## Leeds city centre

4. If you were to travel from your home to the city centre today to what extent would you agree with the following statements?

	Strongly Agree	Agree	Neither agree or disagree	Disagree	Strongly Disagree	Don't know	N/A
The city centre is pedestrian friendly.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	
Air quality in the city centre is good.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	
Car parking is easy for me to find in the city centre.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Public transport links between my area and the city centre are good.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	
Bus routes allow me to easily access the locations I need in the city centre.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	
There are too many cars in the city centre.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

## Leeds' neighbourhoods

5. Thinking about your current travel around and between Leeds' neighbourhoods, to what extent do you agree with the following statements?

	Strongly Agree	Agree	Neither agree or disagree	Disagree	Strongly Disagree	N/A
Accessing local services (e.g. shops, doctors, community centres) is more important to me than travelling to the city centre.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	
It is easy for me to use different types of transport for my local journeys.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	
Public transport reliability is a problem for me. When using public transport I worry I won't make it to my destination on time.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
I feel confident changing between different types of transport (bus, car, train) to get to my destination.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
The distance to travel when changing between bus and/or rail stops/stations is acceptable.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
I feel comfortable cycling around my local neighbourhood.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
My neighbourhood is pedestrian friendly.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	

# Looking to the future- our transport strategy

6. Transport is a fundamental component of what makes a liveable city. Thinking about our future transport strategy to what extent do you agree with the following statements?

	Strongly Agree	Agree	Neither agree or disagree	Disagree	Strongly Disagree	n/a
Transport should support the growth of our economy	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Transport should help create an attractive place where people want to live and work.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
It is important that everyone can access our transport system.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Transport should have a positive effect on people's health and wellbeing.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
It is important that transport has less impact on the environment.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

# Looking to the future - our transport strategy

7. Our city is growing – we need to provide 70,000 new homes by 2028 and we want to see growth in jobs. With increased car travel comes additional problems to solve, for example road casualties, poor air quality, noise, carbon and traffic congestion. Thinking about your experiences of travelling to or through the city centre and looking to the future, to what extent do you agree with the following statements?

	Strongly Agree	Agree	Neither agree or disagree	Disagree	Strongly Disagree	n/a
We should take away road space from cars and give priority to public transport on main routes into the city centre.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
I would use a park & ride service if it was quicker, cheaper and more convenient than parking in the city centre.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Through car traffic should be directed away from the city centre.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
More people should travel to the city centre by public transport.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
More priority should be given to creating a pedestrian and cycle friendly environment in our city centre	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
The purchase of land and property to deliver transport improvements on narrow key transport routes should be considered	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

# Looking to the future and investing in transport

8. Please rate the following statements separately on a scale of 1 to 5 (1 not important at all, 5 very important). When thinking where to prioritise spending money on new transport infrastructure across the Leeds district, the Council should focus investment on...

Main routes approaching Leeds city centre.	
Cross city journeys (including those not going through the city centre).	
Movement within the city centre.	
Local journeys in and round adjoining neighbourhoods	
Regional journeys and connecting Leeds to other cities.	

9. Please rate the following statements separately on a scale of 1 to 5 (1 not important at all, 5 very important). When thinking where to prioritise spending money on different types of new transport infrastructure across the Leeds district, the Council should focus investment on...

Schemes to reduce congestion at busy junctions.	
Schemes to improve bus journey times through changes to the road network.	
An increase in park & ride options around the city.	
Schemes to improve the capacity of, and access to, the rail network for example new stations.	
Schemes to create quality and safe pedestrian and cycling friendly areas.	
Alternative types of high quality, high capacity public transport schemes for example tram or bus rapid transit.	

Please provide any further comments on your priorities for transport investment.

# Looking to the future and investing in transport

10. Delivering new transport infrastructure takes time and costs money. With the promise of an additional £173.5m from government for public transport improvements, we need to make sure that any changes to the road, bus or rail network are safe, provide improvements to journeys and that people have a chance to have their say.

Focus our transport plan on delivering longer term improvements for future growth with a large-scale public transport project on fewer key routes.

Focus our transport plan on delivering earlier improvements in the short term across the city even if these schemes are smaller in scale.

A combination of the above approaches.

Please provide any further comments.
