3) U Act Da Fool

<https://www.youtube.com/watch?v=BU5B3S0CfKE>

Proenza Schouler Presents "Act da Fool," a film by Harmony Korine. Act Da Fool is shot and based in Korine's hometown in Tennessee. The images are visually arresting in the same way that Jamel Shabazz's 1980s Brooklyn street photos are beautiful. The monologue is haunting and downright poetic at times, balancing on that knife's edge between nihilism and hopefulness. No bad language or adult themes

4) U Snowballs

7) PG Cat Power --- Living Proof

<https://www.youtube.com/watch?v=---qQyWdJp1Eg>

Shooting another music video, Harmony Korine hooks up with Chan Marshall to document a major sporting event: the Cat Power singer in red latex, pinned to a cross, jumping hurdles and racing against a team of female Muslim sprinters. Whatever's going on, other than pushing buttons, remember that Marshall has referred to the communal link between religion and music in interviews, and the slo---mo running reflects the song's driven, melancholic mood. Music video, with mildly more serious themes but no bad language or violence

8) PG Blood of Havana

<https://vimeo.com/126743604>

Blood of Havana is a short film written and directed by Harmony Korine shot on a Harinezumi camera, which produces an image similar to Super 8mm. The film features one of the characters from Trash Humpers and takes place in Cuba. More serious theme but treatment suitable for age range. No bad language.

9) PG Collected Harmony (Dustin Lynn)

<https://vimeo.com/62690377>

A short Nowness produced documentary ahead of Harmony Korine's Spring Breakers release in 2014. More serious theme but treatment suitable for age range. No bad language.

10) 15 Umshini Wam

https://www.vice.com/en_uk/video/umshini---wam---1

Harmony Korine's 16---minute short brings the audience to the fringes of society where Ninja and Yo Landi of Die Antwoord star as wheelchair---bound gangsters. Residing in the outskirts of civilization, Ninja and Yo Landi play trigger---happy, gun---toting misfits who bond throughout the film by sharing cartoonishly huge joints, sticking---up business owners, and seeking refuge and shelter in the woods. It is a tale of love and the struggle for survival. Some age appropriate threat and menace, violence is cartoonish and not detailed. Activity is not glamorized.

11) 15 The Legend of Cambo

http://www.vice.com/video/harmony---korines---the---legend---of---cambo?utm_source=viceyoutube

While his parents were out working four jobs, Cambo spent his time learning how to survive in the rough backwoods of Alabama. When they went through a brutal divorce, he naturally fled to the woods to be alone. No traffic, no people, no responsibility—just pure survival. The plan was to wait out his adolescence there until he could legally live life without his parents. Themes are appropriate. Some strong language, appropriate for the age group

12) 15 Needle

<http://www.supremenewyork.com/random/needle>

Filmmaker Harmony Korine has teamed up with Supreme for "Needle". The unscripted video was shot in Cashville and follows a group of skaters as well as skate legend Mark Gonzales and magician David Blaine. No violence but mature themes in piercing of skin, it's a magic trick so no dwelling on blood appropriate for the age group.
