Equality, Diversity, Cohesion and Integration Screening

As a public authority we need to ensure that all our strategies, policies, service and functions, both current and proposed have given proper consideration to equality, diversity, cohesion and integration.

A **screening** process can help judge relevance and provides a record of both the **process** and **decision**. Screening should be a short, sharp exercise that determines relevance for all new and revised strategies, policies, services and functions. Completed at the earliest opportunity it will help to determine:

- the relevance of proposals and decisions to equality, diversity, cohesion and integration.
- whether or not equality, diversity, cohesion and integration is being/has already been considered, and
- whether or not it is necessary to carry out an impact assessment.

approve Contract Procedure Rule 22.1 in order to enter into new contracts with Foundation and Home Group for delivery of housing related support services for offenders.
Is this a:
Strategy / Policy X Service / Function Other
If other, please specify

2. Please provide a brief description of what you are screening

The Council commission services from Foundation and Home Group which provide housing related support for offenders and those at risk of re-offending. These services are currently subject to contracts which expire on 31st March 2015 and have an option to extend for a further 12 months.

Reforms to offender management introduced by the Government's Transforming Rehabilitation programme have brought about changes to the delivery of supervision to offenders and there is a potential duplication of support provision by these new organisations and the services commissioned by the Council

Approval is being sought to establish new contracts for these housing related support services to enable a full assessment of the changes brought about by Transforming Rehabilitation and to make revisions to these contracts. New contracts will commence from 1st April 2015 for a period of six months, with provision to extend for a further 6 and 12 month period to March 2017.

Services will continue from April 2015 with no change in delivery or impact for people being supported by these services. This decision is being taken to ensure continuity of service whilst a more detailed review is undertaken to determine the changes brought about by the new arrangements. Any period of review will involve detailed discussion with the service providers to ensure existing provision is continued through the current Council funding or by the new offender management organisations.

3. Relevance to equality, diversity, cohesion and integration

All the council's strategies/policies, services/functions affect service users, employees or the wider community – city wide or more local. These will also have a greater/lesser relevance to equality, diversity, cohesion and integration.

The following questions will help you to identify how relevant your proposals are.

When considering these questions think about age, carers, disability, gender reassignment, race, religion or belief, sex, sexual orientation. Also those areas that impact on or relate to equality: tackling poverty and improving health and well-being.

Questions	Yes	No
Is there an existing or likely differential impact for the different equality characteristics?		Х
Have there been or likely to be any public concerns about the policy or proposal?		Х
Could the proposal affect how our services, commissioning or procurement activities are organised, provided, located and by whom?		Х
Could the proposal affect our workforce or employment practices?		Х
Does the proposal involve or will it have an impact on Eliminating unlawful discrimination, victimisation and harassment Advancing equality of opportunity Fostering good relations		Х

If you have answered **no** to the questions above please complete **sections 6 and 7**

If you have answered **yes** to any of the above and;

- Believe you have already considered the impact on equality, diversity, cohesion and integration within your proposal please go to **section 4.**
- Are not already considering the impact on equality, diversity, cohesion and integration within your proposal please go to **section 5**.

4. Considering the impact on equality, diversity, cohesion and integration

If you can demonstrate you have considered how your proposals impact on equality, diversity, cohesion and integration you have carried out an impact assessment.

Please provide specific details for all three areas below (use the prompts for guidance).

• How have you considered equality, diversity, cohesion and integration? (think about the scope of the proposal, who is likely to be affected, equality related information, gaps in information and plans to address, consultation and engagement activities (taken place or planned) with those likely to be affected)

Key findings

(think about any potential positive and negative impact on different equality characteristics, potential to promote strong and positive relationships between groups, potential to bring groups/communities into increased contact with each other, perception that the proposal could benefit one group at the expense of another)

Actions
(think about how you will promote positive impact and remove/ reduce negative impact)

5. If you are not already considering the impact on equality, diversity, cohesion and integration you will need to carry out an impact assessment .
