

## Report of the Director of Environment and Housing

### Report to Outer South Area Committee

**Date: Monday 31<sup>st</sup> March 2014**

**Subject: Community Safety in Outer South**

Are specific electoral Wards affected? If relevant, name(s) of Ward(s):	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No  Ardsley Robin Hood, Morley North, Morley South and Rothwell
Are there implications for equality and diversity and cohesion and integration?	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
Is the decision eligible for Call-In?	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
Does the report contain confidential or exempt information? If relevant, Access to Information Procedure Rule number: Appendix number:	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No

### Summary of main issues

1. This report provides information on crime trends and a range of community safety activity that has taken place during 2012/13 and 2013/14.
2. It updates Members on the key priorities for 2013/14 and summarises wellbeing spend on community safety issues.
3. The report identifies future priorities for 2014/15 including the Leeds Policing Review and establishment of Safer Neighbourhood Teams.

### Recommendations

4. The Committee is asked to note the contents of this report and make comment as appropriate.

## 1.0 Purpose of Report

- 1.1 This report provides an annual update from the Area Community Safety Co-ordinator on progress made in Outer South to deliver the priorities of the Safer Leeds Executive during 2012/13 and 2013/14. It provides an overview of activity and performance information at a ward level to reduce crime and ASB in neighbourhoods and in relation to the delegated function of CCTV. The report provides an overview of wellbeing funded activity that has taken place during 2013.
- 1.2 Members are asked to note that the annual report on Community Safety has in previous years been presented to the September meeting of the Area Committee. It was deferred this year to a later meeting in order to allow sufficient opportunity for the Community Safety Area Lead Member to contribute to its development. It was further deferred to allow the Members opportunity to focus their February meeting on a Basic Needs workshop. The information it contains by necessity covers a longer time scale than usual and the most up to date information available has been presented. Members are advised that the next scheduled report is due to be presented to the Area Committee in September 2014.

## 2.0 Background information

- 2.1 Leeds has an ambition to be the best city in the UK with the best Community Safety Partnership and services. Safer Leeds will focus on the outcome that “people in Leeds will be safe and feel safe in their homes, in the streets and the places they go”. The strategic assessment for 2013/14 highlighted a number of priorities for Leeds:
- Strengthening the partnership approach to support a reduction in **domestic abuse**.
  - Continued focus on reducing domestic **burglary** and its impact across Leeds.
  - Effectively tackle and reduce **ASB** in our communities
  - Improve our understanding of and approach to deal with **Child Sexual Exploitation**
  - Reduce **re-offending**
  - Deal with increased use of **legal highs and cannabis** in the city
- 2.2 The South Leeds Community Safety Environmental Partnership is responsible for delivering progress against those outcomes for Inner and Outer South Leeds. The Outer South Area Lead Member for Community Safety (Cllr Karen Bruce) is the Area Committee’s representative on this forum.
- 2.3 The activity detailed in this report represents an overview of the contribution being made at a local level by a range of partners to achieve the Vision for Leeds and address locality concerns. Crime statistics for 2012/13 and the first nine months of 2013/14 are presented at **Appendix 1**. The overall trend is that overall crime has reduced or remained stable across Outer South Leeds.

- 2.4 Members will recall a report presented to them in September 2012 updating on community safety activity and trends during the previous year. Feedback from Members on the content of the report was positive. Further discussion with the Area Lead Member has led to a more succinct overview of activity being presented in this report. Members are invited to comment on the content.

### **3.0 Progress on strategic and local priorities**

#### **3.1 Strengthening the partnership approach to support a reduction in domestic abuse.**

- 3.1.1 Tackling domestic abuse is a Best Council Objective and a priority for the Safer Leeds Executive. There are a number of initiatives underway across the city to support a reduction in domestic abuse. These include Multi Agency Risk Assessment Conferences (MARACs) that aim to reduce the risk to victims and their families who are at high risk of lethal violence by implementing a multi-agency plan. The Domestic Abuse Scheme Safer Leeds (DASSL) takes referrals from Children's Social Work Service (CSWS) for men who pose a risk to families who are either subject to a Child Protection Plan or at risk of being subject to a plan. Developments in Children's Services to improve the service response offered to families referred in by the police where incidents of domestic violence have taken place.
- 3.1.2 The focus in Outer South Leeds during 2013 has been to reduce alcohol related domestic violence through a partnership approach. Key activity includes the development of referral pathways to increase the numbers of repeat domestic abuse victims and perpetrators accessing alcohol support and treatment. The Leeds Domestic Violence team have developed a multi-agency training programme to raise awareness of the inter-relationship between alcohol and domestic abuse.

#### **3.2 Continued focus on reducing burglary and its impact across Leeds**

- 3.2.1 Reducing burglary remains a key strategic priority for the city. In 2012/13, there were 5,305 domestic burglaries in Leeds; down 31% compared with the previous year (2,357 fewer victims), the best Leeds has ever achieved. Information circulated to Members via email shows that the four Outer South wards continue to perform well with no significant increases in burglary numbers over the period. The Area Committee have continued to support the Neighbourhood Policing Team in its efforts to reduce burglary via wellbeing funding (see section 7 for details).
- 3.2.2 The operational focus for NPTs across Outer South has been to secure continued reduction in burglary offences with resources being deployed in the key areas at the key times. Optimal Threat Mapping is now used as a tool to predict locations of further potential offences. Through this method, officers are deployed to potentially vulnerable locations to provide deterrence and reassurance. This has been enhanced by the Division deploying an Optimal Reserve (1 Sgt and 4 PCSO's) daily to 'super cocoon' and offer appropriate crime prevention advice. The 'Only Takes A Minute' campaign has continued to be publicised to raise awareness and reduce apathy. Immobilise has been used across the Outer South to encourage residents to register their property making it less attractive to thieves and increasing the likelihood of it being returned to its owner if it is stolen.

### 3.3 Effectively tackle and reduce ASB in our communities

- 3.3.1 The Leeds Anti-Social Behaviour Team (LASBT) continues to effectively deal with all forms of ASB including hate crime. LASBT investigated 447 cases during the 2012/13 period. This is an increase of 30% from 2011/12 period (314 cases). The increase seen is possibly as a result of the increased presence of the team in the community, involving joined up work with the police and a number of other agencies. This presence has encouraged more reporting as confidence to report increases within a community. The integration of the day time noise service into the team has added to the breadth of service the team are able to provide to residents. A summary of LASBT activity in each ward is presented at **Appendix 2**.
- 3.3.2 The team's performance in achieving Service Standards and Customer Satisfaction has also increased from the 2011/12 out turn – see **Appendix 3**. 'Satisfaction with the service delivered' by the team for 2012/13 was 95.6%, with 88.1% of customers stating they were 'satisfied with the outcome of the case'. This level of performance is within the Upper Quartile nationally, and other local authorities have approached Leeds City Council to look at our processes and how this level of performance has been achieved.
- 3.3.3 There have been a number of successful legal outcomes in resolving ASB cases including Premises Closure, ASB Injunctions, Court Undertakings, and Possession Orders. LASBT have also been involved in the Leeds Burglary Reduction Programme, undertaking joint visits with police when prolific burglars are released into the community and making a positive contribution to the co-ordinated case management of "up and coming" offenders.
- 3.3.4 The team have played a key role in delivering the Families First initiative in South Leeds and have developed processes to continue to work in partnership to address the ASB of complex and problematic families.
- 3.3.5 The integration of the day time Noise Nuisance service into the team has seen improvements in the management of noise cases. New procedures have been developed and noise nuisance is now dealt with in the same way as ASB reports. Due to the infancy of this integration the noise process is subject to on-going review.
- 3.3.6 Hate Crime as a form of ASB is also addressed by LASBT and its partners. A review of Hate Incident Reporting Centres was undertaken in order to ensure that residents of south Leeds are aware of venues other than police stations where they can report hate crime. Information about the current HIRC provision in Leeds is included at **Appendix 4**. The South Leeds Hate Crime MARAC aims to problem solve repeat or high risk cases of hate crime. During 2012/13, 11 cases had been referred to the South Leeds MARAC
- 3.3.7 Victim Support play a key role in supporting and advocating on behalf of victims of ASB including hate crime. Their work has been enhanced as a result of wellbeing funding allocated by the Area Committee. The funding allows them to target harden properties of vulnerable victims where no alternative is available.

### 3.4 Improve our understanding of and approach to deal with Child Sexual Exploitation

- 3.4.1 There is increasing public and partnership concern around Child Sexual Exploitation (CSE). CSE is a type of child sexual abuse. It is the organised and deliberate exploitation of a child purely for the sexual gratification of adults. Any young person could become a victim of child sexual exploitation; the crime affects both girls and boys, from any background and of any ethnicity. The nature of the abuse means that it is significantly under reported. Whilst significant progress has been made in mapping the extent of this abuse, the full picture remains unknown.
- 3.4.2 A strategy group and framework have been established by the Leeds Safeguarding Children's Board (LSCB) to take forward this important area of work. Safer Leeds has played a key role in developing an intelligence hub to collate information and progress investigations into allegations of CSE across Leeds. Through LSCB a CSE sub group has been established and a strategic plan is in development. A key activity is raising awareness of the issue across communities. West Yorkshire Police's 'Know the Signs' campaign aims to advise everyone across West Yorkshire of the typical signs of child sexual exploitation and what they should do if they know a young person who might be a victim. Publicity material has been distributed by the NPTs across Outer South Leeds.
- 3.4.3 This activity is being supported locally by wedge based Practitioner Forums that are chaired by the Area Community Safety Co-ordinator in each area. The South Leeds forum has had three meetings to date. It aims to provide a networking opportunity for partners, to raise awareness around the issue and services available and to share good practice across areas and services. The group is in the process of developing awareness raising sessions for practitioners and Ward Members to be delivered by partners early in 2014. A session for parents of Year 7 pupils at South Leeds Academy was delivered in January 2014. Evaluation from that session will inform future awareness raising activity with parents and communities.

### 3.5 Reduce re-offending

- 3.5.1 West Yorkshire Police and partner agencies have worked together for several years to tackle prolific offenders and reduce their offending. The approach known as Integrated Offender Management (IOM) is a key driver in addressing and reducing the significant harm being caused to our communities by recidivism. The partnership approach seeks to identify problematic offenders and address the factors that contribute towards their offending behaviour. A review into the IOM approach was carried out by police during 2013 and its findings are under consideration.
- 3.5.2 During 2013, City and Holbeck Division adopted a multi-agency approach to identify individuals who are at risk of becoming more prolific or involved in more serious forms of offending. The "Amber Nominals" group has developed plans to reduce the offending of 20 individuals across south Leeds. These include disruption visits from NPTs, offering opportunities to access employment and training and referral to specialist services.

### 3.6 Reduce the harm caused by substance misuse – with a focus on dealing with increased use of legal highs and cannabis in the city

- 3.6.1 Reducing the impact of substance misuse in communities continues to be an active priority for the partnership. Members of the public continue to provide the Police with positive leads about Cannabis and other types of drug dealing. One of the significant emerging issues for the city is the sale and use of new psychoactive substances, so called legal highs. Safer Leeds has a three stranded approach to this new area of work: Intelligence gathering, education and enforcement. The South Leeds Community Safety and Environmental Partnership has reviewed the priority and is progressing a programme of work to address cannabis use, alcohol and legal highs through appropriate use of education, awareness raising and enforcement.
- 3.6.2 The South Leeds Alcohol Harm Reduction Partnership has led a number of successful activities during 2013. The group developed Licensing Guidance for Inner South Leeds to encourage potential applicants to take steps that will reduce the negative impact of sales of alcohol in communities. The guidance is being piloted in Inner South and has attracted local and regional interest. The group also co-ordinated joint awareness raising to promote Alcohol Awareness Week and 16 Days of Action during November 2012 across Inner and Outer South Leeds.

## 4.0 **Ward based activity**

- 4.1 This section provides highlights of the wide range of activity carried out by Neighbourhood Policing Teams and their partners to improve community safety in Outer South.

### 4.2 **Ardsley Robin Hood ward**

- 4.2.1 Rothwell NPT, Neighbourhood Crime Team and Roads Policing Unit has routinely provided visibility in Robin Hood and Lofthouse ensuring the A61 and A654 have been covered to prevent travelling criminals coming into the area.
- 4.2.2 Tingley and East Ardsley priorities have focused around Anti-social behaviour on the Fairleigh Estate around the shops and park. A huge amount of work has been undertaken to challenge and arrest offenders and raise awareness. PCSO's continue to work with councillors to seek diversionary projects and the funding of a youth shelter.
- 4.2.3 The Police have also managed two large scale Gypsy traveller horse fairs which drew in thousands of travellers. The first fair saw an unrelated disturbance that later led to a murder in the Thorpe area of Leeds and this naturally raised public tension. Considerable resources were utilised to maintain public safety.

### **4.3 Morley North ward**

- 4.3.1 Drighlington priorities have been around Anti-social behaviour on Fairfax Avenue and Oakwell Road. The NPT have run Operation Digside patrolling the area and challenging a number of youths. Patrols have been maintained in the area over the past few weeks and local residents have continued to report a positive improvement. They have also been very helpful in letting local PCSOs know when and where youths are gathering, enabling officers to stop them, give advice and move them on.
- 4.3.2 Gildersome priorities focused on speeding vehicles on Town Street and Finkle Lane. Officers have carried out speeding initiatives along with participating schools and school children, deployed with the Speed Indicating Device and officers with the pro laser enforcement gun where necessary. Both devices were funded by the Outer South Area Committee.

### **4.4 Morley South ward**

- 4.4.1 Morley South priorities have been around Anti-social behaviour in Scatcherd Park and at the rear of the leisure centre and Anti-social behaviour from large groups of youths on Windsor Court. Morley NPT have worked with staff from the Leisure centre, Morrison's and local schools around tackling the other ASB problems. Police have challenged youths confiscated and disposed of the alcohol and cigarettes and given warning and advice. Neighbourhood officers will continue to provide a high visible presence in the area.
- 4.4.2 Morley Police also supported a large number of local events including St George's parade, Morley Literature festival, Bonfires and Christmas lights.
- 4.4.3 The Harrop estate within the Britannia area continues to suffer from reports of Anti-social behaviour and there is on-going work between agencies. Police have carried out operation Deedbank to tackle nuisance youths, illegal use of motorbikes and drugs abuse. This work remains on-going.

### **4.5 Rothwell ward**

- 4.5.1 Working together with Trading Standards and the Council Rothwell NPT have established 2 'No Cold Calling Zones' in the Ward area.
- 4.5.2 Rothwell NPT, Neighbourhood Crime Team and Roads Policing Units routinely provide visibility on the key routes into the Rothwell ward area – Bullerthorpe Lane, Aberford Road A642 and Leeds Road - to disrupt and deter travelling criminals.
- 4.5.3 There has been a slight increase in the number of burglary other offences recorded. These have tended to be garages and sheds. Items stolen have included tools and high value pedal cycles. RNPT have been able to purchase bike locks and 'Immobi Tags' to distribute to the community. A pedal cycle security event was held in conjunction with Woodrup Cycles in 2013 which was very well received. There is an intention to run a further event in early 2014. Local media and social networking sites have been used to continue to raise awareness. Area Committee funding has also been used to part fund CASAC target hardening to support victims of shed burglary.

- 4.5.4 In relation to Theft from motor Vehicle offences there has been a focus on raising awareness in respect of leaving vehicles insecure and Sat Navs on display. Areas have been targeted and officers have leaflet dropped and door knocked to raise awareness. Rothwell NPT have also deployed asset vehicles as part of their vehicle crime reduction plan. These have been deployed in key areas at key times.
- 4.5.5 There has been some excellent partnership work done around the ASB issues at Jail Yard Parade. Calls for service have reduced over the summer period and Youth Services have worked closely with the ASB Link officers to canvass the young people as to what they feel they need. There are on-going meetings with Parks and Countryside, Local business and the Councillors to try to obtain funding to provide lights at the skate park.
- 4.5.6 Rothwell NPT have worked with Peter Smith from the Tea Cosy Café to provide additional training for the local officers in respect of Dementia sufferers in the area and raising awareness about the condition, signs and symptoms. There has been relevant support provided to those people who are caring for sufferers around target hardening their houses to reduce their feelings of vulnerability.

## **5.0 CCTV – Leedswatch**

- 5.1 CCTV is one of a number of Service functions delegated to Area Committees. The Area Committee's role in relation to this function is to 'maintain an overview of the service in the Committee area and receive regular information about it.
- 5.2 Leedswatch provides a monitoring service for public space surveillance cameras covering open spaces across Leeds. The CCTV control room is staffed and images recorded 24 hours per day, 365 days a year. The service also provides two mobile CCTV vehicles for deployment within communities across Leeds. The Leedswatch service is responsible for providing a first response to Care Ring alarms. On call 24 hours a day, 7 days per week, this service responds to alarms from mainly elderly clients who find themselves in need of support. The service also provides a security response facility for some LCC buildings and lone workers.
- 5.3 The Out Of Hours Noise Nuisance Service transferred to Community Safety Leedswatch in May 2011 from Environmental Services. It is now integrated within the E&N Out of Hours Response Service. The aim of the service is to stop excessive noise from domestic properties between the hours of 6pm and 8am and to provide a witness service to support criminal and civil proceeding in relation to persistent noise nuisance perpetrators. The service operates, Mon – Fri 6pm – 6am, all day Sat, Sun and Bank Holidays 365 days per year.
- 5.4 The service is not a dedicated out of hours noise nuisance service, as the officers also provide responses to the following services:
- Care Ring 1st Response service – emergency response service for vulnerable residents
  - Intruder & Fire Alarms – Council buildings, schools etc...
  - Loan Worker – Parking Enforcement Officers
  - Estate Patrols – Burglary hot spots
  - Key Holding
  - Patrol of business estates – Cross Green

- 5.5 At present, the service consists of up to 4 officers dealing with calls, and two officers providing responses visiting perpetrators addresses. Capacity is limited with at peak times over 1,500 complaints being logged per month. With so many complaints, and limited capacity, it is not always possible to provide a response to every call received. However, at present call response rate is approx. 70% people receive a visit, and call handling rate at 94%.
- 5.6 The Out of Hours service has no enforcement powers. Their role is to visit the perpetrators address and politely ask them to 'stop the noise'. Details are then logged on a database for the daytime (LASBT) team to pick up and investigate if required. The day time team have a range of enforcement powers that they can use to stop persistent noise issues, subject to suitable evidence being provided to demonstrate the impact that the noise is having, and that it meets ASB / Statutory noise enforcement criteria.
- 5.7 The service is currently being reviewed. The review is looking at the whole process end to end, making it more cohesive and fit for purpose. This will involve being clearer to customers about what type of complaint will get a response from the Team, more training for staff about noise legislation and improved and consistent communication to customers between the different service areas.

## 6.0 Future priorities and developments - 2014/15

### 6.1 Partnership priorities

- 6.1.1 The South Leeds Community Safety and Environmental Partnership will continue to co-ordinate and deliver activity towards the six priorities identified at 2.1 above. Some of the key areas to be progressed are as follows:

Strengthening the partnership approach to support a reduction in <b>domestic abuse</b> .	<p>Implement locality actions to support the refreshed Domestic Violence Strategy and Action Plan</p> <p>Support roll out of Caring Dad's programme and emerging perpetrator's work in localities.</p> <p>Support development of Partnership Safeguarding Hub to improve responses to families affected by domestic violence.</p>
Continued focus on reducing domestic <b>burglary</b> and its impact across Leeds.	Continue to monitor levels of burglary and respond using OBA model as appropriate.

Effectively tackle and reduce <b>ASB</b> in our communities	<p>Build on success of multi-agency working across Outer South and enhance through development of Safer Neighbourhood Teams.</p> <p>ASB and hate crime reports to be produced quarterly giving clearer picture of reporting across different types by ward; to be used to improve targeting of resource to areas of need.</p> <p>Implement ASB legislation to be introduced circa autumn 2014.</p>
Improve our understanding of and approach to deal with <b>Child Sexual Exploitation</b>	Develop neighbourhood responses that support professionals in identifying and supporting victims and approaches to raise awareness in the community.
Reduce <b>re-offending</b>	Continue to support the delivery of the Families First programme and reviewed Integrated Offender Management approaches.
Reduce the harm caused by substance misuse – with a focus on dealing with increased use of <b>legal highs and cannabis</b> in the city	<p>Review known areas of cannabis use and/or production to deliver enforcement and education to reduce its impact in target neighbourhoods.</p> <p>Support Public Health in addressing use of NPS/legal highs.</p> <p>Progress activity to identify and support users of alcohol who are High Intensive Users of hospital services and committing serious crimes.</p>

## 6.2 Policing review and establishing Safer Neighbourhood Teams

- 6.2.1 In June 2013 West Yorkshire Police initiated a Programme of Change strategy, to improve Force performance and transform the way services are delivered by reducing demand and thereby support the delivery of policing. Embedded within the strategy is a commitment from West Yorkshire Police to work more closely with Partners to deliver the outcomes set out in the West Yorkshire Police and Crime Plan.
- 6.2.2 The transformation programme aims to build on existing, and develop new working arrangements, through potential co-location opportunities for Police and Partner resources to deliver a more integrated service provision. At the heart of this is the goal of ensuring communities are safe and feel safer.

- 6.2.3 A series of wedge based workshops are being held across the city during March and April. The purpose of the workshops is to explore in each Area Committee area the development of a Safer Neighbourhood Team. The recommendations of these workshops are to be shared with the Area Committee for comment.
- 6.2.4 Chief Inspector Nik Adams will update the Area Committee on the progress of the Programme of Change and what this might look like for the Outer South area.

## **7.0 Area Committee Funded Activity**

- 7.1 This section provides a summary of projects funded by the Outer South Area Committee. It contains an update on the projects that were in progress and had been rolled forward from 2011/12. It also summarises the projects approved, in progress and delivered during 2012/13 and 2013/14.

## **7.2 Wellbeing projects 2011/12**

- 7.2.1 The Area Committee ringfenced amounts of money from the wellbeing fund to allow projects to be developed and delivered during 2011/12. The allocation for 11/12 was £8,000 revenue. A series of projects were developed and delivered in partnership between the NPT Inspectors, Area Community Safety Co-ordinator and Area Management Officer. Projects completed during that year have been previously reported to the Area Committee. The table below shows those projects that had been rolled forward to be completed during 2012/13. :

<b>Name of project</b>	<b>Amount</b>	<b>Status</b>
Morley Tasking (2010/11)/CASAC burglary reduction project	£2500 revenue – confirm final amount invoiced.	CASAC were commissioned to deliver a target hardening project to reduce burglary in Morley NPT area. The project has been completed.
Morley burglary reduction project (Operation Deandale)	£1636.37	Project completed and unspent funding was brought back into the wellbeing pot.

## **7.3 Wellbeing projects 2012/13**

- 7.3.1 The Outer South Area Committee in March 2012 repeated the process used during the previous year of ring fencing an allocation of wellbeing funding for community safety activity. A number of projects were approved for funding and the total allocation for those projects is £10,364 revenue.

7.3.2 The table below shows a progress update on each project for Members information.

<b>Project Summary Information</b>	<b>Amount allocated and start/end dates</b>	<b>Progress</b>
<p><b>No Cold Calling Zones</b></p> <p><i>West Yorkshire Trading Standards</i></p> <p>Aim of the project to set up 4 No Cold Calling Zones – one in each ward - <i>to deter rogue traders, nuisance calls and pushy sales people, ultimately reducing the risk of doorstep crime.</i></p>	<p>£1535.82 with match funding of £1500 from Aire Valley Homes</p> <p>September 2012 to March 2013</p>	<p>Four Cold Calling Control Zones were established – in consultation with the respective Members in each of the four wards.</p> <p>Project completed.</p> <p>Drighlington Parish Council have also provided funding for a scheme in the area.</p>
<p><b>Off Road Bikes</b></p> <p><i>West Yorkshire Police</i></p> <p>Aim of the project to reduce ASB caused by nuisance motorbikes by funding the hire of two off road bikes for use by WYP Traffic Officers</p>	<p>£1976</p> <p>September 2012 – September 2013</p>	<p>Project completed and further funding approved for 2013/14 at the Area Committee meeting in December 2013.</p>
<p><b>Victims Fund</b></p> <p><i>Victim Support</i></p> <p>Aim of the project to provide low level target hardening to residents in Outer South experiencing ASB.</p>	<p>£1000</p> <p>Ongoing</p>	<p>Project completed and further funding approved for 2013/14 at the Area Committee meeting in May 2013.</p>
<p><b>Crime and Grime projects</b></p> <p><i>Leeds Community Safety and NPTs.</i></p> <p>To support the delivery of projects identified by the multi agency Crime and Grime groups in Morley and Rothwell</p>	<p>£4000 - allocated</p> <p>£1999.70 for feeling safe in Rothwell</p>	<p>Feeling Safe in Rothwell was completed by March 2013.</p> <p>No new applications made for funding during 2012/13 by Morley NPT.</p> <p>£2000.30 returned to the wellbeing pot.</p>
<p><b>Tingley Crescent Gating Project</b></p> <p>To reduce ASB.</p>	<p>£3839.05</p>	<p>Project completed.</p>

## 7.4 Wellbeing projects 2013/14

7.4.1 The Outer South Area Committee in March 2013 repeated the process used during the previous year of ring fencing an allocation of wellbeing funding for community safety activity. A number of projects were approved for funding and the total allocation for those projects is £5660.36 revenue.

7.4.2 The table below shows a progress update on each project for Members information.

Project Summary Information	Amount allocated and start/end dates	Progress
<b>Off Road Bikes</b> <i>West Yorkshire Police</i> <p>Aim of the project to reduce ASB caused by nuisance motorbikes by funding the hire of two off road bikes for use by WYP Traffic Officers</p>	£2240 – approved December 2013	This project has received funding from the Outer South Area Committee since March 2011 and has been continued to deliver good outcomes each year.
<b>Victims Fund</b> <i>Victim Support</i> <p>Aim of the project to provide low level target hardening to residents in Outer South experiencing ASB.</p>	£1000 – approved May 2013	Project on-going
<b>NPT projects</b> <i>Leeds Community Safety</i> <p>To support the delivery of projects identified by the Neighbourhood Policing Teams in Outer South</p> <ul style="list-style-type: none"> <li>Rothwell shed bars</li> <li>Rothwell NPT – Operation Flame</li> <li>Rothwell NPT – pedal cycle for PCSO</li> <li>Morley NPT – Operation Dark Nights</li> </ul>	<p>£4000</p> <p>£1000 approved</p> <p>£1063.76</p> <p>£300</p> <p>£1217.60</p>	<p>Project is under review due to delays in commencement. Project completed</p> <p>Approved at Area Committee meeting December 2013</p> <p>Approved at Area Committee meeting December 2013</p>

## **8.0 Corporate Governance Considerations**

### **8.1 Consultation and Engagement**

- 8.1.1 There are no immediate requirements for customer consultation with regards to the content of this particular report.

### **8.2 Equality and Diversity / Cohesion and Integration**

- 8.2.1 There are no Equality, Diversity, Cohesion or Integration considerations as a result of this report.

### **8.3 Council Policies and City Priorities**

- 8.3.1 The activity outlined in this report contribute to targets and priorities set out in the Safer and Stronger Communities Plan

### **8.4 Resources and Value for Money**

- 8.4.1 There are no resources or value for money considerations in this report.

### **8.5 Legal Implications, Access to Information and Call In**

- 8.5.1 There are no legal, access to information or call in implications in this report.

### **8.6 Risk Management**

- 8.6.1 There are no risk management issues associated with this report.

## **9.0 Conclusions**

- 9.1 Not applicable as this report is information based.

## **10.0 Recommendations**

- 10.1 The Outer South Area Committee is asked to note the contents of this report and make comment as appropriate.

## **11.0 Background documents<sup>1</sup>**

- 11.1 There are no background documents associated with this report.

---

<sup>1</sup> The background documents listed in this section are available for inspection on request for a period of four years following the date of the relevant meeting. Accordingly this list does not include documents containing exempt or confidential information, or any published works. Requests to inspect any background documents should be submitted to the report author.
