Ref: Baba Jaga off licence application - 107 Harehills Road

To whom it may concern,

I write to you regarding another Off-licence opening. I and so many members of the public strongly disagree to this off licence as we feel there are already too many licenced premises in this local community and area. I have organized a petition on behalf of all the residents who have concerns aswell. We also feel it will create more disorder in a public place where there is a substantial amount of children living. We need more different types of businesses, such as clothes shops, toy shops, cafes, launderettes etc. You only have to look at HAREHILLS LANE where people are congregating outside licenced premises and drinking. This is causing nuisance such as antisocial behavior, pick-pocketing and public disorder. On several occasions there have been trouble and incidents in the area where the local PCSO,S have attended alcohol related disputes. I also point out that a lot of rubbish and littering being generated out of this and is not good for the general public. Harehills road is a very busy parade and is very well known for the hospital which is st James hospital. We need to take a closer look at what kind of image are we setting around the hospital area- like I already stressed we have too many licenced premises in this area. To my account I believe there are more than ten licenced premises on this road which is too many. There are two parks near to 107 harehills road- and daily I have seen kids hanging around and trying to buy cigarettes'. I also want to stress that majority of these international shops which are opening are operating by frauding the system. Majority of these international shops sell untaxed and fake cigarettes and alcohol at half the recommended retail price, this is because they are smuggled products and do not pay any TAX or VAT whatsoever.

On several occasions Baba Jaga propertiors have approached my family at our family shop premises in a threatening and intimidating behaviour saying " drop the objection or I will beat your sons ". My father and brother straight away phoned the police. The police attended twice here is a log number ██████████ the police have told us to pass and alert this information to you. I hope you will take this matter and incidents into account when deciding your decisions on allowing him to obtain this licence

kind regards

Ref Baba Jaja Off Licence Harehills Road

To whom concern

I Mr and Mrs Dahri proprietors (owners) of [REDACTED] Harehills Road have been informed to contact you regarding Baba Jaja obtaining a off licence which raises concerns.

As residents in Harehills Bayswaters ,Bexleys and Astons area in Leeds have also raised their concerns in another off licence the proprietors off Baba Jaja have been using offensive language we feel baba Jaga have been harassing/bulling and becoming a nuisance to the residents , his premises is being use as a pub at times and therefore causing anti-social behaviour in the area day and night and under age customers are also known to purchase liquor.

On several occasions Baba Jaja propertiors and their staff have approached us at our shop premises in a threatening and intimidating behaviour towards my family and staff where the police have also attended, here is the log r [REDACTED] the police have told us to pass and alert this information to you. I hope you will take this matter and incidents into account when deciding your decision on allowing him to obtain this licence.

Please take our and residents' concerns in to account to the objection to Baba Jaja applying for a licence, please free to contact my family or myself by email or on the mobiles below.

Kind regards

[REDACTED]
Mrs S Dahri
