Does the report contain confidential or exempt information? If relevant, Access to Information Procedure Rule number: Appendix number:	<input type="checkbox"/> Yes	<input checked="" type="checkbox"/> No

Summary of main issues

1. A Tree Preservation Order was made in respect of the above site on 15 October 2014 on a provisional basis.
2. Under the Town and Country Planning (Tree Preservation) (England) Regulations 2012 the Order will expire if it has not been confirmed (whether or not subject to modification) within 6 months of the date of making.
3. One objection to the Order has been received within the statutory objection period.
4. The Chief Planning Officer is requested to determine whether or not the Order should be confirmed or confirmed subject to modification in light of the objection.

Recommendation

5. That the Order be confirmed subject to modification of the Order Plan and Schedule for the purpose of protecting twelve individual trees in place of the Area originally specified.

1 Purpose of this report

- 1.1 To set out the background to the making of the provisional Tree Preservation Order and to note the fact that one objection to the Order have been submitted to the Council
- 1.2 To seek a determination from the Chief Planning Officer that the objection should be overruled in all the circumstances and that the Order be confirmed subject to modification.

2 Background information

- 2.1 The Council was asked to consider making a Tree preservation Order (“the Order”) following concerns expressed by residents of neighbouring properties, in respect of activity undertaken by the Owner perceived to be a threat to trees of significance in his ownership. It is understood that garden fires had been periodically lit under the canopy of a large copper birch tree.
- 2.2 The site was consequently visited by a tree officer and was found to contain a wide range of tree species. The site is highly prominent with the trees visible from a number of public places both along Mill Lane and Wood Lane.
- 2.3 It was considered expedient to protect these trees due to their collective amenity value and an Order was, therefore, made and served on 15 October 2014, using an ‘Area’ classification.

3 Main issues

- 3.1 On 12 November 2014 an objection to the Order was submitted by the Owner.
- 3.2 The grounds of objection have been considered by the relevant Tree Officer and for the reasons given in his comments it is considered that the Order should be confirmed, subject to modification of the OrderPlan and Schedule for the purpose of protecting twelve individual trees in place of the Area originally specified.

4 Corporate Considerations

4.1 Consultation and Engagement

- 4.1.1 Tree Preservation Orders are served on landowners on a provisional basis any other party holding an interest in the land other parties and adjoining landowners where any trees overhang their boundary.
- 4.1.2 A minimum statutory objection period of 28 days applies in respect of any Order made.

4.2 Equality and Diversity / Cohesion and Integration

- 4.2.1 Human Rights. It is necessary to balance the rights of the landowners against the public interest in the protection of trees provided for by the statutory provisions. Local Planning Authorities have the powers to make Tree Preservation Orders if it

appears to be expedient in the interests of amenity to make provision for the preservation of trees or woodlands in their area. In the present case the amenity of the trees is considered on balance to justify the making confirmation of a Tree Preservation Order and to outweigh the rights of the property owners to manage trees without local authority control.

4.3 Council policies and City Priorities

4.3.1 The work of the Sustainable Development Unit forms a vital element of the Vision For Leeds, City Priority Plan and Council Business Plan, the following two of which are relevant to are The aims of maintaining high quality buildings, places and green spaces, which are clean, looked after and respect the City's heritage and of enabling growth of the city whilst protecting its distinctive green character are promoted by the making of Tree Preservation Orders.

4.4 Resources and value for money

4.4.1 There are no resource implications.

4.5 Legal Implications, Access to Information and Call In

4.5.1 The Report is not subject to call in.

4.5.2 The Chief Planning Officer is authorised to take the decision whether to determine Tree Preservation Orders under Part 3 Section 2A of the Constitution (Council non-executive functions).

4.6 Risk Management

4.6.1 There are no specific risks involved.

5 Conclusions

5.7 The grounds of objection have been considered by the Tree Officer and for the reasons given in his comments it is considered that the objection should be overruled.

6. Recommendation

That the Order be confirmed subject to modification of the Order Plan and Schedule for the purpose of protecting twelve individual trees in place of the Area originally specified.

7 Background documents¹

- 7.1 City of Leeds Tree Preservation Order (No.24) 2014 (Stone Gap, Mill Lane Bardsey, Leeds LS17 9AN) dated 15 October 2014.
- 7.2 Objection dated 15 October 2014 (**Exempt under Access to Information Rule 10.4(2)**)
- 7.3 The Tree Officer's comments in respect of the objection.
- 7.4 Modified Order Plan
- 7.5 Further representations received from the owner 13 April 2015 (**Exempt under Access to Information Rule 10.4(2)**)
