

Equality, Diversity, Cohesion and Integration Screening

As a public authority we need to ensure that all our strategies, policies, service and functions, both current and proposed have given proper consideration to equality, diversity, cohesion and integration.

A **screening** process can help judge relevance and provides a record of both the **process** and **decision**. Screening should be a short, sharp exercise that determines relevance for all new and revised strategies, policies, services and functions.

Completed at the earliest opportunity it will help to determine:

- the relevance of proposals and decisions to equality, diversity, cohesion and integration.
- whether or not equality, diversity, cohesion and integration is being/has already been considered, and
- whether or not it is necessary to carry out an impact assessment.

Directorate: Environment & Housing	Service area: Waste Management
Lead person: Rosie Harvey	Contact number: 0113 3950251

Title: Variation of WEEE (Waste Electrical and Electronic Equipment) contract to include DGSA (Dangerous Good Safety Advisor) services.

Is this a:

Strategy / Policy
 Service / Function
 Other

If other, please specify

2. Please provide a brief description of what you are screening

The Chief Officer for Waste Management is recommended to note the content of this report and approve the variation of the WEEE contract to include DGSA Services.

3. Relevance to equality, diversity, cohesion and integration

All the council's strategies/policies, services/functions affect service users, employees or the wider community – city wide or more local. These will also have a greater/lesser relevance to equality, diversity, cohesion and integration.

The following questions will help you to identify how relevant your proposals are.

When considering these questions think about age, carers, disability, gender reassignment, race, religion or belief, sex, sexual orientation and any other relevant characteristics (for example socio-economic status, social class, income, unemployment, residential location or family background and education or skills levels).

Questions	Yes	No
Is there an existing or likely differential impact for the different equality characteristics?		✓
Have there been or likely to be any public concerns about the policy or proposal?		✓
Could the proposal affect how our services, commissioning or procurement activities are organised, provided, located and by whom?	✓	
Could the proposal affect our workforce or employment practices?		✓
Does the proposal involve or will it have an impact on <ul style="list-style-type: none">• Eliminating unlawful discrimination, victimisation and harassment• Advancing equality of opportunity• Fostering good relations		✓

If you have answered **no** to the questions above please complete **sections 6 and 7**

If you have answered **yes** to any of the above and;

- Believe you have already considered the impact on equality, diversity, cohesion and integration within your proposal please go to **section 4**.
- Are not already considering the impact on equality, diversity, cohesion and integration within your proposal please go to **section 5**.

4. Considering the impact on equality, diversity, cohesion and integration

If you can demonstrate you have considered how your proposals impact on equality, diversity, cohesion and integration you have carried out an impact assessment.

Please provide specific details for all three areas below (use the prompts for guidance).

- **How have you considered equality, diversity, cohesion and integration?** (think about the scope of the proposal, who is likely to be affected, equality related information, gaps in information and plans to address, consultation and engagement activities (taken place or planned) with those likely to be affected)

I have considered how this variation will affect equality, diversion, cohesion and integration in Leeds. The main outcome will be the change to who is delivering the service for LCC and whilst it is expected this will have minimal effect due consideration to issues will be given as part of the handover process with the new contractor required to detail how they will consider these aspects when delivering the service.

- **Key findings** (think about any potential positive and negative impact on different equality characteristics, potential to promote strong and positive relationships between groups, potential to bring groups/communities into increased contact with each other, perception that the proposal could benefit one group at the expense of another)

WEEELink are an existing LCC contractor so are subject to contract management measures which address issues of equality, diversion, cohesion and integration. These need to be continued and expanded to incorporate the new aspect of their service.

- **Actions** (think about how you will promote positive impact and remove/ reduce negative impact)

Maintain:

- Ensure contractor has appropriate licensing and maintains it for the duration of the contract.
- Effective and structured contract management to identify issues
- Ensure timely action to any future audit recommendations

5. If you are **not already considering the impact on equality, diversity, cohesion and integration you **will need to carry out an impact assessment.****

Date to scope and plan your impact assessment:	N/A
Date to complete your impact assessment	N/A
Lead person for your impact assessment (Include name and job title)	N/A

6. Governance, ownership and approval

Please state here who has approved the actions and outcomes of the screening

Name	Job title	Date
Susan Upton	Chief Officer Waste Management	8th July 2015

7. Publishing

This screening document will act as evidence that due regard to equality and diversity has been given. If you are not carrying out an independent impact assessment the screening document will need to be published.

Please send a copy to the Equality Team for publishing.
