

## Appendix - C

### **Monthly obsessions tracker by cluster**

**Month: September 2013**

#### Notes

- 1 - The change columns for absence data are expressed as percentage point increases/reductions.
- 2 - Absence data covers HT1-5 of each academic year and is updated once annually
- 3 - From April 2013 Wigton Moor primary school moved from EPOSS to Alwoodley. This has the effect of moving three LSOAs from EPOSS to Alwoodley. Population totals have been updated accordingly which are part of the reason for substantial rises in CLA and NEET in Alwoodley since the start of the CYPP and corresponding falls for these indicators in EPOSS.
