Summary of main issues

- 1. This annual report provides assurance that the Treasury Management (TM) function is operating within its governance framework.
- 2. TM fully complies with the current CIPFA Code of Practice, the Prudential Code and the revised guidance notes for practitioners issued in 2013.
- 3. During the year all borrowings and investments undertaken have been accordance with the approved governance framework.
- 4. TM operates within the governance framework and also uses additional market intelligence and information gathered from a variety of sources. These sources have been integral to protecting the authority from undue risk in the financial and money markets.
- 5. Internal Audit has provided substantial assurance on the control environment and compliance in their 2013/14 audit report.

Recommendations

6. Note that Treasury Management continues to adhere to its governance framework including the CIPFA Code of Practice, the Prudential Code and revised CIPFA guidance notes issued in 2013. All borrowing and investments undertaken have been compliant with the governance framework.

1 Purpose of this report

1.1 This annual report outlines the governance framework for the management of the Council's TM function. This report also reviews compliance with updated CIPFA guidance notes for practitioners on the Prudential Code for Capital Finance in Local Authorities issued in 2013.

2 Background information

- 2.1 The operation of the TM function is governed by provisions set out under part 1 of the Local Government Act 2003 whereby the Council is required to have regard to the Chartered Institute of Public Finance and Accountancy (CIPFA) Prudential Code for Capital Finance in Local Authorities (amended 2009 and 2011) in particular: The Prudential Code requires that full Council set certain limits on the level and type of borrowing before the start of the financial year together with a number of Prudential indicators.
 - Any in year revision of these limits must be set by Council.
 - Policy statements are prepared for approval by the Council at least two times a year.
- 2.2 TM is responsible for managing the Housing Revenue Account and General Fund long term debt which is in the region of £1.5bn and investments that currently stand at around £50m. It also manages the cash flow requirements of the Council.

3 Main issues

- 3.1 The role of the Corporate Governance and Audit Committee is to ensure that TM is adhering to and operating within its governance framework, as shown in Appendix A.
- 3.2 During the year TM has continued to comply with the Chartered Institute of Public Finance and Accountancy (CIPFA) code of practice on treasury management and guidance notes and its Prudential Code (2011). As such a strategy report was presented to Executive Board in February together with an update in November. A further outturn report for the previous financial year was presented in July.
- 3.3 During the year all borrowings and investments undertaken have been in accordance with the approved governance framework and are in line with the Treasury Management Policies and Practices.
- 3.4 TM continues to review key aspects of the framework including prudential indicators to ensure that they continue to be fit for purpose and provide the right evidence that TM is operating within acceptable levels of risk. The Strategy updates to Executive Board include an update on prudential indicators. TM is complying with all of CIPFA's prudential indicators.
- 3.5 The operation of TM within its governance framework is also complimented by additional market intelligence and information gathered from a variety of sources. For example when the Icelandic banking crisis unfolded the Council had already reduced its investments in a number of banks, despite the rating agencies indicating that they were sound investments. These tools involve:
 - The use of real time market information on the financial and money markets in the UK, Europe, US and other major economies;

- Discussions with market participants and brokers;
- Use of treasury advisors to test market views;
- Networking and sharing of information with Core Cities and West Yorkshire districts;
- Attending market seminars providing technical and economic updates;
- Daily market updates from financial institutions and brokers;
- Thorough review of new financial products and how they fit within the governance structure; and
- Undertaking continuing professional development and ensuring that appropriate training is undertaken.
- 3.6 Furthermore TM undertakes to respond to all treasury management consultations and influence the national governance framework, through attendance at regular core city meetings
- 3.7 Internal Audit has completed its annual review of the TM function. This involved a risk based system audit of TM to evaluate and validate key systems controls. Key controls for a sample of investments, loans and interest payments for 2013/14 were reviewed. Internal Audit report issued 11th March 2014 provided two opinions:
 - Control Environment Substantial Assurance (highest level). This provides assurances that there are minimal control weaknesses that present very low risk to the control environment.
 - Compliance with the Control environment Substantial Assurance (highest level). This level indicates that the control environment has substantially operated as intended although some minor errors have been detected in the sample tested.

The outcome of the 2014/15 internal audit will be reported as part of the Financial Planning and Management Arrangements 2015 report to Committee in July.

4 Corporate Considerations

4.1 Consultation and Engagement

4.1.1 There has been no consultation in relation to this report

4.2 Equality and Diversity / Cohesion and Integration

4.2.1 This report does not have any direct equality and diversity/cohesion and integration issues.

4.3 Council policies and City Priorities

4.3.1 The execution of the Treasury Strategy enables funding to be raised and managed in the most efficient manner. This supports revenue and capital spend in line with City Priority Plans and the Council Business Plan.

4.4 **Resources and value for money**

4.4.1 The execution of the Treasury Strategy enables funds to be raised and managed in the most efficient manner in line with the approved strategy as presented to Executive Board on 14th February 2014.

4.5 Legal Implications, Access to Information and Call In

- 4.5.1 The legislative framework which governs TM is outlined in section 2.1. This framework includes compliance with the CIPFA Treasury Management Code of Practice, the prudential code and revised guidance notes issued in 2013.
- 4.5.2 There are no legal or access to information issues arising from this report.

4.6 Risk Management

- 4.6.1 As set out in the Treasury Management Policy Statement, TM activities are carried out within a risk management framework and the management of risk is key to securing and managing the Council's borrowing, lending and cash flow activities.
- 4.6.2 By complying with and adopting the CIPFA Treasury Management Code of Practice, Prudential Code and guidance notes, assurance is given that arrangements are in place to manage risks effectively.

5 Conclusions

5.1 This report confirms that the Council is operating within its governance framework and as such is complying with the CIPFA Treasury Management Code of Practice, Prudential Code and updated guidance notes. A 2013/14 internal audit report gave TM substantial assurance on both control and compliance.

6 Recommendations

6.1 Note that Treasury Management continues to adhere to its governance framework including the CIPFA Code of Practice, the Prudential Code and revised guidance notes issued in 2013. All borrowing and investments undertaken have been compliant with the governance framework.
