Delete all after “ *on his knighthood*” and replace with:

“along with all of the local authorities who came together to successfully deliver the Tour.

In order to build on these successes and ensure Leeds remains a centre for world class sporting events, Council celebrates the significant achievements of attracting the Rugby World Cup in 2015 and the ITU World Triathlon Series to the city in 2016.

Council further notes that Leeds University has a stated aspiration within its Sport Strategy to develop cycling facilities and is actively exploring how to realise this with partners, including British Cycling, at the present moment.

Council therefore calls on officers to prepare a report for Executive Board on the development of cycling facilities in Leeds, including in particular how the Council can work collaboratively with its partners, including the Sport Leeds Board, to ensure the success of world class sporting events in the city continues to be built on.”

Full Motion will then read:

“This council notes the increased investment in cycling during recent years and congratulates those involved for the success of both the Tour de France and its continuing legacy, the Tour de Yorkshire. In particular Council congratulates Sir Gary Verity on his knighthood, along with all of the local authorities who came together to successfully deliver the Tour.
