

Equality, Diversity, Cohesion and Integration Screening

As a public authority we need to ensure that all our strategies, policies, service and functions, both current and proposed have given proper consideration to equality, diversity, cohesion and integration.

A **screening** process can help judge relevance and provides a record of both the **process** and **decision**. Screening should be a short, sharp exercise that determines relevance for all new and revised strategies, policies, services and functions.

Completed at the earliest opportunity it will help to determine:

- the relevance of proposals and decisions to equality, diversity, cohesion and integration.
- whether or not equality, diversity, cohesion and integration is being/has already been considered, and
- whether or not it is necessary to carry out an impact assessment.

2. Please provide a brief description of what you are screening

The Leeds Community Equipment Service operates under a Section 75, Partnership Agreement between Leeds City Council and NHS. Adult Social Care are the lead organisation in the Partnership and deliver the service with Leeds Community Healthcare.

The service provides a range of equipment to meet daily living and nursing needs for disabled adults, older people and children. Equipment purchased by the Council, including that purchased through the Pooled Fund, is subject to procurement through Leeds City Council's procurement arrangements.

A Framework for Assistive Technology Equipment for the Leeds Community Equipment Service was awarded in April 2013. A Framework agreement is an agreement with providers which sets out the terms and condition under which specific purchases (call-off) can be made under the term of the agreement.

The award following a procurement exercise for calling off under Lot 2, an existing framework of the Supply of Specialist beds and mattresses for Disabled People from the Assistive Technology framework from suppliers listed on Lot 2 to Scan Mobility Limited for Beds and Accessories and to Bartram Associates Limited for Air/Dynamic mattresses and Accessories.

Without the Framework agreement in place, the service would not be able to meet the demand for Assistive Technology equipment, and would have to rely on buying off contract and recycling used equipment. This would result in a waiting list for equipment and the service not being able to purchase up to date equipment particularly to meet the needs of customers with more individual and complex needs.

3. Relevance to equality, diversity, cohesion and integration
