

Equality, Diversity, Cohesion and Integration Screening

As a public authority we need to ensure that all our strategies, policies, service and functions, both current and proposed have given proper consideration to equality, diversity, cohesion and integration.

A **screening** process can help judge relevance and provides a record of both the **process** and **decision**. Screening should be a short, sharp exercise that determines relevance for all new and revised strategies, policies, services and functions.

Completed at the earliest opportunity it will help to determine:

- the relevance of proposals and decisions to equality, diversity, cohesion and integration.
- whether or not equality, diversity, cohesion and integration is being/has already been considered, and
- whether or not it is necessary to carry out an impact assessment.

2. Please provide a brief description of what you are screening

The Council sells flats and maisonettes to tenants under the Right to Buy where the individual tenant qualifies.

Leaseholders of these flats may subsequently seek to acquire the roof space immediately above their flat. Where approval is given they may either convert the space into additional accommodation or use the area for storage.

The Council will consider each request on its own merits, in conjunction with the potential impact this may have on the Council in its role as landlord and its responsibility for maintaining the building structure including the roof. Consideration need to be given to the potential additional costs and access arrangements.

All applications will be treated on their own merits.

3. Relevance to equality, diversity, cohesion and integration
