Does the report contain confidential or exempt information? If relevant, Access to Information Procedure Rule number: 10.4 (3) Appendix number:	<input type="checkbox"/> Yes	<input checked="" type="checkbox"/> No

## Summary of main issues

The report outlines the requirements and proposed strategy to award a service provider to Supply and Maintain Fire Fighting Equipment (Hardware: Dry/Wet Risers and Automatic Sprinklers Systems) to a range of buildings within the Environment and Housing , in order to ensure the Council meets its legal obligations and delivers continuity of service when the existing contract expires.

## Recommendations

The Chief Officer of Property and Contracts is recommended to approve and award the contract for Fire Safety Products (Hardware: Dry/Wet Risers and Automatic Sprinklers Systems) & Associated Works via The Pro5 Framework. The contract start date shall be 16<sup>th</sup> April 2014 and runs until 15<sup>th</sup> April 2015 with an option to extend for a further two x 1 year extensions.

The quality and financial evaluations are complete and Churches Fire Ltd is in first position from the evaluation and we recommend Churches Fire Ltd is awarded the contract.

## **1 Purpose of this report**

- 1.1** This report seeks approval to award a contract to Churches Fire Ltd following a mini competition via the Fire Safety Products & Associated Services framework contract that has been set up by The Yorkshire Purchasing Organisation.

## **2 Background information**

- 2.1** The Pro5 Framework is the largest formally constituted public sector buying organisation within the UK.
- 2.2** The Pro5 Framework allows local authorities to purchase pre-procured goods and services either on a direct call off basis or through mini competition. The framework is an approved framework as defined by the authorities' Contracts Procedure Rules.
- 2.3** Leeds City Council is required to ensure the supply and maintenance of fire fighting equipment for use within Housing Leeds social housing buildings and offices, and has a contract with Chubb which has expired on 31 December 2013. The service and inspection programme for Dry/Wet Risers and Automatic Sprinklers Systems commences in April 2014 in the Housing Leeds stock. The planned estimated start date shall be April 2014
- 2.4** The Chief Officer of Environment and Housing has approved a proposal to procure the services of a new service provider via a mini competition from the Pro5 Framework, a framework which in line with requirements of Contracts Procedure Rules has been approved for use across the council by the Chief Officer of PU / PPPU.

## **3 Main issues**

- 3.1** The estimated spend by Leeds City Council for the supply and maintenance of fire fighting equipment (Hardware: Dry/Wet Risers and Automatic Sprinklers Systems) and associated services is around £63k per annum, the current contract with Chubb was extended in December 2012 for a further 12 month period. This contract expired on 31<sup>st</sup> December 2013.
- 3.2** The Pro5 Framework awarded a 2 year framework contract in January 2012 which runs until December 2014 with an option to extend for a further two years for the use of the Fire Safety Products & Associated Services. The framework ensures that the provision of supplies is maintained; thereby ensuring council and public buildings remain compliant with fire safety regulations.
- 3.3** The Council's PPPU and Procurement Unit are satisfied that the framework contract awarded by The Pro5 Framework has been procured in full compliance with the Public Contracts Regulations 2006. Further in addition Housing Leeds officers are satisfied that the scope covered by the YPO framework contract meets the technical requirements of Leeds City Council. .
- 3.4** The published OJEU contract notice 2012/S 175-288928 EN, publication date 12 September 2012 confirmed the following: Whilst principally open for use by

all local authorities across the UK, for Framework will also be open for use by other public sector bodies.

- 3.5** The framework awarded by The Pro5 Framework was tendered using the OJEU open route testing the suppliers thoroughly and ensuring compliance in all areas stated within the tender documentation. Fire Safety Products & Associated Services have been tendered on a 60% quality – 40% price basis.

## **4 Corporate Considerations**

### **4.1 Consultation and Engagement**

The following officers/departments were consulted during the process;

- Asset Directors – Housing Leeds
- Procurement officers – Corporate Procurement Unit
- Assistant Manager Building Services - City Development
- Head Of Service Internal Service Provider-Property - Civic Enterprise Leeds
- Corporate Fire & Safety Manager – Corporate Governance

### **4.2 Council policies and City Priorities**

The contract specifically delivers the Council's priorities on valuing colleagues and putting customers first and spending money wisely by creating and maintaining a fire safe environment for Housing Leeds residents, staff and members of the public.

### **4.3 Resources and value for money**

- 4.3.1 Savings may be achieved from any further reductions in equipment, building closures.
- 4.3.2 The contract for the servicing of firefighting equipment (Hardware) has realised savings of 8% from the budget estimate.

### **4.4 Legal Implications, Access to Information and Call In**

- 4.4.1 The Procurement Unit has advised that the use of the framework is legal and meets the requirements of public procurement regulations. This requirement will be an administration decision. There are no grounds for treating the contents of this report as confidential within the Council's Access to Information Rules.

### **4.5 Risk Management**

- 4.5.1 The contract will be managed and monitored regularly by service area representatives to ensure the benefits of the services are maximised and the contractors' performance will be measured over the life of the contract.
- 4.5.2 In line with the provisions of the Council Effective Procurement Programme a contract management plan will be developed that will clearly identify roles and

responsibilities of officers with contract ordering and performance management and monitoring activities. This plan will also emphasise the perceived aims and objectives of the contract and how their realisation and contract success will be reviewed and managed, in addition to the plan clearly stating the responsibilities of the contractor.

## **5 Conclusions**

- 5.1** Yorkshire Purchasing Organisation is part of The Pro5 Framework and this contract is a compliant contract for the Supply and Maintenance of Fire Fighting equipment.
- 5.2** The approval to carry out a mini competition and subsequently award a contract would enable continuity of service provision of council facilities to the public and council staff.
- 5.3** The approach in using The Pro5 Framework was been considered against other procurement options and was deemed to provide the best solution.

## **6 Recommendations**

- 6.1** The Chief Officer of Property and Contracts is recommended to approve and award the contract for Fire Safety Products (Hardware: Dry/Wet Risers and Automatic Sprinklers Systems) & Associated Works via The Pro5 Framework. The contract start date shall be 16<sup>th</sup> April 2014 and runs until 15<sup>th</sup> April 2015 with an option to extend for a further two x 1 year extensions.
- 6.2** The quality and financial evaluations are complete and Churches Fire Ltd is in first position from the evaluation and we recommend Churches Fire Ltd is awarded the contract.
