

# Equality, Diversity, Cohesion and Integration Screening

As a public authority we need to ensure that all our strategies, policies, service and functions, both current and proposed have given proper consideration to equality, diversity, cohesion and integration.

A **screening** process can help judge relevance and provides a record of both the **process** and **decision**. Screening should be a short, sharp exercise that determines relevance for all new and revised strategies, policies, services and functions.

Completed at the earliest opportunity it will help to determine:

- the relevance of proposals and decisions to equality, diversity, cohesion and integration.
- whether or not equality, diversity, cohesion and integration is being/has already been considered, and
- whether or not it is necessary to carry out an impact assessment.

This report seeks the Directors consideration to a request to repurchase a 2 bedroomed flat in a 3 Storey Block in the Farsley area of the city. The flat was initially purchased from the Council under the Right to Buy 2006.

The leaseholder has requested the Council consider repurchase on grounds that

- due to a medical condition he is seeking a more suitable property
- due to the leaseholder losing their employment they are unable to meet their financial commitments and could have the property repossessed by the mortgagee

**3. Relevance to equality, diversity, cohesion and integration**

All the council's strategies/policies, services/functions affect service users, employees or the wider community – city wide or more local. These will also have a greater/lesser relevance to equality, diversity, cohesion and integration.

When considering these questions think about age, carers, disability, gender reassignment, race, religion or belief, sex, sexual orientation and any other relevant

characteristics (for example socio-economic status, social class, income, unemployment, residential location or family background and education or skills levels).

#### 4. Considering the impact on equality, diversity, cohesion and integration

If you can demonstrate you have considered how your proposals impact on equality, diversity, cohesion and integration you have carried out an impact assessment.

Please provide specific details for all three areas below (use the prompts for guidance).

##### A) How have you considered equality, diversity, cohesion and integration?

(Think about: the scope of the proposal, who is likely to be affected, equality related information, gaps in information and plans to address, consultation and engagement activities (taken place or planned – see Ai below) with those likely to be affected)

##### Ai) Is the consultation /engagement listed on Talking Point?

Yes

No  If no, please give reason

##### B) Key findings

(Think about: any potential positive and negative impact on different equality characteristics, potential to promote strong and positive relationships between groups, potential to bring groups/communities into increased contact with each other, perception that the proposal could benefit one group at the expense of another)

<p><b>C) Actions</b>          (Think about: how you will promote positive impact and remove/ reduce negative impact)</p>
