Subject: RE: Head of Steam - Representation

Application for extension of licence at bar previously called Havana on North Lane Headingley.
Sorry I do not have the application number to hand.

Although the extension they are asking for is only half an hour, there are aspects of the previous nuisance caused by this property, which residents wish to see prevented.

Public nuisance

Previous owners of these premises caused a public nuisance in the following ways,
put tables and chairs on North Lane pavement, obstructing access for public
allowed customers to queue at the front door on North Lane, ditto. No door staff monitoring
behaviour. causing obstruction and public nuisance.
groups smoking and drinking on North Lane, see above.

Noise - public nuisance

Very loud music/noise from first floor bar of these premises could be heard on Bennett Road
several time a week during evenings, also on North Lane through open windows, causing a
public nuisance

Hope this fits the bill.
