

## **Appendix 7 – Comments Received During the Consultation Period - 3<sup>rd</sup> June to 29<sup>th</sup> July 2013**

The links below relate to all comments received for each Housing Market Characteristic Area (HMCA). The comments appear in surname order. Comments may appear more than once if the comment relates to one or more sites and/or to one or more HMCA.

There is a separate page for each set of comments received, with details of the name of the person who made the comments, and their comments, along with a unique reference number (prefix: PRS) attached to that particular person, which will be used again if further comments are made at a later stage of the plan process. This is the Representer Number. Each set of comments made also receives a unique

Representation Number (prefix: REP). We will be contacting individuals to let them know what their representer number is.

For Data Protection reasons, individual contact details – address, telephone numbers and email addresses - have been removed.

Comments may not appear exactly as they were originally submitted because they have been recorded against the relevant questions in each HMCA. In the majority, officers have assumed which questions the comments related to. Officers have removed comments that could be considered offensive and/or racist.
