

SCRUTINY BOARD (SUSTAINABLE ECONOMY AND CULTURE)

INQUIRY INTO APPRENTICESHIPS

TERMS OF REFERENCE

1.0 Introduction

- 1.1 At its meeting in June 2013, the Board identified jobs and skills as a priority area of work for the coming year. It was agreed that a working group would meet with officers from City Development to consider a focus for the inquiry.
- 1.2 The working group met on 9 September 2013 and proposed that the inquiry should focus on apprenticeships. This decision was made in the context of an explicit intention to carry out further subsequent inquiry work on other aspects of the employment and skills agenda in the future.
- 1.3 The following issues were identified as shaping the inquiry:
- High and sustained levels of unemployment among young people, particularly in the more deprived areas of the city
 - There are a number of apprenticeship vacancies across the city which are not attracting applicants
 - The availability of useful local data about apprenticeships
 - The recent changes in the information, advice and guidance service available to young people
 - The important role of parents and carers in influencing young people's choices about future employment, education and training
 - A general lack of awareness and understanding of the range and variety of apprenticeships available, the benefits and how to access these
 - Potential barriers to accessing apprenticeships, including qualification requirements, and how these can be overcome
 - Levels of pay
 - The council's role in supporting and promoting apprenticeships both city-wide and at a local level
 - The council's own role as a major employer in the city
- 1.4 There is a clear link to the findings of the inquiry report published in April 2013 by the Children and Families Scrutiny Board following its inquiry into increasing the number of young people in employment, education or training. The inquiry also builds on previous work carried out by the Sustainable Economy and Culture Scrutiny Board focused on the council's use of its planning and procurement powers to promote employment and skills opportunities. The recommendations from both of these inquiries are still being actively monitored by the respective Scrutiny Boards. Any relevant information emerging from that monitoring process will be incorporated into the evidence for this

inquiry. The Chair of the Children and Families Scrutiny Board is also a member of the Sustainable Economy and Culture Board and will keep the Children and Families Board updated on this inquiry.

2.0 Scope of the inquiry

2.1 The purpose of the Inquiry is to make an assessment of and, where appropriate, make recommendations on the following areas:

- The role of apprenticeships in getting Leeds residents into sustained employment
- How best to make information about apprenticeships accessible to young people, parents, employers, schools and other relevant partners
- The availability of pre-apprenticeship provision, traineeships and support for those not meeting the initial requirements for functional skills
- Whether there is anything more the council could be doing as a major employer to support apprenticeships.

3.0 Desired Outcomes and Measures of Success

3.1 The decision to undertake this Inquiry has been based on the city priority to drive the sustainable growth of the Leeds economy to support business growth and meet the skills needs of businesses in key growth sectors. In conducting the Inquiry the Board wishes to promote access to employment and skills development through apprenticeships to support business growth and as one route to tackling youth unemployment levels in the city.

3.2 It is also important to consider how the Scrutiny Board will deem if its inquiry has been successful in making a difference to local people. Some measures of success may be obvious at the initial stages of an inquiry and can be included in these terms of reference. Other measures of success may become apparent as the inquiry progresses and discussions take place.

3.3 Some potential initial measures of success are:

- Increased number of apprenticeship starts in the city (by age and gender)
- An increase in the percentage of successful applications for apprenticeship by Leeds residents
- A reduction in the percentage of unfilled apprenticeship vacancies
- An increase in the number of Leeds residents supported to be ready to take up an apprenticeship

4.0 Comments of the relevant Director and Executive Member

- 4.1 In line with Scrutiny Board Procedure Rule 12.1 where a Scrutiny Board undertakes an Inquiry the Scrutiny Board shall consult with any relevant Director and Executive Member on the terms of reference.

5.0 Timetable for the inquiry
