

Equality, Diversity, Cohesion and Integration Screening

As a public authority we need to ensure that all our strategies, policies, service and functions, both current and proposed have given proper consideration to equality, diversity, cohesion and integration.

A **screening** process can help judge relevance and provides a record of both the **process** and **decision**. Screening should be a short, sharp exercise that determines relevance for all new and revised strategies, policies, services and functions.

Completed at the earliest opportunity it will help to determine:

- the relevance of proposals and decisions to equality, diversity, cohesion and integration.
- whether or not equality, diversity, cohesion and integration is being/has already been considered, and
- whether or not it is necessary to carry out an impact assessment.

1. Title:
Provision of Licences To Assign – Flat Weetwood Area - Right to Buy

Is this a:

Strategy / Policy

 Service / Function

 Other

If other, please specify

2. Please provide a brief description of what you are screening

The report seeks the Director’s approval to the granting of Licences to assign the lease of a property sold under the provisions of the Right to Buy. The property in question was sold as a single leasehold flat in a block of 4. The flat in question comprised of a single storey flat with a basement area immediately below which was for the sole use of the tenant of this property.

The current leaseholder converted the property into two separate flats and is seeking to assign the lease for one or both properties. The existing lease does not provide for this and therefore the request to be able to grant Licences to Assign.

This is unique to date, however, all future cases from any leaseholder would be dealt with on their own merits.

3. Relevance to equality, diversity, cohesion and integration

All the council’s strategies/policies, services/functions affect service users, employees or the wider community – city wide or more local. These will also have a greater/lesser relevance to equality, diversity, cohesion and integration.

The following questions will help you to identify how relevant your proposals are.

When considering these questions think about age, carers, disability, gender reassignment, race, religion or belief, sex, sexual orientation and any other relevant characteristics (for example socio-economic status, social class, income, unemployment, residential location or family background and education or skills levels).

Ai) Is the consultation /engagement listed on Talking Point?

Yes

No If no, please give reason

B) Key findings

(Think about: any potential positive and negative impact on different equality characteristics, potential to promote strong and positive relationships between groups, potential to bring groups/communities into increased contact with each other, perception that the proposal could benefit one group at the expense of another)
