Message : Subject: Alcohol license extension to midnight - Whites, 9 Otley Road, Headingley Dear Entertainments Licensing, I would like to object to the application by Whites at 9 Otley Road, Headingley, to extend their alcohol license to midnight. As a resident of a nearby street I am gravely concerned that further late night alcohol sales are being applied for in this residential suburb. The proliferation of late evening alcohol sales and hot-food take-aways is undermining the sustainability of our community by promoting the night-time economy at the expense of other amenities. Surely only in exceptional circumstances should permission be given to increase the total number, the size or the trading hours of Licensed premises. We already suffer from shouting, vomiting, car door slamming, urinating in our gardens, vandalism etc in the evening and later sales will only prolong this into the night. I trust you will refuse this application [REDACTED]

Thanks
