Equality, Diversity, Cohesion and Integration Screening

As a public authority we need to ensure that all our strategies, policies, service and functions, both current and proposed have given proper consideration to equality, diversity, cohesion and integration.

A **screening** process can help judge relevance and provides a record of both the **process** and **decision**. Screening should be a short, sharp exercise that determines relevance for all new and revised strategies, policies, services and functions. Completed at the earliest opportunity it will help to determine:

- the relevance of proposals and decisions to equality, diversity, cohesion and integration.
- whether or not equality, diversity, cohesion and integration is being/has already been considered, and
- whether or not it is necessary to carry out an impact assessment.

2. Please provide a brief description of what you are screening

The report updates Members on the Government's proposed amendments to ECO and outline the consequences for our planned and future domestic energy efficiency programmes.

This screening examines what the impacts of the proposed amendments to ECO will have on equality and looks at potential mitigating actions.

3. Relevance to equality, diversity, cohesion and integration

All the council's strategies/policies, services/functions affect service users, employees or the wider community – city wide or more local. These will also have a greater/lesser

relevance to equality, diversity, cohesion and integration.

The following questions will help you to identify how relevant your proposals are.

When considering these questions think about age, carers, disability, gender reassignment, race, religion or belief, sex, sexual orientation and any other relevant characteristics (for example socio-economic status, social class, income, unemployment, residential location or family background and education or skills levels).

Could the proposal affect our workforce or employment practices?		Х
 Does the proposal involve or will it have an impact on Eliminating unlawful discrimination, victimisation and harassment 	Х	
 Advancing equality of opportunity 		
 Fostering good relations 		

If you have answered no to the questions above please complete sections 6 and 7

If you have answered **yes** to any of the above and;

- Believe you have already considered the impact on equality, diversity, cohesion and integration within your proposal please go to **section 4.**
- Are not already considering the impact on equality, diversity, cohesion and integration within your proposal please go to **section 5.**

4. Considering the impact on equality, diversity, cohesion and integration

If you can demonstrate you have considered how your proposals impact on equality, diversity, cohesion and integration you have carried out an impact assessment.

Please provide specific details for all three areas below (use the prompts for guidance).

• How have you considered equality, diversity, cohesion and integration? (think about the scope of the proposal, who is likely to be affected, equality related information, gaps in information and plans to address, consultation and engagement activities (taken place or planned) with those likely to be affected)

We have not been able to influence the policy change by Government to date: there has been no engagement with local authorities prior to the Chancellor's announcement. The policy change has made some attempt to consider equality issues as it maintains support for low income people and neighbourhoods, whilst cutting other areas.

Key findings

(think about any potential positive and negative impact on different equality characteristics, potential to promote strong and positive relationships between groups, potential to bring groups/communities into increased contact with each other, perception that the proposal could benefit one group at the expense of another)

Screening shows that low-income vulnerable residents living in inefficient Victorian terraces will be most adversely affected by this policy change. There has been no support available in the past and this policy change means that support available will be significantly reduced in future.

• Actions

(think about how you will promote positive impact and remove/ reduce negative impact)

The Council's discretionary Fuel Poverty Fund will provide some assistance, but unfortunately needs are likely to significantly outweigh available resource (there is only £100k available annually).

5. If you are not already considering the impact on equality, diversity, cohesion and integration you will need to carry out an impact assessment .
