

# Equality, Diversity, Cohesion and Integration Screening

As a public authority we need to ensure that all our strategies, policies, service and functions, both current and proposed have given proper consideration to equality, diversity, cohesion and integration.

A **screening** process can help judge relevance and provides a record of both the **process** and **decision**. Screening should be a short, sharp exercise that determines relevance for all new and revised strategies, policies, services and functions.

Completed at the earliest opportunity it will help to determine:

- the relevance of proposals and decisions to equality, diversity, cohesion and integration.
- whether or not equality, diversity, cohesion and integration is being/has already been considered, and
- whether or not it is necessary to carry out an impact assessment.

**1. Title:** REQUEST APPROVAL TO TAKE UP THE FINAL 12 MONTH EXTENSION OF AN EXISTING CONTRACT FRAMEWORK (FRAMEWORK FOR ASSISTIVE TECHNOLOGY EQUIPMENT) YORE-936L45(LCC28026) USING CONTRACT PROCEDURE RULE 21.2 FOR LOT 1 AND 3 ONLY.

## 2. Please provide a brief description of what you are screening

The Leeds Community Equipment Service operates under a Section 75, Partnership Agreement between Leeds City Council and NHS. Adult Social Care are the lead organisation in the Partnership and deliver the service with Leeds Community Healthcare.

The service provides a range of equipment to meet daily living and nursing needs for disabled adults, older people and children. Equipment purchased by the Council, including that purchased through the Pooled Fund, is subject to procurement through Leeds City Council's procurement arrangements.

The framework is for the supply of Assistive Technology for Daily Living to Leeds

Community Equipment Service. The estimated contract value is approx. £814,560 per year based on 2014/15 expenditure. The framework was allocated into three “Lots”. Within the framework Lot 1 and Lot 3 was awarded for two years with the option to extend for a further two twelve month periods. Lot 2 was awarded for twelve months with the option to re-evaluate the equipment from the companies listed on the framework on an annual basis for three further twelve month periods.

NHS and the Local Authority are the commissioning partners in the Leeds Community Equipment Service Partnership Agreement under the Health Act Section 75 flexibilities. This agreement allows NHS organisations and Local Authorities to pool money they intend to spend, in this instance on the purchase of community equipment. Additionally the agreement allows one of the agencies to make all purchases from the pool on behalf of both partners. In Leeds the lead agency is the Local Authority.

The estimated value of the contract is approx. £814,560.00. The same quantities used in the existing framework will be used as a guideline for call off in this tender process.

Without the Framework agreement in place, the service would not be able to meet the demand for Assistive Technology equipment, and would have to rely on buying off contract and recycling used equipment. This would result in a waiting list for equipment and the service not being able to purchase up to date equipment particularly to meet the needs of customers with more individual and complex needs.
