# Equality, Diversity, Cohesion and Integration Screening

Directorate: Adult Social Care

As a public authority we need to ensure that all our strategies, policies, service and functions, both current and proposed have given proper consideration to equality, diversity, cohesion and integration.

A **screening** process can help judge relevance and provides a record of both the **process** and **decision**. Screening should be a short, sharp exercise that determines relevance for all new and revised strategies, policies, services and functions. Completed at the earliest opportunity it will help to determine:

• the relevance of proposals and decisions to equality, diversity, cohesion and integration.

Service area: Commissioning

- whether or not equality, diversity, cohesion and integration is being/has already been considered, and
- whether or not it is necessary to carry out an impact assessment.

If other, please specify			

### 2. Please provide a brief description of what you are screening

This is a recommendation that the Director of Adult Social Services awards a twelve month contract (with one possible twelve month extension) to the current service providers in order to continue the carer's community based respite service. This will enable ASC to make strategic decisions and arrangements for implementation of the Care Act from April 2015 and develop a new model for commissioning the service and transferring current service users onto Personal Budgets.

## 3. Relevance to equality, diversity, cohesion and integration

All the council's strategies/policies, services/functions affect service users, employees or the wider community – city wide or more local. These will also have a greater/lesser relevance to equality, diversity, cohesion and integration.

The following questions will help you to identify how relevant your proposals are.

When considering these questions think about age, carers, disability, gender reassignment, race, religion or belief, sex, sexual orientation and any other relevant characteristics (for example socio-economic status, social class, income, unemployment, residential location or family background and education or skills levels).

Questions	Yes	No	
Is there an existing or likely differential impact for the different			
equality characteristics?			
Have there been or likely to be any public concerns about the			
policy or proposal?			
Could the proposal affect how our services, commissioning or			
procurement activities are organised, provided, located and by			
whom?			
Could the proposal affect our workforce or employment			
practices?			
Does the proposal involve or will it have an impact on			
<ul> <li>Eliminating unlawful discrimination, victimisation and</li> </ul>			
harassment			
<ul> <li>Advancing equality of opportunity</li> </ul>			
Fostering good relations			

If you have answered no to the questions above please complete sections 6 and 7

#### 4. Considering the impact on equality, diversity, cohesion and integration

If you can demonstrate you have considered how your proposals impact on equality, diversity, cohesion and integration you have carried out an impact assessment.

Please provide specific details for all three areas below (use the prompts for guidance).

• How have you considered equality, diversity, cohesion and integration? (think about the scope of the proposal, who is likely to be affected, equality related information, gaps in information and plans to address, consultation and engagement activities (taken place or planned) with those likely to be affected)

#### Key findings

**(think about** any potential positive and negative impact on different equality characteristics, potential to promote strong and positive relationships between groups, potential to bring groups/communities into increased contact with each other, perception that the proposal could benefit one group at the expense of another)

#### Actions

(think about how you will promote positive impact and remove/ reduce negative impact)

5. If you are <b>not</b> already considering the impact on equality, diversity, cohesion and					
integration you will need to carry out an impact assessment.
