

Equality, Diversity, Cohesion and Integration Screening

As a public authority we need to ensure that all our strategies, policies, service and functions, both current and proposed have given proper consideration to equality, diversity, cohesion and integration.

A **screening** process can help judge relevance and provides a record of both the **process** and **decision**. Screening should be a short, sharp exercise that determines relevance for all new and revised strategies, policies, services and functions. Completed at the earliest opportunity it will help to determine:

- the relevance of proposals and decisions to equality, diversity, cohesion and integration.
- whether or not equality, diversity, cohesion and integration is being/has already been considered, and
- whether or not it is necessary to carry out an impact assessment.

2. Please provide a brief description of what you are screening

The Report requests

The Director of Environment and Housing is requested to suspend lettings, remove from charge and demolish 10 garages at Red Hall Croft, Whinmoor. The garages are a source of anti-social behaviour and Ward Members and the local community are supportive of demolition. Site A (numbers G29 to 38) is currently being considered for development potential. If site A is subsequently rejected for development there is potential for more car parking or just being landscaped. The garages are in a serious state of disrepair and the demand for rental is not sufficient to justify renovating the garages.

(Think about: the scope of the proposal, who is likely to be affected, equality related information, gaps in information and plans to address, consultation and engagement activities (taken place or planned – see Ai below) with those likely to be affected)

Ai) Is the consultation /engagement listed on Talking Point?

Yes

No If no, please give reason

B) Key findings

(Think about: any potential positive and negative impact on different equality characteristics, potential to promote strong and positive relationships between groups, potential to bring groups/communities into increased contact with each other, perception that the proposal could benefit one group at the expense of another)
