

Equality, Diversity, Cohesion and Integration Screening

As a public authority we need to ensure that all our strategies, policies, service and functions, both current and proposed have given proper consideration to equality, diversity, cohesion and integration.

A **screening** process can help judge relevance and provides a record of both the **process** and **decision**. Screening should be a short, sharp exercise that determines relevance for all new and revised strategies, policies, services and functions. Completed at the earliest opportunity it will help to determine:

- the relevance of proposals and decisions to equality, diversity, cohesion and integration.
- whether or not equality, diversity, cohesion and integration is being/has already been considered, and
- whether or not it is necessary to carry out an impact assessment.

The new classroom provision which is to be provided has been designed in accordance with these requirements and procured via an existing Framework Agreement, this ensures all of the Authority's policies and objectives are acknowledged.

- **Actions**

Access to the Building

The new building has been designed to adhere to the Disability and Discrimination act; as such the building will be fully accessible and conform to building regulations. Where technically possible the building will be positioned to allow for level access at key points. Should this not be achievable a compliant ramp will be installed.
