

Equality, Diversity, Cohesion and Integration Screening

As a public authority we need to ensure that all our strategies, policies, service and functions, both current and proposed have given proper consideration to equality, diversity, cohesion and integration.

A **screening** process can help judge relevance and provides a record of both the **process** and **decision**. Screening should be a short, sharp exercise that determines relevance for all new and revised strategies, policies, services and functions. Completed at the earliest opportunity it will help to determine:

- The relevance of proposals and decisions to equality, diversity, cohesion and integration.
- whether or not equality, diversity, cohesion and integration is being/has already been considered, and
- Whether or not it is necessary to carry out an impact assessment.

Team, Children's Services and Adult Social Care

A Framework Contract is currently in place for the Supply and Management of

Placements to temporary accommodation within this contract for homeless

The Housing Act 1996 part VII (as amended by the 2002 Homelessness Act)

Furnished Temporary Accommodation (TA) Services. This contract is commissioned and managed by Environment and Housing, Strategy and Commissioning Service.

households are made by Environment and Housing via the Leeds Housing Options

requires all councils to ensure that interim accommodation is available to homeless households seeking assistance under the homeless legislation and, if a statutory homeless duty is accepted, that provision of temporary accommodation must continue until the homeless household is offered either a secure tenancy, or assured tenancy; or agrees to take an assured short hold tenancy.

During 2013 there has been a steady decrease in the number of units being utilised under this contract but at present the Council still requires access to Temporary Accommodation.

A strategic sector review of homelessness services is currently being undertaken by Strategy and Commissioning and is due to be completed in April 2017. This review is being undertaken with key stakeholders including service users in order to assess future need and demand and to inform the commissioning of an effective model that is holistic, flexible and responsive.

The decision to extend this contract will ensure the continuation of an existing service and will not introduce a new service or decommission an existing service.

The service specification contains clear requirements to ensure the provider has Equality policies and procedures in place and a responsive service is delivered to all equality groups. To date RD Willis has provided a good quality accessible service.

3. Relevance to equality, diversity, cohesion and integration

All the council's strategies/policies, services/functions affect service users, employees or the wider community – city wide or more local. These will also have a greater/lesser relevance to equality, diversity, cohesion and integration.

The following questions will help you to identify how relevant your proposals are.

When considering these questions think about age, carers, disability, gender reassignment, race, religion or belief, sex, sexual orientation and any other relevant characteristics (for example socio-economic status, social class, income, unemployment, residential location or family background and education or skills levels).
