

Equality, Diversity, Cohesion and Integration Screening

As a public authority we need to ensure that all our strategies, policies, service and functions, both current and proposed have given proper consideration to equality, diversity, cohesion and integration.

A **screening** process can help judge relevance and provides a record of both the **process** and **decision**. Screening should be a short, sharp exercise that determines relevance for all new and revised strategies, policies, services and functions.

Completed at the earliest opportunity it will help to determine:

- the relevance of proposals and decisions to equality, diversity, cohesion and integration.
- whether or not equality, diversity, cohesion and integration is being/has already been considered, and
- whether or not it is necessary to carry out an impact assessment.

2. Please provide a brief description of what you are screening

Approval is being sought to enter into a 12 month contract extension with DISC and CRI for provision of the Drug Intervention Programme (DIP)/Integrated Offender Management services.

Both services have contracts in place which are due to expire on 30th September 2014. It is recommended that the contract extension be applied to ensure continuity of service provision for existing and new clients whilst a strategic review of DIP/IOM is undertaken as part of the wider review of commissioned services for offenders. Decisions regarding any remodelling and/or recommissioning of DIP/IOM services are expected to be made during the next 12 months.

There will be no change in delivery or outcomes for existing clients of either service

that will impact on equality, diversity, cohesion or integration. The remit for this decision is to ensure service continuity.

3. Relevance to equality, diversity, cohesion and integration

When considering these questions think about age, carers, disability, gender reassignment, race, religion or belief, sex, sexual orientation and any other relevant characteristics (for example socio-economic status, social class, income, unemployment, residential location or family background and education or skills levels).

4. Considering the impact on equality, diversity, cohesion and integration

If you can demonstrate you have considered how your proposals impact on equality, diversity, cohesion and integration you have carried out an impact assessment.

Please provide specific details for all three areas below (use the prompts for guidance).

- **How have you considered equality, diversity, cohesion and integration?** (think about the scope of the proposal, who is likely to be affected, equality related information, gaps in information and plans to address, consultation and engagement

activities (taken place or planned) with those likely to be affected)

- **Key findings**

(**think about** any potential positive and negative impact on different equality characteristics, potential to promote strong and positive relationships between groups, potential to bring groups/communities into increased contact with each other, perception that the proposal could benefit one group at the expense of another)

- **Actions**

(**think about** how you will promote positive impact and remove/ reduce negative impact)
