Summary of main issues

1. In July 2014, the Scrutiny Board identified Mental Health Services (and in particular Child and Adolescent Mental Health Services (CAMHS)) as areas for more detailed consideration by the Scrutiny Board. The purpose of this report is to present further evidence for consideration.
2. During the course of the year, the Scrutiny Board has received and considered a wide range of information and heard from a variety of witnesses, including service users, NHS commissioners and service providers.
3. The purpose of this report is to present a draft final report (to follow) for consideration by the Scrutiny Board. The draft final report will seek to draw together the evidence received and set out the main findings and any recommendations.

Recommendations

4. The Scrutiny Board (Health and Wellbeing and Adult Social Care) is asked to:
 - a. Consider the draft final report and agree its content, subject to any changes identified and agreed at the meeting.
 - b. Request a formal response to the final inquiry report and any associated recommendations.
