

Equality, Diversity, Cohesion and Integration Screening

As a public authority we need to ensure that all our strategies, policies, service and functions, both current and proposed have given proper consideration to equality, diversity, cohesion and integration.

A **screening** process can help judge relevance and provides a record of both the **process** and **decision**. Screening should be a short, sharp exercise that determines relevance for all new and revised strategies, policies, services and functions. Completed at the earliest opportunity it will help to determine:

- the relevance of proposals and decisions to equality, diversity, cohesion and integration.
- whether or not equality, diversity, cohesion and integration is being/has already been considered, and
- whether or not it is necessary to carry out an impact assessment.

- **School Governing Body**

The school governing body have been periodically updated on progress and allowed to feedback with comments as required.

- **Key findings**

The proposed modular accommodation at Wigton Moor Primary School has been designed with compliance to British building regulations and design requirements as a key deliverable. A requirement of which is the adherence to the Disability Discrimination Act and the associated building regulations linked to this legislation. In addition to this, please see Actions noted below. The modular unit which is to be provided has been designed in accordance with these requirements and procured through a LCC procured contract framework, this ensures all of the Authority's policies and objectives are accounted for.

- **Actions**

Access to the Building

The modular building has been designed in adherence to the Disability and Discrimination act; as such the building will be fully accessible and conform to building regulation requirements. Due to its distance from the main building a disabled toilet has been allowed for within the scope of works. Where technically possible the building will be positioned to allow for level access at all points. Where this cannot be achieved a DDA compliant ramp will be provided to all access points. The hired staff room unit, on site for one year, will be provided with an appropriate ramp for inclusive access.

Consultation

In an effort to maintain the schools status as a 'good neighbour' and foster good working relations within the community a letter drop is to be undertaken prior to the units delivery to ensure local residents are aware of the modular classroom installation.
