Subject: Objection to application

I would like to register my objection for the Proposed M-store and their application for an alcohol license. I feel Leeds city centre has enough of these small supermarket convenience stores in the centre and particularly around infirmary street area. Along with trinity news there is 2 tescos and a sainsbury's near to that location. Allowing them to obtain this license will have a negative impact on other local businesses in particular independents. This would also have a negative impact on anti social behavior around the bus stops on infirmary street particularly after dark. Commuters using the bus stops could feel intimidated and fearful to use the bus stops should alcoholics and alcohol related violence become a regular occurrence. Women, children, elderly and staff around the area use these bus stops which would become a no go area. Policing costs would increase along with resources and time spent dealing with these issues. I feel that when only yards away there are similar stores nearby which already provide the same amenities and services it is not needed and will ultimately have a negative effect. Please do not allow M local to obtain and alcohol license.
