Items collected are given away at free shops at the universities and local neighbourhoods, or recycled through donations to homeless charities. In 2012/13, Leave Leeds Tidy delivered red bags to approximately 11,000 properties and carried out collections throughout June and July. Approximately 13.5 tonnes of items were collected that would have otherwise gone in to landfill. They sent out targeted information to 9 landlords who distributed it on to 1633 properties (based of the average house size of 5). They reached 760 hours of volunteer time through the start of the project, supporting the preparing of the bags and leaflets, sorting and donating items and organising and helping out at the 5 free shops.
