**Action required:**

The Employment and Skills Service has robust contract management arrangements in place. All providers are required to submit an Equality Diversity and Community Cohesion (EDCC) information as part of their contractual reporting to demonstrate that equality issues have been considered and will be embedded in the planning, delivery and review of provision. The process for reporting and monitoring equality and diversity information is clearly defined in the Adult Learning Programme provider handbook that is updated annually.

The provision is also subject to Ofsted requirements through the Common Inspection Framework which are built into the contract monitoring and quality assurance processes. This includes a key focus on equality and diversity including providing quality inclusive services, identifying and removing barriers and narrowing any gaps in learner participation and achievement.

Officers will continue to monitor equality and diversity data as part of the scheduled programme of formal contract management meetings with each provider throughout each academic year to ensure any gaps in equality or diversity that may emerge can be addressed quickly.
