

**Report of**     **Asset Management Service**

**Report to**    **Head of Asset Management**

**Date:**        **13<sup>th</sup> April 2015**

**Subject:**     **Community Right to Bid Nomination for The Yew Tree, Newall Carr Road, Otley, LS21 2AU**

Are specific electoral Wards affected?	<input checked="" type="checkbox"/> Yes	<input type="checkbox"/> No
If relevant, name(s) of Ward(s): Otley & Yeadon		
Are there implications for equality and diversity and cohesion and integration?	<input type="checkbox"/> Yes	<input checked="" type="checkbox"/> No
Is the decision eligible for Call-In?	<input type="checkbox"/> Yes	<input checked="" type="checkbox"/> No
Does the report contain confidential or exempt information?	<input type="checkbox"/> Yes	<input checked="" type="checkbox"/> No
If relevant, Access to Information Procedure Rule number: Appendix number:		

### Summary of main issues

1. In line with the legislation and regulations set out in the Localism Act 2011, this report considers the nomination to add The Yew Tree, Newall Carr Road, Otley, LS21 2AU to the List of Assets of Community Value.
2. The Council has received a nomination from The Otley Pub Club which is an unincorporated community group. They are eligible to nominate the property, but not trigger the moratorium period, bid for the property or legally purchase the property.
3. The nomination is one of 19 received simultaneously for pubs in Otley. The Yew Tree is a Grade II listed building which has elements that date over 400 years old. The Yew Tree is the only pub within the village of Newall which serves the Otley community north side of the river Wharfe and is the only pub in the village. It has been serving the people of Otley since the early 1970s and is very popular with local community groups.
4. Officers conclude that the property's current use furthers the social interests of the local community and it is realistic to think that this can continue in the future.

## **Recommendations**

5. The Head of Asset Management is recommended to add The Yew Tree, Newall Carr Road, Otley, LS21 2AU to the List of Assets of Community Value.

### **1 Purpose of this report**

- 1.1 The purpose of this report is for the Head of Asset Management to consider whether the nominated property should be added to the List of Assets of Community Value or whether it should be included on the List of Land Nominated by Unsuccessful Community Nominations in accordance with Part 5 Chapter 3 of the Localism Act 2011.

### **2 Background information**

- 2.1 Part 5 Chapter 3 of the Localism Act 2011 details the legislation for Assets of Community Value and sets out the Community Right to Bid. The right came into force on 21<sup>st</sup> September 2012 and its purpose is to give communities a right to identify a property or land that is believed to further their social interests or social wellbeing and gives them a fair chance to make a bid to purchase the property or land on the open market if the owner decides to sell. From the date the landowner informs the Council of their intention to sell, eligible community groups have a period of six weeks to confirm whether or not they wish to submit to bid to purchase the property or land. If they do inform the Council that they want to bid, the landowner is prevented from disposing of the property for a period of six months (from the date they originally informed the Council of their intention to sell) unless it is to a community organisation. The landowner is free to dispose of the property at the end of the six month period to whomsoever they see fit.
- 2.2 On 26<sup>th</sup> January 2015 Government Ministers announced their intention to change the law to remove permitted development rights for pubs that are listed as Assets of Community Value. At present a pub's owner can change use to certain uses (including retail) or demolish the pub without seeking full planning consent. The new law, which will take affect from 6<sup>th</sup> April 2015, will require a full planning application to be submitted for such activities if the pub is listed as an Asset of Community Value.
- 2.3 The nomination is for The Yew Tree which is located within the Otley and Yeadon ward (please see the red line boundary plan at appendix 1). The Executive Member for Transport and the Economy, Ward Members and Area Support (Citizens and Communities) have been made aware of the nomination. No response has been received.
- 2.4 There has been a national campaign by CAMRA to list pubs as Assets of Community Value. This has resulted in approximately 461<sup>1</sup> pubs being listed nationally and they make up 36% of all assets listed nationally. The Development Control Services collected data from 134 local planning authorities and their analysis highlighted that, of the 189 pub applications assessed, 155 were successfully added to the List of Asset of Community Value resulting in an 88%

---

<sup>1</sup> Data taken from CAMRA website and correct as of 10<sup>th</sup> November 2014

success rate. This is in the context of the average approval rate across all assets being 79%.

2.5 The freehold interest in the property is owned by Punch Partnerships (PTL) Limited.

2.6 The landowner's representative has submitted an objection to the listing of all properties within their ownership and has set them out in three parts. Part one outlines the objection for listing all 20 pubs nominated by Otley Pub Club (19 in Leeds City Council's area with a further one in Harrogate MBC's area as Otley is close to the North Yorkshire border). Part two details their objection to the document submitted by Otley Pub Club entitled "*Otley Pub Club – ACV NOMINATION FORMS FOR ALL THE PUBS IN OTLEY*" and the listing of all pubs in the town. Part three details their specific objection to the listing of The Yew Tree by addressing statements made in the nomination form.

2.7 For property or land to be added to the List of Assets of Community Value, the nominator must be able to demonstrate and satisfy all the listing criteria as laid down in the legislation. The legislation states that buildings or land with a current use is considered to be of community value if, in the opinion of the authority, there is:

- a) an actual current use of the building or other land that is not an ancillary use which furthers the social wellbeing or social interest of the local community, and;
- b) it is realistic to think that there can continue to be non-ancillary use of the building or other land which will further (whether or not in the same way) the social wellbeing or social interests of the local community.'

2.8 For buildings or other land that do not have a current use, the legislation states that land is of community value, if in the opinion of the authority

- a) there is a time in the recent past when an actual use of the building or other land that was not an ancillary use furthered the social wellbeing or interests of the local community, and
- b) it is realistic to think that there is a time in the next five years when there could be non-ancillary use of the building or other land that would further (whether or not in the same way as before) the social wellbeing or social interests of the local community.

2.9 It is important to note that if either of the criteria stated at 2.7 or 2.8 is met, then the Council must add the nominated asset to the List of Assets of Community Value.

### **3 Main issues**

3.1 This report has been based on an assessment of the nomination form and supplementary information document received from The Otley Pub Club. In addition, officers conducted a visit to each of the nominated pubs.

- 3.2 The nomination for The Yew Tree was received on 17<sup>th</sup> February 2015 from The Otley Pub Club, which is a locally based unincorporated community group with at least 21 members eligible to vote in the Leeds area. This has been subsequently checked with the Leeds City Council Electors team and it can be confirmed that The Otley Pub Club complies with paragraph 89(2)(b)(iii) of the Localism Act 2011 in being an eligible organisation within the local area.
- 3.3 As an unincorporated community group with a local connection, The Otley Pub Club is eligible to submit a nomination to register a property as an Asset of Community Value but not to trigger the moratorium in order to make a bid for the property. Therefore, the Otley Pub Club cannot purchase the nominated property.
- 3.4 The Otley Pub Club is a community organisation made up of local pub supporters. The club's Chairman, Greg Mulholland MP, is also the Chair of the parliamentary 'Save the Pub Group'. The Otley Pub Group is free to join, their 'Role and Constitution' states their purpose is:
- For people to be kept informed of what is going on in the pubs
  - To campaign against pub closures and on other issues affecting local pubs and be the 'voice of pub supporters' in the town
  - For people to support, identify with and feel some 'ownership' of Otley's pubs as a community.
- 3.5 The Otley Pub Club has nominated 19 pubs in the Leeds District (as well as a further nomination which has been submitted to Harrogate Borough Council). Although each nomination is being assessed individually, it is important to note all the pubs in Otley have been nominated by the same community organisation.
- 3.6 Part one of the landowner's representative objection makes comment to an extract from a ministerial forward to the advice from The Right Honourable Don Foster which (paraphrased) acknowledges how some local communities feel bereft of the loss of local assets that "...*can help to contribute to the development of vibrant and active communities....*". The landowner's representative suggests that the motivation behind the legislation is to help "*save the last pub/shop/hall standing in the communities*" and not about listing assets en masse. There is nothing to suggest in either the legislation or regulations that the purpose of the legislation is to save the 'last' pub/shop/hall in the community.
- 3.7 Comment is made to the Assets of Community Value – Policy Statement (September 2011) produced by the DGLG which details how the purpose and aim of the listing of assets is to enable communities to have a fair opportunity to bid to purchase the asset should it come up for sale. The landowner's representative suggests that "*it is unlikely that the Otley Pub Club or any other community interest group would be in a position to raise the necessary funds to purchase one premises, much less 20 premises*". It is not a requirement or consideration in the legislation or regulations for nominators to prove that they have the ability to purchase the asset if it became available. Indeed, the legislation would prevent unincorporated community groups from submitting a

nomination if this was the intention. There are numerous examples of nationwide pubs being bought by community organisations, the Ivy House in London was the first to be listed as an Asset of Community Value and was subsequently purchased by a community organisation. The council is aware of a listed pub in Leeds on the verge of being bought, at market value, by an eligible community group. The relevant criteria on which nominations are to be assessed is whether or not an eligible use can continue.

- 3.8 In part two of their objection, the landowner's representative makes the following statement "*The "test" regarding whether land or premises is of community value is detailed in section 88 (1) & (2) of The Localism Act 2011 ("the act"). As these premises are currently trading it is assumed that it is been suggested that it is a premises of community value pursuant to section 88(1) of "the act". Whether it is correct that all (or indeed any of the) public houses in Otley "need to be protected" is at best a matter of opinion but whether they do or not, it is not a justification for listing them as an asset of community value (ACV).*" The Council is not making the case that the pubs need to be protected, the assessment is based on whether the criteria for listing, as detailed in section 88 (1) and (2) of the Localism Act 2011, has been met for each individual nomination.
- 3.9 The landowner's representative has commented that it is academic as to whether Otley has the largest number of pubs per capita or is regarded as a 'famous pub town'. The Council concurs with this statement. However, it is fact that Otley Pub Club has nominated every pub in Otley and that fact is mentioned in each report. Assessment of each individual nomination has been made on its own merits.
- 3.10 Reference to the Otley Pub Club constitution has been made, with particular regard to the clubs purpose. The landowner's representative states that "*It is noted that making nominations to list premises as assets of community value (or indeed any similar activity) is not part of the clubs purpose nor is making a bid to but one or twenty pubs*". The Council have given regard to this and considers it irrelevant. It would not be expected to form part of an organisation's constitution.
- 3.11 In part three of their objection, which specifically addresses the nomination of The Yew Tree, the landowner's representative states that the premises does not have any accommodation or letting rooms for visitors and that hot food is not served. The Council cannot find reference to these on the nomination form other than food being provided for events; hot food is not specifically mentioned and neither is accommodation. It is also stated that "*There is no sports teams based at the premises and it does not sponsor any team*". Again, the Council cannot find reference on the nomination form to any sports team being based at the premises or the premises sponsoring a sports team and is unsure why these points have been raised.
- 3.12 The landowner's representative has acknowledged that two weekly quizzes take place at the premises and entertainment is provided on a Saturday once a month. They have also stated that it should be the activities that take place in the premises rather than the premises itself that should dictate whether a premises furthers the social wellbeing or social interests of the local community. As the premises is a venue for hosting these activities, which do not take place elsewhere in the village, further strengthens the nomination.

- 3.13 The landowner's representative has contradicted the nominator's statement that karaoke nights take place at the premises. The Council is unable to establish whether or not either statement is correct but regardless of the fact the recommendation would still stand.
- 3.14 The landowner's representative makes the point that "*Otley Pub Club can claim to speak on behalf of its members, we would question what appears to be an (sic) desire speak (sic) on behalf of the town*". The legislation does not require the nominator to speak on behalf of the town as this would not be practical. The nominator has complied with paragraph 89(2)(b)(iii) of the Localism Act<sup>2</sup> which is the minimum requirement.
- 3.15 For a property to be added to The List of Assets of Community Value, the nominator must demonstrate that a current non ancillary use furthers the social interests and social wellbeing of the local community and that it is realistic to think that it can continue to do so whether or not in the same way.

***Does a current non-ancillary use further the social interests or social wellbeing of the local community?***

- 3.16 The Otley Pub Club state that 'Otley is a famous pub town' it has a reputation which is both nationally and internationally known. The established 'Historic Otley Ale Trail' links together the Otley pubs on a publicised trail which can be downloaded from the Otley Pub Club website.
- 3.17 A number of the Otley pubs date back to the 17<sup>th</sup> and 18<sup>th</sup> centuries and form an important part of the town's history and architecture.
- 3.18 Otley hosts a number of annual festivals and one of events such as: The Folk Festival; The Walking Festival; Otley Word Fest; The Victorian Faye; Otley Cycle Races; The Street Festival and the turning on of the Christmas lights. The pubs play an integral role by providing more than food and drink. They provide venue hire and room for events to allow festivals to take place across the town rather than in one hall; amenity space for the local community and tourists visiting the town for an event; they add to and enhance the ambience of the town making it a place where people want to live and visit.
- 3.19 Unlike most of the other nominations received from Otley Pub Club, The Yew Tree is not in Otley town centre. The nominator states that The Yew Tree has been serving the local village community of Newall (approximately 0.6 miles from Otley town centre) since the early 1970s and is considered to be an important local hub where residents and local associations meet. The Yew Tree is the only pub north of the river Wharfe and as a consequence of this provides a significant community resource to the thousands of people who live that side of the town.
- 3.20 Further supporting information provided by the Otley Pub Club details how The Yew Tree is a venue where community groups meet and community activities take place due to having the benefit of large lounge area. It is particularly popular for funeral wake gatherings as the lounge can be hired outside of normal

---

<sup>2</sup> Localism Act 2011 (c.20), Part 5 Community Empowerment, Chapter 3 Assets of Community Value

working works and it is considered that the loss of this facility would have a negative impact on the community. In addition to the above, the nominator has stated that there is a separate tap room with pool and dart facilities and plays host to live music, DJ music, karaoke nights and holds regular quiz nights which are popular with local residents.

- 3.21 It is considered by Leeds City Council that the current use does further the social interests and social wellbeing of the local community. Pubs are places where people go to drink and socialise. The setting of a pub is a social setting. To argue to the contrary would be to paint a picture of a pub being a place where people went to consume alcohol alone without interacting with other patrons. It is considered that such circumstances would be rare, and nothing has been provided to suggest that The Yew Tree is such a place. If the local community solely intended to consume alcohol, it is considered more likely they would do so in their own home, taking advantage of the lower prices available in shops and supermarkets. The fact that people are visiting a social environment supports the fact that they do so to further their social interests and social wellbeing.

***Is it realistic to think that there can continue to be a non-ancillary use that will further the social interests or social wellbeing of the local community (whether or not in the same way)?***

- 3.13 The Yew Tree is currently open and trading. Nothing has been provided to suggest there are plans to change use or close. Therefore, it is realistic to think the current use will continue and that such use is eligible.
- 3.14 The criteria for listing as set out in paragraph 88(1) of the Localism Act 2011 is considered to have been met and the nominated land should be added to the List of Assets of Community Value.

## **4 Corporate Considerations**

### **4.1 Consultation and Engagement**

- 4.1.1 The Council's role is to assess the community nomination against the criteria set out in the Localism Act 2011, therefore no consultation and engagement is necessary.
- 4.1.2 The Executive Member for Transport and the Economy has been briefed.
- 4.1.3 Otley and Yeadon Ward Members have been informed of the nomination. No comments have been received.

### **4.2 Equality and Diversity / Cohesion and Integration**

- 4.2.1 Equality, diversity, cohesion and integration considerations do not form part of the eligibility criteria upon which nominations are assessed. However, consideration has been given to ensure that all people have an equal opportunity to nominate assets of community value

### **4.3 Council policies and City Priorities**

- 4.3.1 The Council has an obligation under the Localism Act 2011 to assess nominations under Community Right to Bid.

#### **4.4 Resources and value for money**

- 4.4.1 The Localism Act contains a right to appeal for private landowners, ultimately with them being able to take the Local Authority to a first tier tribunal if they are dissatisfied with a decision on a nomination and are still dissatisfied after a formal internal appeal. If a first tier tribunal finds in the landowners favour, the Local Authority is liable for all costs of the tribunal.
- 4.4.2 The Act also gives the landowner a right to compensation if they incur costs or loss of value directly from complying with the Assets of Community Value legislation. This compensation is payable by the Local Authority.

#### **4.5 Legal Implications, Access to Information and Call In**

- 4.5.1 The City Solicitor confirms that the conclusions and recommendations in this report represent a reasonable and proper application of the statutory criteria for determining whether the nominated property is an asset of community value.
- 4.5.2 The Head of Asset Management has authority to take the decisions requested in this report under Executive functions 2(o) (specific to the Director of City Development) of the Director of City Development's sub delegation scheme.
- 4.5.3 The proposal constitutes a significant operational decision and is therefore not subject to call in.

#### **4.6 Risk Management**

- 4.6.1 The report has potential risk implications as the landowner is able to request an internal review which could ultimately lead to a first tier tribunal.

### **5 Conclusions**

- 5.1 In order to be included on the List of Assets of Community Value, all listing criteria, as laid down in Part 5 Chapter 3 of the Localism Act 2011, must be satisfactorily met.
- 5.2 The landowner's representative has submitted an objection and raised a number of points within it. However, the Council's opinion is that the current use, that use being as a public house, is eligible. Pubs are places where people go to socialise, which furthers social interests and social wellbeing. Nothing has been provided to change that view for The Yew Tree.
- 5.3 The property has a current use that furthers the social interests of the local community and it is realistic to think that such a use can continue. Therefore the criteria as set out in section 88(1) of the Localism Act 2011 is considered to have been met and the nominated land should be added to the List of Assets of Community Value

## **6 Recommendations**

- 6.1 The Head of Asset Management is recommended to add The Yew Tree, Newall Carr Road, Otley, LS21 2AU to the List of Assets of Community Value.

## **7 Background documents<sup>3</sup>**

- 7.1 Nomination form
- 7.2 Otley Pub Club supplementary document

---

<sup>3</sup> The background documents listed in this section are available to download from the Council's website, unless they contain confidential or exempt information. The list of background documents does not include published works.
