SHLAA Ref	Address	Area ha	Capacity	I&O RAG	Settlement Hierarchy	Green/Brown	Reason
15	Wetherby Road - Scarcroft Lodge, Scarcroft	5.8	130	P	Other Rural Extension	Brownfield	Large brownfield site situated within the Green Belt and Scarcroft conservation area. The site is close to the built up area of the settlement and could be developed for residential development whilst not having a greater impact on the openness of the Green Belt and character and appearance of the conservation area than the existing significant development. Site to remain washed over with Green Belt.
1046	Spofforth Hill, Wetherby LS22	15.4	325	G	Major Settlement Extension	Greenfield	Allocated as PAS land in the UDP. Site is well related to Wetherby and not situated within land defined as Green Belt.
1153	Keswick Lane (land to north of), Bardsey - site of The Blessed Sacrament Church	0.4	10	G	Smaller Settlement Extension	Brownfield	Green Belt site. The site would constitute a small extension into the Green Belt which is well related to the existing settlement and would have limited impact on openness..
1154	Church Street (land to east of), Boston Spa LS23	1.1	19	A	Smaller Settlement Infill	Greenfield	Site is situated within the urban area of Boston Spa, close to the local centre and local services. 5166	Land at Sandbeck Lane Wetherby	6.3	165	NonIO	Major Settlement Extension	Greenfield	Site is a previously undeveloped employment allocation within the UDP and not situated within land defined as Green Belt, as such the principle of development is acceptable. The site is well related to the major settlement of Wetherby and is bounded by the A1(M) to the east and Harrogate BC land to the north.
3132	Church Street	0.5	17	A	Smaller Settlement Infill	Greenfield	The site is situated within the urban area of Boston Spa, adjacent to existing residential development. Development could preserve the character and appearance of the conservation area
4065	Piccolino's, south of A58, Collingham	0.2	7	G	Smaller Settlement Infill	Brownfield	Brownfield site situated within the urban area of Collingham. Acceptable for residential development in principle.
4068	Land to the East of Belle Vue Avenue, Scholes	0.6	15	G	Smaller Settlement Infill	Greenfield	Site situated adjacent to existing residential development and not within land defined as Green Belt. 1057	Scholes Lane, Scholes	0.7	20	R		Greenfield	Green Belt site. The development of the site would result in an unacceptable impact on the Green Belt. The development of the site would represent sprawl to the west of Scholes.
1070	Linton Lane - Cragg Hall Farm, Wetherby LS22	1	32	R		Mixed	Green Belt site. The site is well related to the existing settlement and development would constitute 'rounding off' of the existing settlement. However, the site is not available for residential development given the recent planning permission and construction of a large single dwelling in the middle of the site.
1088	Whinmoor Lane, land to rear of Wainscott Cottage, Shadwell, LS17 8LS	1.8	58	P		Greenfield	Sieved out - Not within the settlement hierarchy
1089	York Road - Homecroft, Scholes LS15 4NF	2.4	54	R		Brownfield	Green Belt site. Not favoured for residential use as the site is isolated from the built up area of Scholes with barriers in between. The site has recent planning permission for employment uses.
1094A	Red Hall Lane and Manston Lane (between)	377.7	0	R		Greenfield	Very large Green Belt site. Development of the site would not be acceptable in Green Belt terms as it would result in significant sprawl, coalescence of the urban conurbation of Leeds with Scholes and fail to safeguard the countryside from encroachment. Significant highway concerns relating to access, impact on local network and relationship to the proposed East Leeds Orbital Route.
1106	First Avenue (land west of), Bardsey	14	315	R		Greenfield	Green Belt site which splits Bardsey from Bardsey Village. Surrounded by residential development on three sides. Site is not required to meet the housing numbers due to local preference for an alternative strategic option.
1107	Green Lane (land east of), Boston Spa LS23	9.5	249	R		Greenfield	Green Belt site. The development of the site is considered to have an unacceptable impact on the Green Belt in terms of sprawl to the south-east of Boston Spa and safeguarding the countryside from encroachment.

SHLAA Ref	Address	Area ha	Capacity	I&O RAG	Settlement Hierarchy	Green/Brown	Reason
1134	Aberford Road, Barwick LS15	6.2	141	A		Greenfield	Green Belt site. The development of the site is considered to have an unacceptable impact on the Green Belt in terms of sprawl. The site would be a significant incursion into the Green Belt to the east of Barwick and could not be considered to round off the settlement.
1139	York Road, Morwick Hall (land adj to), Whinmoor, LS15	13.8	311	R		Greenfield	Green Belt site which relates poorly to existing development. The development of the site for residential use would be unacceptable in Green Belt terms as it would adjoin the East Leeds Extension to its west boundary and would represent significant sprawl which is not well contained. The site would also significantly reduce the Green Belt gap between the urban conurbation of Leeds and Scholes.
1155	Bramham Road and North of Lyndon Road (land to west of), Bramham LS23	12	269	R		Greenfield	Green Belt site. The development of the site would have an unacceptable impact on the Green Belt in terms of sprawl to the north of Bramham and safeguarding the countryside from encroachment.

1164	Richmondfield Lane (land at) - Long Lane LS15	7.2	161	R		Greenfield	Green Belt site. The site relates poorly to the existing settlement. The development of the site for residential development would have an unacceptable impact on the Green Belt in terms of significant spawl and safeguarding the countryside from encroachment. The site also has poor access and a beck splits the site into two parcels.
1165	Barwick Road (land north of), Garforth	9.7	0	A		Greenfield	Green Belt site. The site in isolation would have an unacceptable impact on the Green Belt in terms of unrestricted sprawl and safeguarding the countryside from encroachment. The site also lies within the proposed HS2 route which would have a significant impact on its deliverability. Major site 1232B to east of Garforth chosen on balance as a better site for development than the combined sites to the east/north of Garforth.

1226	Nanny Goat Lane (land north of) and adjacent to M1, Garforth LS25	17.4	0	A		Greenfield	Green Belt site. The site in isolation would have an unacceptable impact on the Green Belt in terms of sprawl and safeguarding the countryside from encroachment. The site also lies within the proposed HS2 route which would have a significant impact on its deliverability. Highways access concerns due to narrow bridge into Garforth. Major site 1232B to east of Garforth chosen on balance as a better site for development than the combined sites to the east/north of Garforth.
1233	York Road (land at)- Sandbeck Lane, Wetherby, LS22	39.9	1047	A	Major Settlement Extension	Greenfield	The site is not within the Green Belt, however it is open countryside which is currently safeguarded by rural land policy (RL1) within the UDP. The site is isolated from the main urban area of Wetherby with limited access across the A1(M) which creates a significant barrier to the existing settlement of Wetherby. Site is not required to meet the housing numbers due to local preference for an alternative strategic option.

1251	Leeds Road, Collingham LS22	4.5	101	R		Greenfield	Green Belt site. In isolation the site would have an unacceptable impact on the Green Belt as it would form an isolated development and not round off the settlement. The southern part of the site is also within an area of high flood risk and the site requires the adjacent site to the east for access. Site is not required to meet the housing numbers due to local preference for an alternative strategic option.
1252	Northgate Lane, Linton LS22	2.3	52	P		Greenfield	Sieved out - Not within the settlement hierarchy
1262	Roundhay Park Lane, Sandy Lodge (site of) LS17 8AS	1	31	A		Mixed	Green Belt site. Site is well related to the settlement and would round off the settlement. However, the site lies adjacent to a cluster of listed buildings and is not required to meet the housing numbers due to local preference for an alternative strategic option.
1271	Rakehill Road (land off), Scholes, LS15	112.3	2528	R		Greenfield	Large Green Belt site which is out of scale with the existing settlement. The development of the site would have an unacceptable impact on the Green Belt in terms of unrestricted sprawl and safeguarding the countryside from encroachment.

1291	Lilac Farm (land at), Lilac Farm, Collingham LS22	8.1	183	A		Greenfield	Green Belt site. The development of the site would have an unacceptable impact on the Green Belt in terms of unrestricted sprawl and safeguarding the countryside from encroachment.
1292	Jewitt Lane (paddock at), Collingham, LS22	1.1	31	R	Smaller Settlement Infill	Mixed	The site is within the existing settlement of Collingham, not within the Green Belt. However, Highways concerns regarding access to the site and the existing highway network. The site slopes significantly and mature trees surround the narrow entrance to the existing dwelling on site which reduces development potential.
1293	Harewood Road (land at), Collingham LS22	4.6	103	A		Greenfield	Green Belt Site. Site is steeply sloping. Site is not required to meet the housing numbers due to local preference for an alternative strategic option.
1294	Leeds Road (land at), Collingham LS22	5.4	121	R		Greenfield	Green Belt site. The southern part of the site juts out from the existing settlement form and has no defensible boundary containing it, which could set a precedent for further sprawl into Green Belt. Highways concerns raised due to the narrow road frontage and poor accessibility to services.
1300	Linton Lane - land opposite the Ridge, Linton LS22	1.7	54	P		Greenfield	Sieved out - Not within the settlement hierarchy
1301	Linton Lane - Wetherby Golf Course house and car park, Wetherby LS22	0.6	19	R		Greenfield	Green Belt site. The site is not related to the existing settlement given that site 1070 is situated between the site and the existing built up area. (It is noted that site 1070 presently contains one detached dwelling, however this was deemed to be appropriate within the Green Belt.) No defensible boundary is present to the south side of the site which could lead to further unrestricted sprawl into Green Belt. The site currently contains a golf clubhouse and car park, which is acceptable, appropriate development in the Green Belt. Development of the site would therefore also result in the loss of a community facility given that the clubhouse would have to be demolished.

1368	Rakehill Road (land south of), Barwick in Elmet	3.1	71	R		Greenfield	Green Belt site, adjoining the existing settlement on two sides. However, concerns regarding potential harm to the setting of the scheduled ancient monument and the conservation area. Highway concerns regarding poor access and narrow local roads. 5162	Land at Whinmoor Lane Redhall	19.4	508	NonIO	Main Urban Area Extension	Greenfield	Green Belt site. The development of the site would have an unacceptable impact on the Green Belt in terms of unrestricted sprawl and safeguarding the countryside from encroachment.
