Summary of main issues

1. The purpose of this report is to present a summary of the outcome of the Care Quality Commission (CQC) hospital inspection of services provided by Leeds Teaching Hospitals NHS Trust (LTHT), alongside the Trusts associated action plans.
2. At its meeting in July 2014, the Scrutiny Board was advised of the Care Quality Commission's (CQC) assessment of services provided at LTHT. The CQC published its findings, recommendations and overall rating for LTHT on 1 July 2014 and a summary version is attached at Appendix 1. The full reports relating to the inspection can be accessed on the CQC's website using the following link:
<http://www.cqc.org.uk/provider/RR8>
3. A summary of the overall ratings provided against the five key areas is provided in the table below:

Assessment area	Judgement
Overall rating for this trust	Requires improvement
Are acute services at this trust safe?	Requires improvement
Are acute services at this trust effective?	Good
Are acute services at this trust caring?	Good
Are acute services at this trust responsive?	Requires improvement
Are acute services at this trust well-led?	Requires improvement

4. In response to the areas of improvement identified through the inspection process, LTHT has identified a series of actions and these are presented in two action plans – aimed at those areas where the Trust MUST improve (Appendix 2) and those areas where the Trust SHOULD improve (Appendix 3).
5. Representatives from the Trust have been invited to attend the meeting to outline the proposed actions and associated progress.
6. Representatives from the local Clinical Commissioning Groups (CCGs) have also been invited to outline their role in the overall governance and assurance processes associated with monitoring the Trust's improvement activity.
