## Housing allocation

SHLAA Ref	Address	Area ha	Capacity	I&O RAG	Settlement Hierarchy	Green/Brown	Reason
129A	Main Street and Pitfield Road, Carlton, Wakefield	1.1	<b>36</b>	G	Other Rural Infill	Brownfield	Brownfield site within existing settlement limits and has well established boundaries. Could potentially improve visual aspect of area if developed. Highways have commented that there is limited frontage with Main Street, so development would need to be combined with the adjacent UDP housing allocation.
136	Alma Villas (site at), Woodlesford LS26 8PW	0.7	<b>12</b>	A	Major Settlement Infill	Mix 60:40	Small part of site in Green Belt. Well related to existing settlement pattern.
143	Aberford Road - site of Glenoit and Minerva Mills, Oulton	2.3	<b>70</b>	A	Major Settlement Infill	Brownfield	Cleared brownfield site. The site is bounded by housing to the south, and canal to the north. To mitigate flood risk issues.
289	Main Street, Hunts Farm, Methley	1.2	<b>25</b>	A	Smaller Settlement Infill	Greenfield	Working farm currently on site consisting of a collection of buildings and barns. Residential development surrounds the site on three sides, the remaining northern boundary borders a beck and a thick row of trees. The site has two access points.
1035	Fleet Lane / Eshald Lane (land at), Oulton LS26 8HT	1.3	<b>40</b>	G	Major Settlement Extension	Greenfield	Adjoining to settlement, no access issues to the site. Site with well defined boundary.
1049	Haighside -south of St Georges Hospital, Rothwell	11.7	<b>307</b>	A	Major Settlement Extension	Greenfield	Site is connected to the urban area with established boundaries. Access via two road frontages (Wakefield Road and Wood Lane).
1058	Haighside, Rothwell LS26	10.3	<b>271</b>	A	Major Settlement Extension	Greenfield	Site is connected to the urban area with established boundaries. Local preference.
1259B	Bullough Lane - Haigh Farm (land adjacent to), Rothwell Haigh LS26 0JY	8.5	<b>154</b>	A	Major Settlement Extension	Greenfield	Site is related to the existing settlement layout and contained by the park to the north with a well defined boundary.
1261	Church Farm and surrounding land north of M62, Lofthouse WF3 3SA	6.4	<b>144</b>	A	Smaller Settlement Extension	Greenfield	Green Belt site. Site well contained and next to existing settlement so impact on the purposes of Green Belt is minimal. Access can be achieved via adjacent site 4220
1359	Wood Lane - Rothwell Garden Centre LS26	3.2	<b>52</b>	G	Major Settlement Extension	Mix 50:50	Green Belt site on the edge of a Major Settlement (Rothwell). Mixed brown and greenfield site. The site relates well to the settlement being essentially an infill site between existing development and would not set a precedent for sprawl. Only part of the site is in East, with the rest in the Outer South area (split East/OS 31/52).
1365A	Swithens Lane, Rothwell, Leeds LS26 0BS	3.2	<b>136</b>	A	Major Settlement Extension	Greenfield	Site to the south of Rothwell connected to settlement. Development of site A would provide an opportunity for limited expansion and would partially 'round off' settlement. No Highways issues raised.
2129B	Mickletown Road Methley	9.5	<b>181</b>	G	Smaller Settlement Extension	Greenfield	PAS site in the UDP. Connected to existing settlement to the south. No Highways issues.
3088	Westgate Lane, Lofthouse	1.1	<b>31</b>	A	Smaller Settlement Extension	Greenfield	The site is well contained and this reduces the potential for sprawl and overall impact on the Green Belt. There are no physical constraints on the site, the site is on the outskirts of the Leeds boundary and in a smaller settlement.

3445A	Land at Leadwell Lane, Robin Hood	2.3	<b>60</b>	G	Smaller Settlement Extension	Greenfield	The site is well connected to the urban area and would join up isolated group of houses to the south with the settlement.

## Safeguarded land (PAS)

SHLAA Ref	Address	Area ha	Capacity	I&O RAG	Settlement Hierarchy	Green/Brown	Reason
129B	Main Street and Pitfield Road, Carlton, Wakefield	4.2	<b>115</b>	A	Other Rural Infill	Greenfield	This was a PAS (Protected Area of Search) on the UDP, not a site within the Green Belt. The site is flat with no tree cover. There is concern over the size of the site in relation to the settlement (Carlton), which falls outside the settlement hierarchy defined in the Core Strategy; hence the site is to be safeguarded for future consideration.
1224	Church Lane (land south of), Mickletown	2.5	<b>55</b>	A	Smaller Settlement Extension	Greenfield	Site allocated as PAS (safeguarded land) in the UDP and not situated within land defined as the Green Belt. Site is well related to the existing settlement, however the site it is not required to meet the housing numbers due to local preference for an alternative strategic option and should therefore be retained as PAS.
1225C	Pinfold Lane (land west of), Mickletown	2.2	<b>50</b>	A	Smaller Settlement Extension	Greenfield	Site allocated as PAS (safeguarded land) in the UDP and not situated within land defined as the Green Belt. ## Not proposed as housing allocation

SHLAA Ref	Address	Area ha	Capacity	I&O RAG	Settlement Hierarchy	Green/Brown	Reason
1006	Wakefield Road , Rothwell	2.3	<b>59</b>	P	Other	Greenfield	Site not within the settlement hierarchy.
1030	Green Lane, Lofthouse, Wakefield (known as Pymont Farm)	3.1	<b>70</b>	R	Smaller Settlement Extension	Mixed	Sieved out Green Belt site. The site has links to the urban area. Access would need to be provided through an existing dwelling, as the southern access is not wide enough. There is also a pylon in the centre of the southern field which would restrict development potential in this area.
1050	Westfield Road (land off), Robin Hood, near Rothwell WF3	5.7	<b>129</b>	R	Smaller Settlement Extension	Greenfield	Green Belt site. The site proposed is large in scale and does not connect well to the built up area. Development on this site would result in significant sprawl into the Green Belt in relation to the size of the settlement.
1223	Watergate (land north of), Methley	7.4	<b>168</b>	R	Smaller Settlement Extension	Greenfield	Green Belt site. Large site, could set precedent for further sprawl if developed. Highways concerns raised over accessibility.
1225A	Pinfold Lane (land west of), Mickletown	20.9	<b>471</b>	A	Smaller Settlement Extension	Greenfield	Sufficient PAS elsewhere in other HMCAs and also conflicts with Natural Resources and Waste Local Plan.
1225B	Pinfold Lane (land west of), Mickletown	26	<b>586</b>	R	Smaller Settlement Extension	Greenfield	Green Belt site. Large site not in keeping with the surrounding urban area and settlement pattern of Methley. Development would cause merging of Mickletown with Methley.
1249	Junction 30 M62 (land off), Rothwell and Oulton LS26	83.8	<b>1885</b>	P	Other Rural Extension	Greenfield	Large Greenbelt Site. Protect greenbelt from encroachment and unrestricted sprawl into the greenbelt.
1259A	Bullough Lane - Haigh Farm (land adjacent to), Rothwell Haigh LS26 0JY	5.3	<b>139</b>	R	Major Settlement Extension	Greenfield	Green Belt site. Land to the north of Rothwell. The site does not relate to the existing settlement pattern and development would constitute urban sprawl.
1335	Mill Pit Lane, Rothwell LS26	4.9	<b>125</b>	R	Major Settlement Extension	Greenfield	Green Belt site to the north of Rothwell. Development would be unrelated to the existing settlement pattern and constitute urban sprawl.
1355	Wood Lane (r/o 26-32), Rothwell	0.7	<b>32</b>	R	Major Settlement Extension	Greenfield	Green Belt site, conservation area, an area of proposed open space (N5 on the existing UDP, see also greenspace section page 21, question G8) and a local nature area. An ancient monument is situated to the south west of site.
1365B	Swithens Lane, Rothwell, Leeds LS26 0BS	6.6	<b>122</b>	R	Major Settlement Extension	Greenfield	Green Belt site. Development would be unrelated to the existing settlement pattern and set a precedent for sprawl.
2103	Copley Lane Allotments, Robin Hood WF3	0.5	<b>14</b>	R	Smaller Settlement Infill	Greenfield	The site covers the northern section of protected allotment (N1A) land on the UDP. As such housing development is not considered to be appropriate. Highway concerns re access. See also greenspace section, page 22, question G9.
2104	Leeds Road, Lofthouse WF3	11.8	<b>0</b>	R	Smaller Settlement Extension	Greenfield	Green Belt site. Development of the site would cross the disused railway line that runs along the western boundary. This is a strong defensible boundary that if breached could result in a high potential for further sprawl into the Green Belt. There is a Local Nature Area in the northern section. The southern section is also reserved for a potential new school site in the existing UDP. We are consulting Education on all sites and any comments received will be considered before making final decisions on sites.

3081A	Robin Hood West	14.2	<b>0</b>	G	Smaller Settlement Extension	Greenfield	Site is not required to meet the housing numbers due to local preference for alternative sites. There is a possibility for a 2FE primary school on the site.
3084	Cemetery Lane, Lofthouse	6.9	<b>156</b>	R	Smaller Settlement Extension	Greenfield	Green Belt site. Not connected to the urban area, no defensible boundary. Development would constitute urban sprawl.

3093	Eshald Lane, Woodlesford	1.3	<b>41</b>	R	Major Settlement Extension	Greenfield	Green Belt site adjacent to N1 greenspace on the existing UDP. No definable boundary. The site is heavily wooded. It is considered that development would compromise the setting of the green space and be unrelated to the existing settlement pattern.
