# YOUTH SERVICE LOCALITIES

- Youth Service (Localities) work alongside other youth work providers to deliver geographically targeted Youth Work across the city.
- Youth work teams include qualified youth workers who are suitably qualified and experienced to work with the most vulnerable young people in Leeds.
- Their role in the Activity Fund is to encourage and support hard to reach young people in the localities to engage in local activity sessions – this may require them briefly attending some activity sessions to provide extra support to these young people if needed.
