing 'CIP Red Areas'. The subsequent analysis has been performed on 50m² 'hotspots'. The stated crime figures and time analysis is taken from offences occurring within the red outlining square, between 1800 - 0559. Assaults, Theft from Person, Theft Non Specific, Robbery and Sexual offences have been included in this analysis.

7.1 Call Lane Red Area:

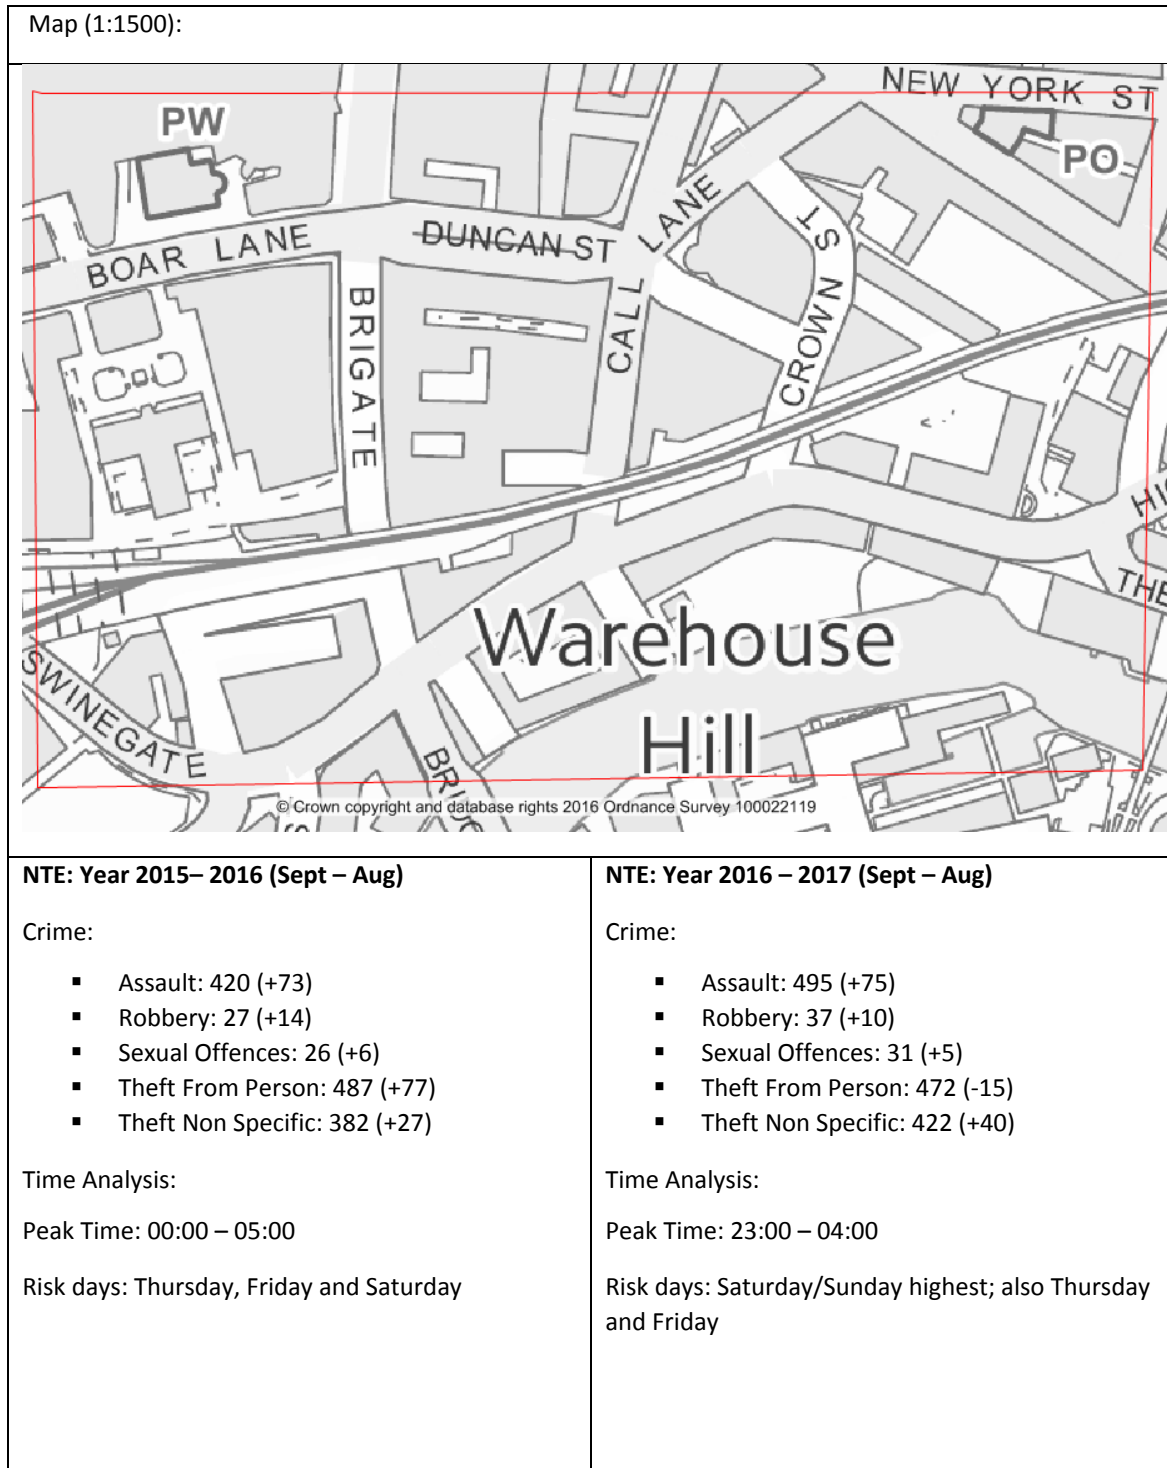

Figure 8: Call Lane red area for the period 01/09/2015 - 31/08/2016 and 01/09/2016 - 31/08/2017

7.2 Albion Street / Woodhouse Lane Red Area:

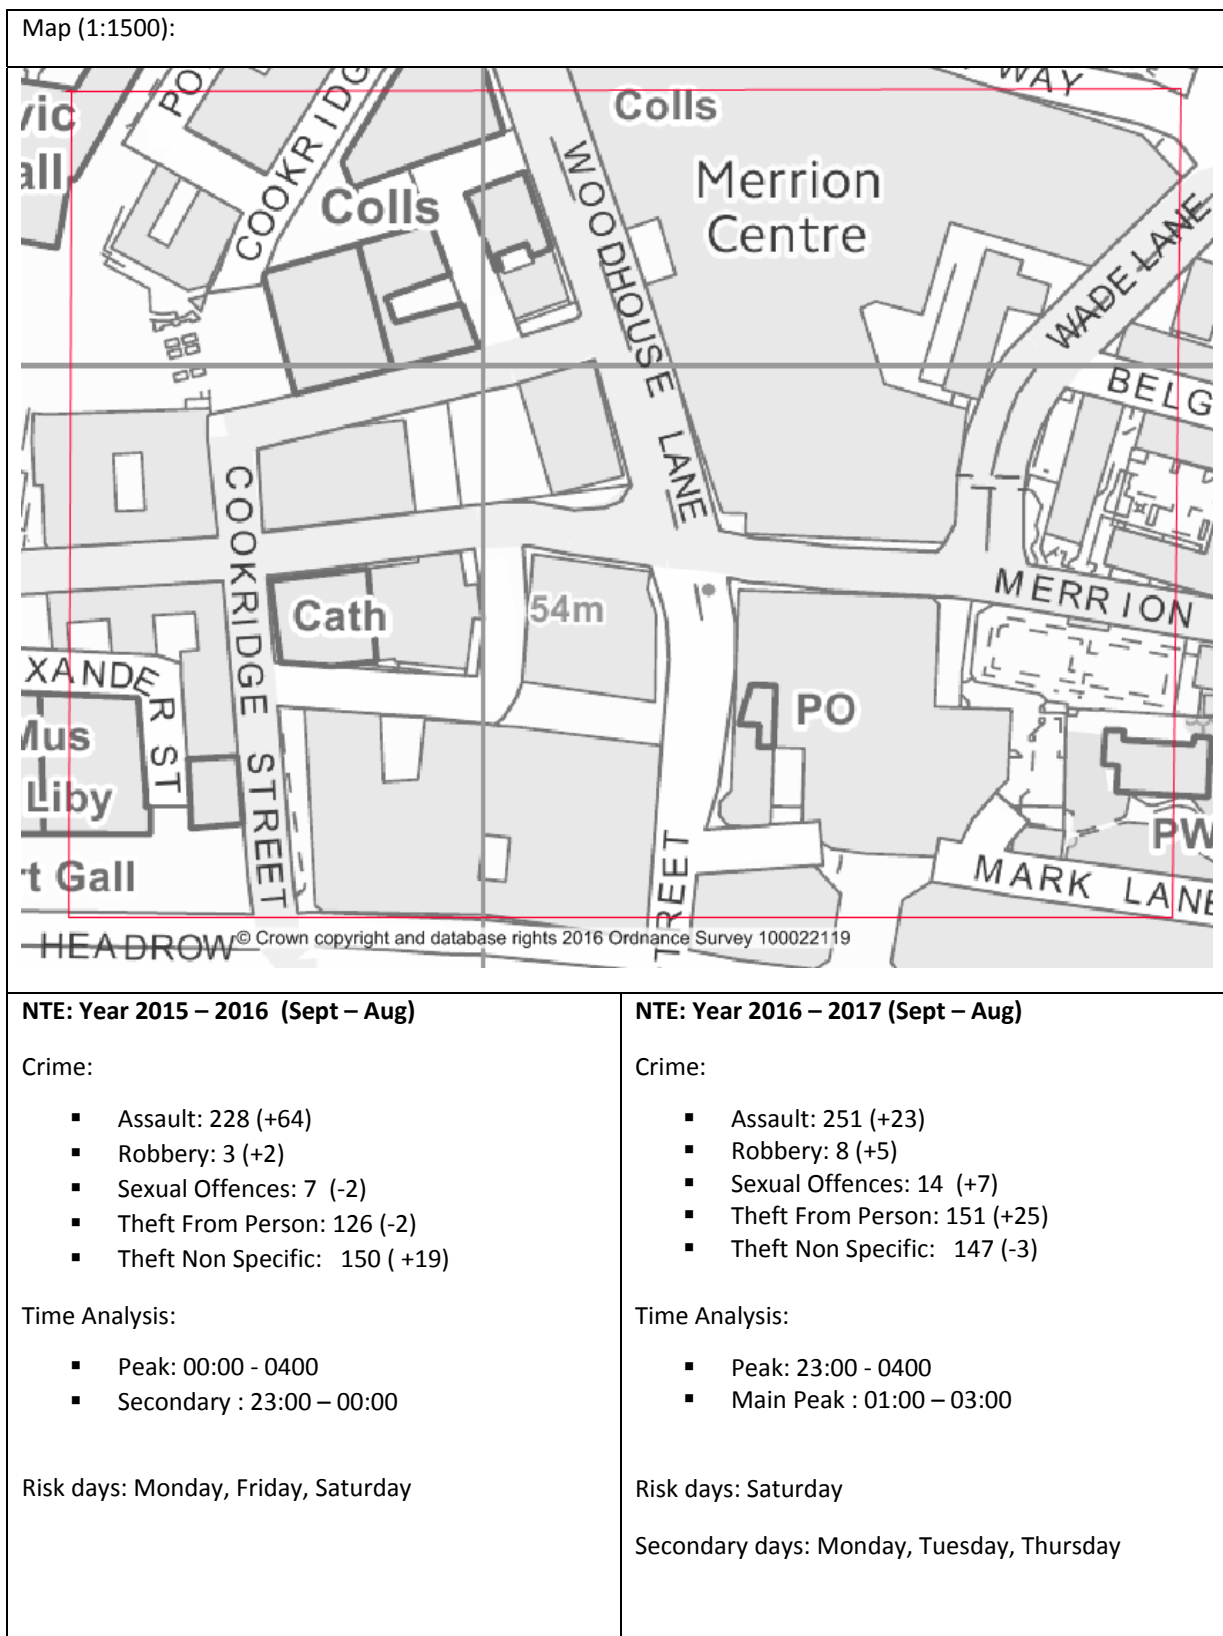

Figure 9 Map showing the Albion Street red area for the period 01/09/2015 - 31/08/2016 and 01/09/2016 - 31/08/2017

7.3 Cross Belgrave Street / Merrion Street / New Briggate:

The following area is not a designated 'red area' in the existing CIP but was noted as an emerging area of popularity during the 'Night Time Economy' for the period 2015 – 2016. Several associated offence types have seen reductions over the last 12 month period.

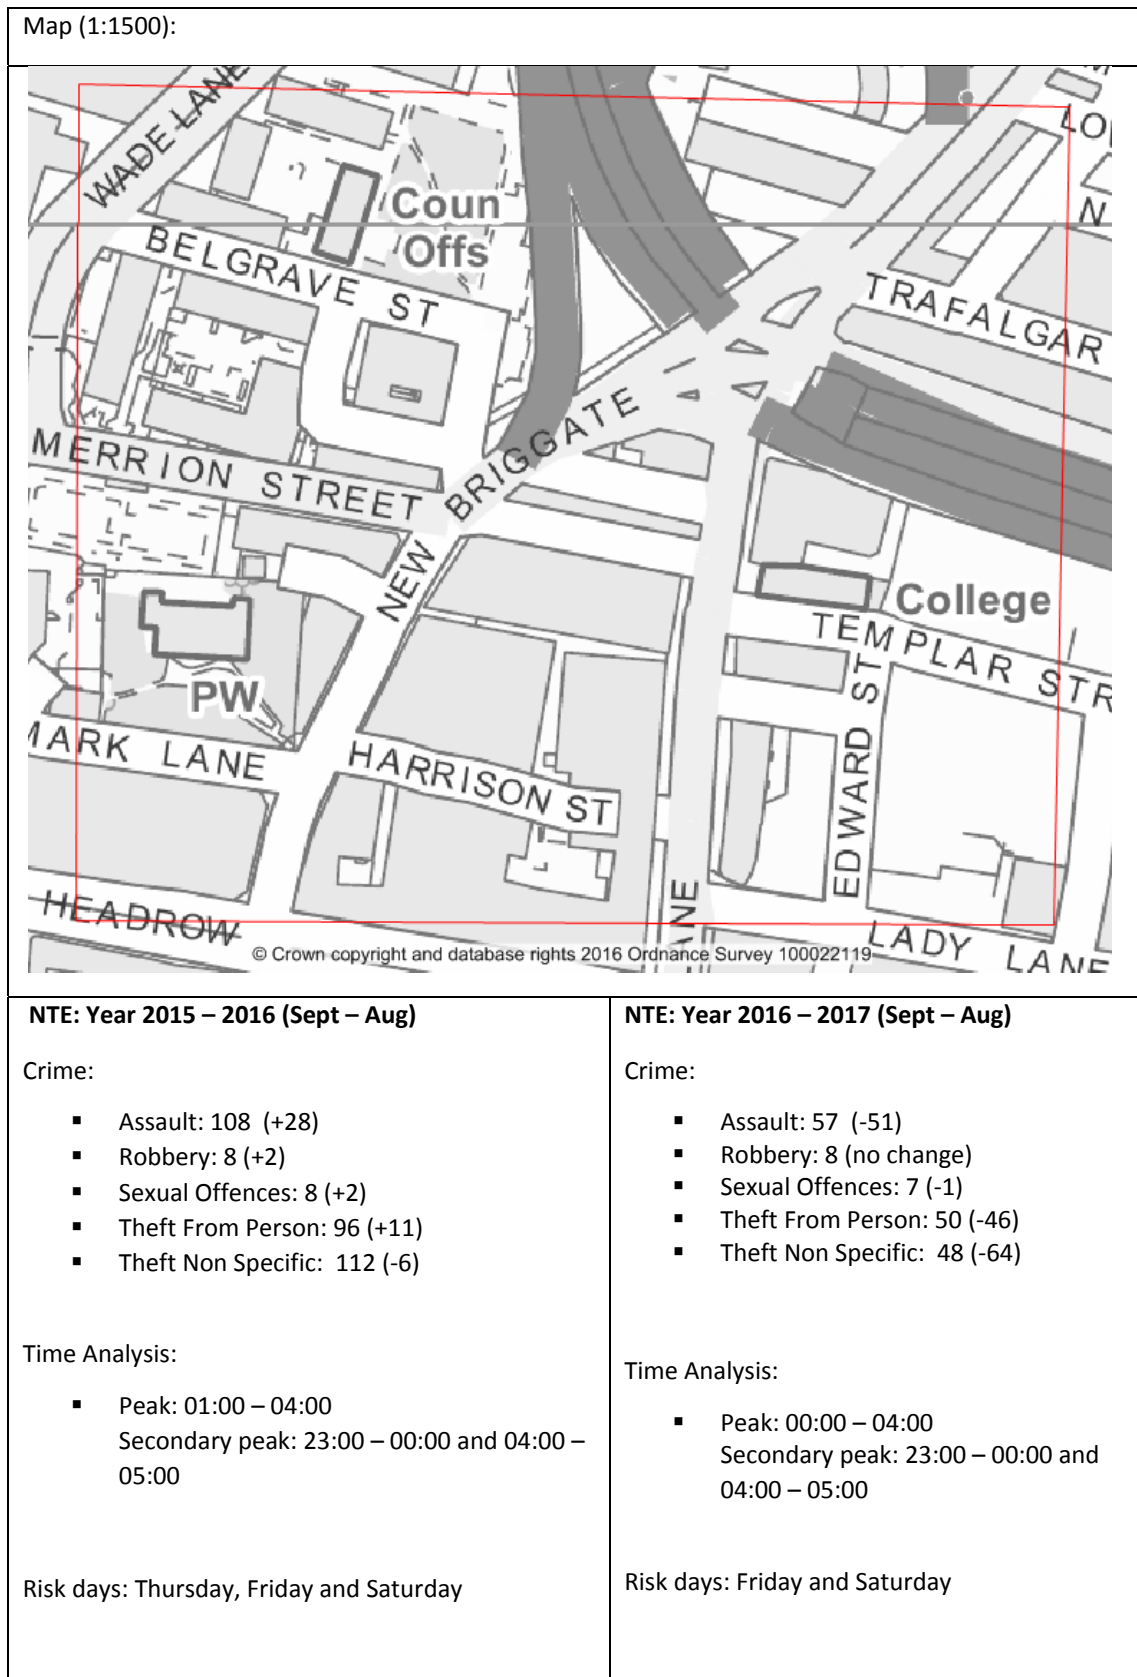

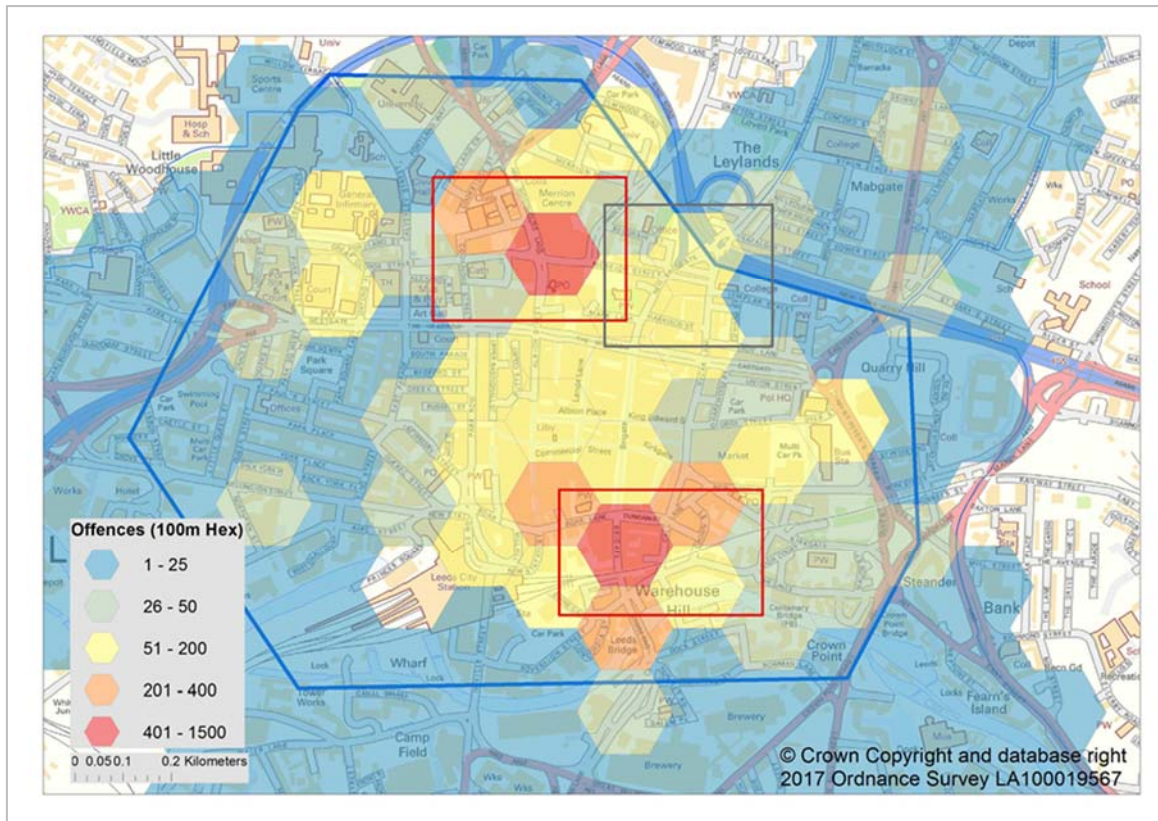

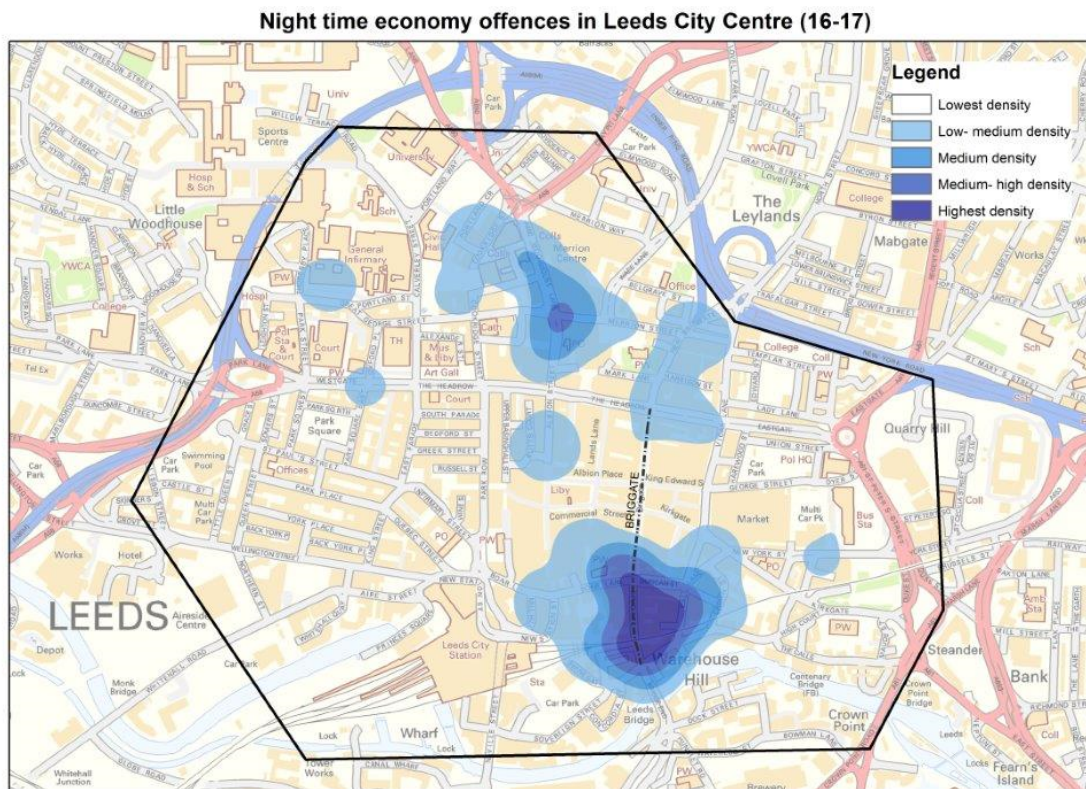

Figure 10: Map showing New Briggate area for the period 01/09/2015 - 31/08/2016 and 01/09/2016 - 31/08/2017

7.4 Night Time related offences

The map below shows the overall spread of night-time offences across the area. The 100m Hex grid shows that the main “hotspot” areas detailed previously (shown as red rectangles on the map) cover the main areas of concern, and that the “emerging” area identified previously (grey rectangle) is no longer covering a major offence hotspot. There are also no “new” areas of concern (that would be orange or red) outside the current localities.

The map below shows the density of night-time offences across the defined area and the concentration of where offences have occurred, highlighted by darker areas. Briggate (highlighted by a dotted line) has the highest density.

8. City Centre A&E Assault data

A&E data was provided for the period 01/09/2016 – 31/08/2017. A notable proportion did not have a location address or did not specify an exact address, for example “on street” or “on bus”.

Detailed location data is no longer provided therefore the proportion directly associated with the City Centre cannot be assessed.
