1. INTRODUCTION

- 1.1. This report provides Members of Council with comments on the robustness of the proposals contained in the amendments to the Budget Motion in the name of Councillor Andrew Carter.

2. ROBUSTNESS OF ESTIMATES

- 2.1 The Local Government Act (Part II) 2003 places a requirement on the Council that when making decisions on the setting of the Council's budget and the Council Tax, they must consider a report from the Council's statutory finance officer (The Deputy Chief Executive) on the robustness of the budget and the adequacy of reserves within the proposals. The report of the Deputy Chief Executive at item 6 (i) on the Council Summons includes at section 9 comments to this effect in respect of the proposed Budget Motion.
- 2.2. Given this requirement, in considering any proposed amendment to the Budget Motion, Members must also consider the comments of the Deputy Chief Executive on the robustness of the proposals. These comments supplement those contained in the main report.

3. PROPOSED AMENDMENT

- 3.1 Councillor Andrew Carter's amendments to the Budget Motion set out his proposals showing areas of additional spend and the sources of funding which are largely self explanatory. In considering these amendments, the Deputy Chief Executive would wish members of Council to be aware of the following:

- (a) In amendment 1 a freeze on the Council Tax may have an impact on the income base of the Council going forward and the freeze grant is only certain for the current year.
 - (b) Amendments 1 and 2 propose a reduction in the funding of full time union convenors and trade union meetings, a freeze on all increments for Principal Officers and above and ceasing the payment of overtime at double time. As these form part of employees' terms and conditions of employment they can only be achieved either by a collective agreement with the Trade Unions or through the dismissal and reengagement of staff on new contracts of employment. The amendments assume that they could be achieved within a six month timescale.
 - (c) In amendment 1, there is a proposals for a reduction in spend on agency staff targeted at support, administrative and management levels, and £0.3m represents around 11% of anticipated agency staffing spend in these areas. A reduction of this size would therefore need careful management to prevent any adverse impact on service delivery.
 - (d) Amendment 1 also proposes the early disposal of a council property using the capital receipt to reduce the capital financing costs. There is an assumption that this can be achieved within the timescales but this is not without risk. Should this not be achieved other savings will have to be found during the year.
- 3.2 Should these budget amendments be approved, they will be subject to the Council's procedures for further consultation and will need to be informed by Equality Impact Assessments as appropriate.

4. OVERALL CONCLUSION

The Budget Motion to Council reflects a significant reduction in funding and as such contains savings proposals which carry varying degrees of risk. This is set out in section 9 of the main budget report and in each of the specific Directorate reports attached.

In conclusion, the amendments to the Budget Motion in the name of Cllr Andrew Carter will not materially impact on the overall robustness of the Council's estimates for 2015/16 or the adequacy of its general fund reserves as at 31st March 2015.
