

Outer East Community Committee Plan 2016/17 Priorities and Actions, Engagement Framework and Ward Profiles

These documents make up the Outer East Community Plan 2016/17. The Priorities and Actions plan sets out the local priorities to tackle poverty and reduce inequalities, whilst delivering effective and efficient services, which meet the needs of the people in the area. The Engagement Framework details how we will consult with local people to ensure they have a say in the decisions that are taken about their area. The ward profiles contribute to the plan by providing key data on deprivation and demographics.

These local plans underpin the council's citywide ambition for a strong economy and a compassionate city and contribute to the council's breakthrough projects for 2016/17, and in particular:

- tackling domestic violence and abuse;
- making Leeds the best place to grow old in;
- strong communities benefitting from a strong city;
- more jobs, better jobs; and
- early intervention and reducing health inequalities.

Outer East Community Committee Priorities and Actions 2016/17

The table below outlines the community committee priorities and actions for 2016/17. This is what the Community Committee will do based on the Locality Integrated Working Design Principles and follows an outcome based accountability methodology. The Community Committee priorities will be reviewed annually.

The Community Engagement Framework 2016/17

The engagement framework details events and projects funded and supported by the Outer East Community Committee. These engagement activities present opportunities to raise awareness of the work of the Community Committee in the locality. It also encourages a new style of collaborative working with residents, services and partners and offers an opportunity for the Outer East Community Committee to focus on a number of activities to engage residents in shaping services to meet the needs of the locality.
