

Equality, Diversity, Cohesion and Integration Screening

As a public authority we need to ensure that all our strategies, policies, service and functions, both current and proposed have given proper consideration to equality, diversity, cohesion and integration.

A **screening** process can help judge relevance and provides a record of both the **process** and **decision**. Screening should be a short, sharp exercise that determines relevance for all new and revised strategies, policies, services and functions. Completed at the earliest opportunity it will help to determine:

- the relevance of proposals and decisions to equality, diversity, cohesion and integration.
- whether or not equality, diversity, cohesion and integration is being/has already been considered, and
- whether or not it is necessary to carry out an impact assessment.

If other, please specify Proposed Extension to School building

2. Please provide a brief description of what you are screening

Oakwood Primary Academy has requested permission, through the PFI contract which they are party to, for the building of a minor extension to the rear of the building. This proposal involves the construction of a single storey extension to the rear of the Oakwood Primary Academy site. The extension will be a traditional build project in keeping with the current building.

The internal remodelling will enable the school to meet the increasing needs of the SEN children whilst allowing the educating of pupils in small and medium groups which the current footprint of the school doesn't allow.
