Equality, Diversity, Cohesion and Integration Screening

As a public authority we need to ensure that all our strategies, policies, service and functions, both current and proposed have given proper consideration to equality, diversity, cohesion and integration.

A **screening** process can help judge relevance and provides a record of both the **process** and **decision**. Screening should be a short, sharp exercise that determines relevance for all new and revised strategies, policies, services and functions. Completed at the earliest opportunity it will help to determine:

- the relevance of proposals and decisions to equality, diversity, cohesion and integration.
- whether or not equality, diversity, cohesion and integration is being/has already been considered, and
- whether or not it is necessary to carry out an impact assessment.

The following questions will help you to identify how relevant your proposals are.

4. Considering the impact on equality, diversity, cohesion and integration

If you can demonstrate you have considered how your proposals impact on equality, diversity, cohesion and integration you have carried out an impact assessment.

Please provide specific details for all three areas below (use the prompts for guidance).

A) How have you considered equality, diversity, cohesion and integration? (Think about: the scope of the proposal, who is likely to be affected, equality related information, gaps in information and plans to address, consultation and engagement activities (taken place or planned – see Ai below) with those likely to be affected)

Adaptation services are currently organised so that Strategic Housing Services are responsible for all elements of non-council housing adaptation delivery and Property and Contracts for council housing. The proposal concerns the re-organisation of adaptation service delivery so that Strategic Housing is responsible for cross-assessment of adaptation need and Property and Contracts is responsible for the cross-tenure delivery of agreed works. This better reflects the core business of the two Divisions.

Ai) Is the consultation /engagement listed on Talking Point?

Yes

No 🗸

If no, please give reason

Consultation has been carried out with staff who will transfer from Property and Contracts to Strategic Housing as part of this proposal and with their trade union representatives.

B) Key findings

(Think about: any potential positive and negative impact on different equality characteristics, potential to promote strong and positive relationships between groups, potential to bring groups/communities into increased contact with each other, perception that the proposal could benefit one group at the expense of another)

The proposal better reflects the core business of the two Divisions and will deliver a more consistent service for disabled people – irrespective of their housing tenure.

C) Actions

(Think about: how you will promote positive impact and remove/ reduce negative impact)

The proposal requires the two Divisions to work in partnership to deliver the assessment and installation adaptation functions.

5. If you are **not** already considering the impact on equality, diversity, cohesion and integration you **will need to carry out an impact assessment**.
